

Notification of regular, early or partial retirement

1. 

Get informed and discuss the matter with your employer

Obtain information about the possibilities together with advantages and disadvantages of a regular, early or partial retirement. More information is available at vita.ch/retirement, alternatively you can arrange a consultation with our retirement advisors on 044 628 43 43. You can also find out here about how to close any possible retirement provision shortfalls arising in connection with a planned early retirement.

Discuss your retirement plans with your employer.

2. 

Determine the degree of your partial retirement

If you have decided on partial retirement, you may do this in one to three partial steps. With every step the workload and remuneration must be reduced by at least 20% of the full working week.

We recommend that you contact your tax authority for information regarding the tax implications of working in partial retirement.

3. 

Annuity or lump-sum?

As a rule, you will receive your retirement benefits as a monthly annuity at the end of each month. You may, however, draw all or some of the benefits as a lump sum. The pension amount at the time of retirement can be found on your pension certificate.

Please note when drawing an annuity

You can only draw your retirement benefits as an annuity if your pension plan allows annuities and the annuity is higher than 10% of the minimum AHV retirement pension.

Please note when drawing a lump-sum capital withdrawal

If you have purchased pension fund benefits in the last three years prior to retirement, you may not draw this benefit as a lump sum.

With a lump-sum capital withdrawal, all claims as well as claims from possible dependents with respect to the Collective Foundation are satisfied. If you are entering partial retirement, these claims will be deemed proportionately settled.

You require current confirmation of marital status (**no older than three months**) and the signature of your spouse or registered partner.

4. 

Please complete the form and return it to us no later than one week (three months at the earliest) before the planned retirement by email or regular mail:
