Voting Policy Rationale: The unquantified nature of the potential upside of retaining GRAIL, the continuing expense of holding GRAIL separate, the relationship between the CEO and Chairman, and questions about insufficient management accountability lead to a conclusion that the dissident has made a case that change is warranted to enhance shareholder representation in the boardroom and bolster the board's credibility. 3	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	Against	Against	Against
<i>Voting Policy Rationale: A vote AGAINST this proposal is warranted. Significant concerns are raised regarding the special, one-time stock options award made to the CEO. Specifically, the special awards do not carry performance vesting criteria, and these concerns are magnified by the size of the CEO's award, valued by the company at \$12.5 million. Moreover, although the annual LTI is primarily linked to multi-year performance goals, the proxy does not disclose forward-looking EPS targets for the performance shares granted during the year under review, which prevents investors from fully assessing goal rigor.</i>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	For	For
Voting Policy Rationale: There is some concern regarding the annual incentive award determination process, which incorporates a significant degree of discretion, and the lack of certain key disclosures, most notably threshold and maximum financial goals. However, these concerns have not contributed to a quantitative pay-for-performance misalignment for the year in review and the decrease in CEO performance year pay is directionally aligned with generally weaker company performance in FY22. Additionally, the majority of long-term incentives are based on clearly-disclosed multi-year goals, the LTI's relative TSR metric targets outperformance and performance shares are capped at target if absolute TSR is negative. On balance, a cautionary vote FOR this proposal is warranted. Continued close monitoring of the incentive determination structure and pay outcomes is warranted, particularly given the recently announced CEO transition.

2	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	Against	Against
Voting Policy Rationale: A vote AGAINST this proposal is warranted. The CEO received new-hire equity awards that represented over six times the median total pay of company-selected peer CEOs, based on the company's valuation. Given the magnitude of the awards, pay-for-performance concerns are heightened. The company relied only on time-based awards for the equity awards. Shareholders prefer for new-hire awards to predominantly consist of performance-conditioned equity and utilize a multi-year performance period with robust disclosure of goal targets. Further, the proxy does not indicate that the awards are intended to cover multiple years of pay. Additionally, a new NEO received a sizable, entirely time-based, RSU award.

9	Approve Compensation of Alexandre Bompard, Chairman and CEO	Mgmt	For	Against	Against
	<i>Voting Policy Rationale: A vote AGAINST this remuneration report is warranted because: * Under the 2022 LTI plan, the company still does not provide any target for each performance criterion. * The STI and LTI structures allow for compensatory effects between criteria that disrupt the alignment between performance and remuneration (maximum payout/vesting reached despite some criteria being not fully achieved). * As under the 2019 LTIP, the risk of compensation between criteria materialized under the 2020 LTIP where the underachievement of the relative TSR criteria was offset by the overperformance of the other three criteria.</i>

	<i>Voting Policy Rationale: A vote AGAINST this remuneration policy is warranted because: * The company does not disclose ex-ante the maximum theoretical achievement of the criteria under the bonus structure, preventing from assessing the possible compensation effects. * The performance conditions attached to the 2023 LTI plan would enable compensation effects between criteria. * Full vesting of LTI unvested awards in case of departure cannot be excluded at the departure of the executive, without remaining subject to any performance condition. * The performance structure attached to the calculation of pension rights to be accrued could reward pay for failure.</i>

<p><i>Voting Policy Rationale: A vote FOR this proposal is warranted, as the quantification of each proposed lever associated with the scope 3 categories 1, 4, and 11 is key to assess the company's underlying GHG reduction targets. However, this proposal raises several concerns: * The proposal questions the comprehensiveness and credibility of the company's climate transition strategy submitted to shareholders at the 2022 AGM, which casts doubts about the CSR committee's diligence in overseeing the company's E&S reporting effort and climate transition strategy. * The proposal's phrasing is unusual for a board-sponsored resolution, and its belated addition to this AGM agenda suggests that the board's thoroughness of this general meeting's preparation has been suboptimal. * The proposal does not set any deadline for making the information public. Considering that this information is critical, the company is expected to disclose the levers quantification as soon as practically possible.</i></p>

<i>Voting Policy Rationale: A vote FOR this remuneration report is warranted, although the following concerns are raised: * Under the 2022 LTIP, the overachievement of the relative TSR and net cash flow-based criteria over one year can offset the underperformance of other years. * The company does not provide the achievement level per year for each criterion for the 2020 LTI plan. This decrease in the granularity in the company's disclosure prevents from pointing out the risk materialization of an offset between yearly results, as verified in the 2019 LTI plan. The main result for support is the absence of any significant concern.</i>

<i>Voting Policy Rationale: A vote FOR this remuneration policy is warranted, although the following concerns are raised: * The right to acquire performance shares after the departure of the beneficiary (without prorata temporis) as CEO is maintained in case of retirement or change of function (possibly covering becoming chairman only). This is not considered a good practice and the issue is becoming more acute considering the age of the CEO. * The golden hello could represent more than the advantages lost upon leaving prior employment, for particular reasons, within the limits of the exceptional circumstances which remain undisclosed. * The exceptional remuneration is forbidden unless in the event of exceptional circumstances which remain undisclosed. The main reasons for support are: * The removal in the bonus structure of the mechanism that could trigger compensation effects between financial parameters in the event of exceptional performance. * The introduction of a clawback mechanism relative to the annual variable remuneration. * The enhanced shareholder requirements for the chair/CEO. * The absence of any other significant concern.</i>

14	Approve the Company's Sustainable Development and Energy Transition Plan	Mgmt	For	For	For
<p><i>Voting Policy Rationale: A vote FOR this item is warranted, raising however several concerns: * There is a lack of rigor of the plan, notably with regards to the 2030 worldwide objective related to Scope 3 emissions. * The absolute Scope 3 emissions reduction target (30 percent) and the absolute scope 1,2 and 3 emissions reduction target (30 percent) by 2030 both for Europe that were announced in the climate strategy in 2021 have been removed without any rationale. * The ongoing business plan to develop oil projects and the reliance on gas, still a fossil product. * The reliance on offset technology instead of emissions reduction levers. * The company's strategy is presented as likely on track to supply oil demand in a worldwide scenario with a 1.7°C temperature rise. Support is warranted as the plan contains some improvements: * The objective by 2025 of Scope 1&2 GHG emission reduction target on the Group's operated oil & gas facilities has been increased. * The objective of reduction of the life cycle carbon intensity energy products used by customers – Scope 1, 2, 3) and of the Scope 3 GHG emissions related to its customers' use of petroleum products reduction target (short-term and mid-term) have been reinforced. * The Capex forecast provides an increase in net investments relative to low-carbon energies, which should exceed investments in fossil products by 2030. * The climate risk mapping seems exhaustive and thorough and has been assessed by an independent third party.</i></p>

17	Remove Double-Voting Rights for Long-Term Registered Shareholders and Amend Article 18 of Bylaws Accordingly	Mgmt	For	For	For
<p><i>Voting Policy Rationale: A vote FOR is warranted because the amendment would prevent deviating from the one-share, one-vote principle. It should nevertheless be noted that the company will not submit this bylaw's amendment to the approval of holders of shares of double voting rights. This decision goes against common practice and past examples of removal of double-voting rights where the special meeting of holders of shares of double voting rights had been convened.</i></p>

	<i>Voting Policy Rationale: A vote FOR this item is warranted, although it is not without concern: * The CFO's opportunity under the annual bonus and LTIP is increasing sizably as a consequence of a benchmarking exercise. * Matching shares are awarded for annual cash bonuses. The main reasons for support are: * The Company has provided a compelling rationale pertaining to these increases, and the resulting opportunities do not stand out as excessive; and * Majority of variable pay remains linked to performance satisfaction, and the matching shares are deferred over a long-term period.</i>				
4.2	Approve Implementation of the Remuneration Policy	Mgmt	For	For	For
	<i>Voting Policy Rationale: A vote FOR this item is warranted, although it is not without concern: * The recently appointed CEO was granted an additional payment amounting to ZAR 1,164,000 comprising leave encashment, dividend equivalent and acting allowances payments. Such a payment without any further disclosure follows a recent trend observed at the Company; and * The CFO received a salary increase for FY2022, succeeding an above-inflationary increase granted in FY2021. The main reasons for support are: * The quantum of the additional payment is not considered to be a material concern; and * The increase to the CFO's salary is part of a wider review of their remuneration, which is supported by adequate rationale.</i>

5	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	Against	Against
Voting Policy Rationale: A vote AGAINST this proposal is warranted. Annual bonuses for most continuing NEOs were discretionary and the proxy does not disclose a meaningful cap on the CIO's sizable carried interest payments. Additionally, annual PRSUs utilize an annual performance period and one metric overlaps with a metric and performance period corresponding to a FY21 equity award. Moreover, the former CEO received a sizable discretionary equity grant which, although forfeited, raises structural concerns and reflects a repeated company practice of providing supplemental equity awards. Concerns are also raised regarding the new CEO's exceedingly large five-year front-loaded inducement equity grant. Although majority performance-conditioned, there are structural concerns identified.

Voting Policy Rationale: A vote AGAINST this proposal is warranted. Concerns regarding the magnitude and design of the proposed mega option award outweigh the considerable performance criteria upon which it is conditioned. The grant size is considered to be excessive and effectively locks in high pay opportunities for multiple years. The structure restricts the board's ability to meaningfully adjust future pay levels or incentive metrics. Lastly, investors may question the need for another sizable stock award to a CEO who owns a substantial portion of the company's stock.

	<i>Voting Policy Rationale: A vote FOR this proposal is warranted, as pay and performance are reasonably aligned at this time. Annual incentives are primarily based on financial and operational metrics, and disclosure has improved compared to the previous year. Long-term incentives are targeted to be half performance-based, with a multi-year performance period. However, the annual incentive does allow for the use of a significant degree of discretion, and concerns remain about the rigor of the ROCE improvement metric which targets merely median performance and allows partial payouts for any rank other than last in the peer group.</i>

4	Advisory Vote on Say on Pay Frequency	Mgmt	One Year	One Year	One Year
Voting Policy Rationale: A vote for the adoption of an ANNUAL say-on-pay frequency is warranted. Annual say-on-pay votes are considered a best practice as they give shareholders a regular opportunity to opine on executive pay.					
5	Rescind Scope 3 GHG Reduction Proposal	SH	Against	Against	Against
Voting Policy Rationale: A vote AGAINST this resolution is warranted as it is contrary to principles of corporate governance that encourage companies to be responsive to shareholder proposals that are supported by a large percentage of the company's shareholders who voted at the annual meeting. Moreover, the request runs contrary to guidance provided by internationally recognized organizations and frameworks, such as Intergovernmental Panel on Climate Change.					
6	Adopt Medium-Term Scope 3 GHG Reduction Target	SH	Against	For	For
Voting Policy Rationale: A vote FOR this proposal is warranted, as additional information on the company's efforts to reduce its carbon footprint and align its operations with Paris Agreement goals would allow investors to better understand how the company is managing its transition to a low carbon economy and climate change related risks.					
7	Recalculate GHG Emissions Baseline to Exclude Emissions from Material Divestitures	SH	Against	For	For
Voting Policy Rationale: A vote FOR is warranted as international organizations have provided standard setting guidance that the request of the proposal is a best practice regarding the transition to a low carbon economy. Given the unique challenges presented to business and society by the climate emergency, organizations -- particularly in high impact sectors -- should place a global perspective at the heart of its modeling and strategy.

Voting Policy Rationale: A vote FOR this proposal is warranted because adoption of this proposal should serve to further help the company to manage and potentially mitigate risks associated with plant closures or energy transition. This would also enhance and complement the company's capacity to manage related risks in the long-term, for the ultimate benefit of shareholders.					
10	Oversee and Report a Racial Equity Audit	SH	Against	For	For
Voting Policy Rationale: A vote FOR this proposal is warranted, because a racial equity audit would shareholders better evaluate the company's management of potential racial equity or human rights concerns, including from pollution or GHG emissions, that are associated with its operations.

Voting Policy Rationale: A vote AGAINST the proposal is warranted. Although a number of positive features are noted in the annual pay program, the company made a number of problematic grants to new executives amid significant executive transition. The new CEO received a large time-vested equity grant upon appointment which merely utilizes a one-year vesting period. The new CEO also received a much larger performance equity grant that, although appears to utilize rigorous performance criteria, is significant in size, contributing to the \$128 million in equity he received in FY23 (Social Advisory Services calculations). Other new NEOs also received significant new-hire awards, though these consist entirely of time-vested equity that also utilize a relatively short vesting period. These other NEOs, on top of new-hire awards, also received retention awards in FY23, to which the proxy provides no disclosure into why retention grants to newly-hired NEOs would be necessary.

2	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	For	For
	<i>Voting Policy Rationale: A vote FOR this proposal is warranted as pay and performance are reasonably aligned for the year in review. Annual incentives are entirely performance-based. In addition, half of the targeted long-term incentive award is performance-based, with half of the performance awards utilizing a multiyear performance period. However, the majority of long-term incentives for the new CEO consists of time-based options due to a promotion award, based on ISS valuation, and half of the performance-based LTI utilizes a one-year performance period.</i>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	Against	Against
<i>Voting Policy Rationale: A vote AGAINST this proposal is warranted. A lack of at-risk, performance-based pay elements under the compensation program underscores a pay-for-performance misalignment for the year under review. Specifically, the company does not have a formal annual incentive program and NEOs received only fixed cash compensation for FY22. In addition, of the two NEOs that received performance-based equity awards in FY22, only one of those awards comprised a significant portion of the executive's equity mix. Further, the new CFO received a relatively large sign-on equity grant that lacks any performance conditions. These pay decisions are particularly concerning, given that investors increasingly prefer for a meaningful portion of executive incentive pay to be tied pre-set performance goals.</i>

<i>Voting Policy Rationale: A vote AGAINST incumbent nominating committee members Joseph (Jay) Hooley, Susan Avery, Steven Kandarian and Alexander Karsner is warranted for lack of diversity on the board. A vote AGAINST CEO and Chair Darren Woods, Lead Director Joseph Hooley, and Public Issues and Contributions Committee Chair Susan Avery given the concerns raised regarding the company's management and oversight of climate-related risks. In addition, the company is not aligned with investor expectations on Net Zero by 2050 targets and commitments. Concerns are further raised with respect to Susan Avery, for partial responsiveness on a majority supported shareholder proposal. Significant risks to shareholders stemming from severe ESG controversies have been identified at the company, which reflects a failure by the board to proficiently guard against and manage material environmental, social and governance risks. * Votes AGAINST CEO/Chair Darren Woods are warranted given that the CEO and chair of the board ultimately shoulders the most responsibility amongst all board members for failing to effectively supervise the management of risks to the company and its shareholders, and should therefore be held the most accountable for poor board oversight of ESG risk exposures at the firm. 3	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	For	For
<p><i>Voting Policy Rationale: A vote FOR this proposal is warranted, with caution. CEO Woods' compensation again increased year-over-year, as the company delivered record earnings in 2022. However, concerns remain with the structure of the company's incentive plans. Award values continue to rely heavily on the committee's subjective assessment of performance, although the company provides certain considerations for executive pay decisions in the proxy. In addition, equity awards do not carry forward-looking performance vesting criteria, though awards use long time-vesting periods. Nevertheless, for the year in review, these structural concerns were mitigated by strong financial performance and the alignment between pay and performance for the year in review. However, the program's design and the potential for significant committee discretion warrant continued close monitoring, particularly should pay and performance not remain closely aligned.</i></p>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	Against	Against
Voting Policy Rationale: A vote AGAINST this proposal is warranted. Concerns are raised surrounding the new CEO's one-time awards valued by the company at over \$57 million. While half of the awards are performance based and require stock price outperformance, the remaining half is entirely time-based. Although the company discloses that these awards were designed to offset forfeited equity, it did not disclose which portion was considered make whole. In addition, NEO Dansey also received a large one-time performance option award, which, when combined with his annual and long-term awards, resulted in outsized total pay that is more than two times that of the company median peer CEO pay. In addition, concerns are raised surrounding the annual LTI for other NEOs, which is majority time based. Further concerns are identified surrounding a separation arrangement that will allow the former CEO, who was terminated without cause in May 2022, to receive certain CIC benefits if a merger closes by the end of 2023. Also problematic, the company entered into agreements with CEO Epstein and NEO Dansey that will provide excise tax gross-up payments in connection with the recently announced merger.

A vote AGAINST the incumbent chair of the committee responsible for climate risk oversight, Thomas (Tom) Horton, is warranted because the company is not aligned with investor expectations on Net Zero by 2050 targets and commitments. 2	Advisory Vote on Say on Pay Frequency	Mgmt	One Year	One Year	One Year
	<p><i>Voting Policy Rationale: A vote for the adoption of an ANNUAL say-on-pay frequency is warranted. Annual say-on-pay votes are considered a best practice as they give shareholders a regular opportunity to opine on executive pay.</i></p>				
3	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	Against	Against
	<p><i>Voting Policy Rationale: Concerns are raised with respect to high CEO pay relative to company performance compared to the company's peers and high CEO pay in relation to company peer group CEO median pay levels. In addition, the incentive program is predominantly based on objective financial criteria and annual target goals appear reasonably rigorous. However, there are significant concerns regarding equity award structure, as the LTI program utilizes solely one-year measurement periods, rather than multi-year performance periods. This concern is heightened as the company uses an overlapping metric between the short- and long-term programs, which resulted in maximum achievement for same goal under both programs. While the company provides a rationale for its pay program structure, investors generally expect a majority of long-term awards to be tied to long-term, multi-year performance goals. In light of these concerns, the quantitative pay-for-performance misalignment is not mitigated and a vote AGAINST this proposal is warranted.</i></p>				
4	Ratify Ernst & Young LLP as Auditors	Mgmt	For	For	For
	<p><i>Voting Policy Rationale: A vote FOR this item is warranted because less than one percent of the fees paid to the auditor are for non-audit purposes.</i></p>				
5	Consider Pay Disparity Between CEO and Other Employees	SH	Against	For	For
	<p><i>Voting Policy Rationale: A vote FOR this proposal is warranted for the following reasons: * Consideration of pay grades and/or salary ranges of all classification of company employees when setting target amounts for CEO compensation would serve to further eliminate excessive pay disparities; and * Excessive pay disparities could pose risks to long-term shareholder value, and impact employee morale as well as a company's standing in the communities in which it operates</i></p>				
6	Report on Human Rights Due Diligence	SH	Against	For	For
	<p><i>Voting Policy Rationale: A vote FOR this proposal is warranted, as additional information regarding the processes the company uses to identify and assess human rights impacts in its operations and supply chain would allow shareholders to better gauge how the company is managing human rights related risks.</i></p>				
7	Commission Third Party Racial Equity Audit	SH	Against	For	For
	<p><i>Voting Policy Rationale: A vote FOR this resolution is warranted, as such disclosure would allow shareholders to better assess the racial equity impacts and effectiveness of the company's policies and practices.</i></p>				
8	Report on Racial and Gender Layoff Diversity	SH	Against	Against	Against
	<p><i>Voting Policy Rationale: A vote AGAINST this proposal is warranted as the company has appropriate policies and practices to give the board visibility to the company's workforce statistics.</i></p>				
9	Amend Bylaws to Require Shareholder Approval of Certain Provisions Related to Director Nominations by Shareholders	SH	Against	Against	Against
	<p><i>Voting Policy Rationale: A vote AGAINST this proposal is warranted. The proposal language may result in a bylaw amendment that is both overly restrictive of the board's ability to amend the bylaws, and not necessarily in the interest of shareholders. Further, there does not appear to have been any problematic bylaw amendment unilaterally adopted by the board that would suggest a need to impose the restrictions sought by this proposal.</i></p>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	Against	Against
Voting Policy Rationale: Following a failed say-on-pay vote result, the company disclosed its engagement efforts with shareholders, noted shareholder feedback, and made substantive changes to the pay program. This indicates sufficient responsiveness by the compensation committee. Nevertheless, there are ongoing concerns regarding the pay structure. Though improvements were made to ensure that base salaries for co-CEOs remain at a reasonable level, salaries for other NEOs may still be exceedingly large depending on their selected allocation of payment. In addition, equity awards, which remain a significant portion of executive pay, continue to lack pre-set performance vesting criteria, and the introduction of annual bonuses only covers the co-CEOs. Finally, concerns are raised with respect to single-trigger provision in change-in-control agreements, and a lack of all the following risk-mitigating features: clawback policy, stock ownership guidelines, and stock holding requirements. In light of these concerns, a vote AGAINST this proposal is warranted.					
4	Advisory Vote on Say on Pay Frequency	Mgmt	One Year	One Year	One Year

2	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	Against	Against
	<i>Voting Policy Rationale: Following a failed say-on-pay vote last year, the committee has demonstrated only a limited degree of responsiveness by responding to a primary shareholder concern regarding one-time awards, but the committee did not make meaningful structural improvements to the regular pay program to address shareholders' secondary feedback points. It is positive that the STIP was based primarily on financial metrics and the goals utilized were reasonable, even after a mid-year goal modification. However, there are continuing pay structure concerns that underscore a pay-for-performance misalignment. Specifically, the LTIP continues to utilize one-year measurement periods for primary metrics, with significant overlap to a STI metric and goal, and the CEO's LTI awards are relatively large in the year following a mega award. In light of these concerns, a vote AGAINST this proposal is warranted.</i>

4	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	Against	Against
<p><i>Voting Policy Rationale: A vote AGAINST the proposal is warranted. A number of concerns are noted in the annual pay program for non-CEO NEOs. First, an annual bonus program was established based on ESG goals. However, pre-set goals were not disclosed, with the proxy only noting performance achievements after the fact, with the award appearing to pay out based on the committee's discretionary assessment of performance. Though the ESG bonus payout was halved at the committee's discretion due to "macroeconomic conditions," NEO base salaries were increased in FY22 and are relatively high. Further concerns are noted in the annual LTI program, which inexplicably switched to an LTI mix predominantly in time-vested equity in FY22, with no rationale for the change disclosed in the proxy. On top of that, two NEOs received equity grants with values in excess of the total median CEO pay for the company's peer group. The relative TSR target was non-rigorous and no vesting cap was disclosed if absolute TSR were to be negative over the performance period. CEO Pichai received a triennial equity grant in FY22, which, even on a per-year annualized basis, was relatively large compared to peers. Merely 60 percent of the award was in performance equity, half of which utilized a two-year performance period. Though the target goal was rigorous, in situations where an equity grant is intended to cover multiple years of equity, shareholders prefer that a significant percentage of the grant be in performance equity with a long-term performance period. Additionally, due to a combination of award structure and total magnitude, even with relative TSR performing well-below target, CEO Pichai would realize substantially more pay than a significant portion of his CEO peers, undermining a pay-for-performance philosophy.</i></p>

<p><i>Voting Policy Rationale: A vote AGAINST this proposal is warranted. 8	Report on Framework to Assess Company Lobbying Alignment with Climate Goals	SH	Against	For	For
<p><i>Voting Policy Rationale: A vote FOR this proposal is warranted, as shareholders would benefit from greater transparency of the company's framework for addressing misalignments between its climate goals and direct and indirect lobbying, and how the company would plan to mitigate any risks that might be identified.</i></p>					
9	Report on Risks Related to Fulfilling Information Requests for Enforcing Laws Criminalizing Abortion Access	SH	Against	For	For

16	Amend Bylaws to Require Shareholder Approval of Certain Provisions Related to Director Nominations by Shareholders	SH	Against	Against	Against
Voting Policy Rationale: A vote AGAINST this proposal is warranted. The proposal language may result in a bylaw amendment that is both overly restrictive of the board's ability to amend the bylaws, and not necessarily in the interest of shareholders. Further, there does not appear to have been any problematic bylaw amendment unilaterally adopted by the board that would suggest a need to impose the restrictions sought by this proposal.					
17	Adopt Share Retention Policy For Senior Executives	SH	Against	For	For
Voting Policy Rationale: A vote FOR this proposal is warranted as the more rigorous guidelines recommended by the proponent may better address concerns about creating a strong link between the interests of top executives and long-term shareholder value.

3	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	Against	Against
Voting Policy Rationale: A vote AGAINST this proposal is warranted. The committee elected to increase the pay benchmark for all executives to the 75th percentile, contributing significantly to the pay for performance misalignment identified for the year in review as the target value of the CEO's annual-cycle award more than doubled, year-over-year. The granting of significant off-cycle awards in half time-vesting equity to all executives further increased pay magnitude, while performance equity used primarily annual performance periods and set less rigorous goals for a metric shared with the annual incentive. Moreover, the committee set certain annual incentive targets lower than the prior year's performance and utilized their discretion to further increase actual payouts without a compelling rationale.

2	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	For	For
<i>Voting Policy Rationale: A vote FOR this proposal is warranted. Following the failed 2022 say-on-pay proposal, the company engaged with shareholders, disclosed their feedback in the proxy statement, and made improvements to the FY22 and FY23 pay program to address investors' concerns. In addition, pay and performance are reasonably aligned for the year in review, and the annual incentive pool is funded based on financial performance goals, while the long-term incentives are primarily performance-conditioned. Certain concerns remain related to the FY22 program, such as the CEO's annual incentive target opportunity, similar metrics in the STI and LTI plans, and annual performance periods in the LTI. However, these concerns are mitigated by a significant reduction in compensation levels, the discretionary reduction of STI payouts, the addition of a PSU payout cap for negative absolute TSR results, and a return to multi-year performance periods for the 2023 PSUs. However, shareholders should continue to monitor the pay program as the company continues to undergo pay program changes.</i>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	For	For
	<i>Voting Policy Rationale: A vote FOR this proposal is warranted. A majority of the annual incentives were tied to pre-set financial measures and equity awards were primarily performance-conditioned although a portion of the PSUs utilize annual performance periods. Nevertheless, below target payouts are in line with recent company performance, and pay and performance are reasonably aligned for the year in review.</i>

5	Amend Qualified Employee Stock Purchase Plan	Mgmt	For	For	For

Voting Policy Rationale: A vote FOR this item is warranted because only 10.80 percent of the fees paid to the auditor are for non-audit purposes.					
7	Amend Bylaws	SH	Against	Against	Against
Voting Policy Rationale: A vote AGAINST this proposal is warranted. The proposal language may result in a bylaw amendment that is both overly restrictive of the board's ability to amend the bylaws, and not necessarily in the interest of shareholders. Further, there does not appear to have been any problematic bylaw amendment unilaterally adopted by the board that would suggest that support for this proposal is warranted.					
8	Submit Severance Agreement (Change-in-Control) to Shareholder Vote	SH	Against	Against	Against
Voting Policy Rationale: A vote AGAINST this proposal is warranted. The company recently adopted a policy which limits cash severance to a reasonable basis and requires shareholder approval for agreements that contain cash severance above that limit. That policy provides adequate protections for shareholders as it pertains to potentially excessive cash severance payments. Lastly, no significant concerns are identified with respect to the company's severance arrangements nor broad-based equity award treatment.

3	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	For	For
	<i>Voting Policy Rationale: A vote FOR this proposal is warranted, with caution. There are continuing concerns surrounding goal rigor in the STI, as targets were set below the prior year's actual achievement, without a commensurate reduction in target payout opportunities. However, there are certain mitigating factors for the year in review, as the majority of the incentive program was performance based, with the LTI primarily based on multi-year goals that require growth and outperformance. Further, the STI was paid out below target and total CEO pay remained relatively low in the years following his front-loaded equity award. Shareholders should continue to closely monitor the company's STI goal setting process going forward to ensure that goal rigor issues do not create a pay-for-performance misalignment.</i>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	Against	Against
	<i>Voting Policy Rationale: A vote AGAINST this proposal is warranted. Elevated CEO pay amidst lagging long-term returns and structural concerns with respect to the short- and long-term incentive programs underscore a pay-for-performance misalignment for the year under review. Individual performance goals account for a significant portion of annual incentives and disclosure of specific targets and achievements is limited. Further, a provision under the LTI program allowing PSUs tied to relative TSR to be earned at the minimum level despite below-threshold performance has resulted in minimum level payouts for the past two closing performance cycles, despite failure to achieve threshold relative TSR. Lastly, the remainder of PSUs are based on an annually set performance target that overlaps with the STI program.</i>

	<i>Voting Policy Rationale: A vote for the adoption of an ANNUAL say-on-pay frequency is warranted. Annual say-on-pay votes are considered a best practice as they give shareholders a regular opportunity to opine on executive pay.</i>

5	Submit Severance Agreement (Change-in-Control) to Shareholder Vote	SH	Against	Against	Against
Voting Policy Rationale: A vote AGAINST this proposal is warranted. The company recently adopted a policy which limits cash severance to a reasonable basis and requires shareholder approval for agreements that contain cash severance above that limit. That policy provides adequate protections for shareholders as it pertains to potentially excessive cash severance payments. Lastly, no significant concerns are identified with respect to the company's severance arrangements nor broad-based equity award treatment.

3	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	For	For
	<i>Voting Policy Rationale: Following last year's failed say-on-pay vote, the compensation committee disclosed shareholder engagement efforts and the specific feedback received. The committee further disclosed meaningful responsive actions, including a commitment to refrain from discretionary adjustments to in-flight LTI awards, and significant reductions in the weighting of the STIP's qualitative component. Further, CEO pay and company performance are aligned at this time, and a review of incentive pay programs reveals they are largely performance-based. However, shareholders would benefit from disclosure of forward-looking target goals for long-term equity and cash awards. In light of the above factors, a vote FOR this proposal is warranted.</i>

5	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	For	For
Voting Policy Rationale: A vote FOR this proposal is warranted as pay and performance are reasonably aligned. Annual and long-term incentives are primarily based on financial performance and long-term incentives utilize multi-year performance periods. However, there is a lack of disclosure in terms of the annual and long-term incentive targets.					
6	Advisory Vote on Say on Pay Frequency	Mgmt	One Year	One Year	One Year

7	Oversee and Report on a Racial Equity Audit	SH	Against	For	For
Voting Policy Rationale: A vote FOR this proposal is warranted, as it would strengthen the company's commitment towards addressing diversity, equity, and inclusion efforts in its business operations and ventures. In addition, it would allow shareholders to better assess the effectiveness of the company's diversity initiatives and its management of related risks.					
8	Report on Climate Risk in Retirement Plan Options	SH	Against	For	For
Voting Policy Rationale: A vote FOR this resolution is warranted. While the company offers an option to employees that want to invest more responsibly, it is unclear how well employees understand the retirement plans available to them. 9	Report on GHG Emissions Reduction Targets Aligned with the Paris Agreement Goal	SH	Against	For	For
Voting Policy Rationale: A vote FOR this proposal is warranted, as additional information on the company's efforts to reduce its carbon footprint and align its operations with Paris Agreement goals would allow investors to better understand how the company is managing its transition to a low carbon economy and climate change-related risks.					
10	Report on Congruency of Political Spending with Company Values and Priorities	SH	Against	For	For
Voting Policy Rationale: A vote FOR this proposal is warranted, as a report on the company's congruence of political expenditures with stated values would enable shareholders to have a more comprehensive understanding of how the company oversees and manages risks related to its political partnerships.

7	Advisory Vote on Remuneration Report	Mgmt	For	Against	Against
Voting Policy Rationale: A vote AGAINST this item is warranted due to a lack of information about the extraordinary award to the CFO (i.e. metrics and parameters), the questions raised about the Repeated Performance Incentive, and because the board has not addressed concerns reflected by significant dissent to the company's previous remuneration reports and the remuneration policy submitted in 2022. It is also noted the lag of disclosure about the variable cash awards, the lack of disclosure about the STI targets, and that none of the variable pay schemes measure performance over a long-term period.					
8	Approve Remuneration Policy	Mgmt	For	Against	Against
Voting Policy Rationale: A vote AGAINST this item is warranted because the proposed amendments do not significantly change the policy while last year there was a dissident vote of 25.9 percent to the remuneration policy. The policy in general maintains material shortcomings such as uncapped spot and extraordinary bonuses, the latter left to the board discretion. It is also noted that exit payments appear to be high for the Greek market standards, while the long-term plans are not purely long-term oriented in practice.

The proposed cash bonus for the rest of the beneficiaries remains unchanged.

Moreover, the company does not explain how the high 2022 dissident on the remuneration report was taken into consideration.					
13	Approve Remuneration Policy	Mgmt	For	Against	Against
Voting Policy Rationale: A vote AGAINST this item is warranted because: * The proposed policy amendments do not improve the existing remuneration policy. * The policy maintains significant shortcomings like NED participation in variable remuneration and lack of transparency regarding the profit-sharing scheme. * A director who is considered executive sits on the remuneration committee.

Voting Policy Rationale: Votes FOR the proposed amendments are warranted because the proposed amendments are non-contentious.					
23	Amend Remuneration Policy	Mgmt	For	Against	Against
Voting Policy Rationale: A vote AGAINST is warranted, as the proposed resolution does not address the major concerns present in the current version of the remuneration policy, namely: * There is insufficient disclosure of the metrics under the STIP; * The supervisory board is granted excessive discretionary powers; * The derogation clause is too broad and general in nature. However, it should be noted that there are no concerns regarding the amendment proposed under the proposal.					
24	Approve Remuneration Report	Mgmt	For	Against	Against
Voting Policy Rationale: A vote AGAINST is warranted because: * The STIP lacks specific performance indicators, thresholds, targets, as well as levels of achievement for variable remuneration payout; * The supervisory board is vested with discretionary power to set levels and grant variable remuneration components to the management board members.

3	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	Against	Against
Voting Policy Rationale: A vote AGAINST this proposal is warranted. The compensation committee demonstrated poor responsiveness to low support for last year's say-on-pay proposal. Concerns are raised by the magnitude of pay for all non-CEO NEOs, who each received greater total compensation than both the CEO and the company's peer median CEO due to significant off-cycle equity grants, as well as by the predominantly time-vesting nature of FY22 equity awards. The CEO also continues to receive an entirely time-vesting long-term incentive of significant value, resulting in multiple executives paid at the level of a CEO for whom the majority of their compensation is fixed.

Voting Policy Rationale: A vote FOR these proposals is warranted, with caution. Although the company is seeking the authority to issue shares up to 33 percent of issued share capital in Item 5, it appears this will be meaningfully constrained by the 5 percent limit on issuances without preemptive rights, and the company has no history of rights issues.

	Voting Policy Rationale: A vote AGAINST this proposal is warranted. Sarah Nash, who served as Executive Chair and Interim CEO during 2022 received a significant stock award that raises concerns. While the company provides a clear rationale for the award and why it was entirely time-based, the overall magnitude of the grant is of particular concern. Specifically, it resulted in her total pay being more than double total pay of the company's peer median CEO pay, which can be costly to shareholders in terms of overall compensation expense.

3	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	Against	Against
Voting Policy Rationale: A vote AGAINST the proposal is warranted. After a mid-year review, the compensation committee gave substantial base salary increases to each non-CEO NEO, significantly exceeding base salaries for peer CEOs. In addition to not granting an annual bonus, no portion of the LTI program utilizes pre-set performance criteria either, with equity vesting solely along the passage of time. One NEO also received a substantial sign-on award, with a value multiple times larger than the total median peer CEO pay. In addition, concerns are raised with respect to high CEO pay relative to company performance compared to the company's peers and high CEO pay in relation to company peer group CEO median pay levels.

1e	Elect Director Joseph W. Farrelly	Mgmt	For	Against	Against
Voting Policy Rationale: A vote AGAINST incumbent nominating committee members Steven Stull, Archie Jones Jr. and Hala Modellmog is warranted for lack of diversity on the board. A vote AGAINST compensation committee members Thomas Hagerty, Joseph Farrelly, Hala Modellmog, and Steven Stull is further warranted, given the committee's poor responsiveness to last year's failed say-on-pay vote result. A vote FOR the remaining director nominees is warranted at this time.

Voting Policy Rationale: A vote FOR this item is warranted because only 10.39 percent of the fees paid to the auditor are for non-audit purposes.					
3	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	Against	Against
Voting Policy Rationale: A vote AGAINST this proposal is warranted. The committee demonstrated poor responsiveness to last year's failed say-on-pay vote result, which marked the fourth failed vote result in six years. Further, an unmitigated pay-for-performance misalignment exists for the year in review. The STI and LTI lack disclosure of several quantified target goals, and a significant portion of the STI for non-CEO NEOs is based on somewhat vague and/or qualitative goals. Additionally, while the CEO did not receive equity awards following a front-loaded grant in 2021, other NEOs received majority time-vesting equity after accounting for additional time-vesting stock option awards. Lastly, performance equity utilizes an annual performance period and one LTI metric and performance period overlaps with the STI program.

Voting Policy Rationale: A vote for the adoption of an ANNUAL say-on-pay frequency is warranted. Annual say-on-pay votes are considered a best practice as they give shareholders a regular opportunity to opine on executive pay.					
5	Reduce Ownership Threshold for Shareholders to Call Special Meeting	SH	Against	For	For
Voting Policy Rationale: A vote FOR this proposal is warranted as the proposed 10 percent ownership threshold for shareholders to call a special meeting would enhance shareholders' ability to make use of the right, and the likelihood of abuse of the right is small.

2	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	Against	Against
	<i>Voting Policy Rationale: A vote AGAINST the proposal is warranted. The annual bonus program was based entirely on a financial metric, though a concern is noted regarding the relatively high base salary and target bonus opportunity for the CEO. Though the LTI grant was entirely in performance equity, the metric was identical to the STI, including the performance period, though this concern is partially mitigated by the relatively reasonable grant value. Of significant concern, however, are the awards made in recognition of entering into new employment agreements with the company by the CEO and one NEO, who each received a discretionary cash bonus of \$6 million. On top of that, each received a large one-time equity grant with a value multiple times larger than the total CEO pay for the company's peer group. A large portion of each grant is time-based and the proxy lacks clear disclosure regarding the rationale for the size of the awards and other details necessary to assess them. Additionally, stock price goals do not require sustained performance above the target in order to vest, allowing the award to vest for any 60 nonconsecutive days the closing price exceeds the target over a five-and-a-half year period. The current structure could reward these executives for short-term or merely temporary increases in stock price. In addition, the company has not disclosed any short-and long-term E&S performance incentives and the company has not disclosed any risk mitigators.</i>

1	Approve Remuneration and Other Terms of Appointment of Ajay Bijli as Managing Director	Mgmt	For	For	For
Voting Policy Rationale: VOTE RECOMMENDATION A vote FOR these resolutions is warranted although it is not without concerns: * The board independence norms are not met (after Social Advisory Services reclassification) and the executives are non-independent director nominees. Also, Ajay Bijli, being an Executive Director, serves as a member of the audit committee. * As per the proposed remuneration structure, the variable pay is not linked with company's net profits and the exact performance targets to determine variable pay of the executives is not disclosed. * There is lack of sufficient justification for the proposed minimum remuneration of the executives, in the event of loss or inadequacy of profits. Main reasons for support are: * Given that the executives are the company's co-founders and further, Ajay Bijli (Item 1) is the company's Managing Director, removing them from the board would likely have a material negative impact on shareholder value. * Although the exact performance targets to determine the variable pay have not been disclosed, however, the parameters to determine the same, have been disclosed to align pay with performance. * No concerns have been identified with the overall quantum of estimated remuneration, which is deemed reasonable and commensurate with market peers of similar scale and operations.

Voting Policy Rationale: A vote FOR this resolution is warranted, though it is not without concerns: * Only limited ex-post disclosures are provided to explain performance achievements underlying variable payouts, especially for non-financial metrics under the STI. * Under the LTI, the ROCE target is not disclosed, while partial vesting is possible for below peer median performance levels against the relative TSR target. * The compensation report does not directly address shareholder dissent on the prior vote. The main reasons for support are: * The company's compensation practices are broadly in line with market practice. * There are no significant concerns regarding outcomes in the past year.

8.5	Approve Virtual-Only or Hybrid Shareholder Meetings	Mgmt	For	For	For
Voting Policy Rationale: A vote FOR this resolution is warranted, though it is not without concerns: * It would allow for virtual-only shareholder meetings on a permanent basis and the company does not elaborate on the circumstances under which virtual-only meetings would be held. The main reasons for support are: * The company is holding an in-person AGM this year and clarifies that it does not currently intend to hold virtual-only meetings, but is rather seeking the necessary legal basis in its articles. * If virtual-only meetings would be held, shareholders' participation rights would be protected (in line with Swiss law).					
9	Transact Other Business (Voting)	Mgmt	For	Against	Against
Voting Policy Rationale: A vote AGAINST is warranted because: * This item concerns additional instructions from the shareholder to the proxy in case new voting items or counterproposals are introduced at the meeting by shareholders or the board of directors; and * The content of these new items or counterproposals is not known at this time. Therefore, it is in shareholders' best interest to vote against this item on a precautionary basis.

	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	Against	Against
<i>Voting Policy Rationale: A vote AGAINST the proposal is warranted. A quantitative pay-for-performance misalignment has been identified for the year in review, and sufficient mitigating factors have not been identified. The increase in total CEO pay is primarily driven by a special, one-time equity award granted to the CEO. While it is positive that the CEO's one-time equity award is entirely performance-based, there is concern identified with respect to the relatively short sustainment period, particularly for a large, one-time award. Specifically, the stock price performance-vesting condition is based on exceeding certain share price hurdles for 20 consecutive days, without requiring long-term sustained stock price appreciation through the end of the performance period. Moreover, the company's off-cycle grant frequency raises concerns, as the CEO previously received an off-cycle award in August 2020. Additional concerns were identified, as a portion of PSUs vest based on annually set adjusted EBITDA goals. While the results are averaged at the end of the three-year performance period, the use of annually-set goals with an annual measurement under the LTI raises concerns. These concerns are magnified as it overlaps with the same metric, target and performance period under the STI program. Further, the relative TSR metric is not particularly rigorous, given that it targets merely median performance. Finally, the CEO continues to receive a relatively high base salary, which has an augmenting effect on incentive opportunities targeted as a percentage of salary.</i>

2	Approve Remuneration Report	Mgmt	For	For	For
<i>Voting Policy Rationale: A vote FOR this item is warranted, although not without concerns: * There is scope for improved disclosures on personal bonus targets. * At the time of the 2020 grant, the Company had experienced a steep fall in its share price due to a market-wide decline in share price due to Covid-19. Given that the recovery in the Company's share price to pre covid levels by the end of the performance period ended 31 December 2022, questions can be raised on the appropriateness of the 2020 LTIP vesting outcome in the context of 'windfall gains'. * The new CFO's base salary is set at GBP 540,000, representing a c. 17% premium to that of his predecessor. The main reasons for support are: * No material concerns have been identified in respect of the alignment of pay and performance. * The Company had taken steps to mitigate the risk of a windfall gain when the 2020 LTIP grant was made. * The new CFO's salary quantum is not considered out of line with market peers.</i>

Voting Policy Rationale: A WITHHOLD vote on the election of Bernido H. Liu (Item 2.1), Artemio V. Panganiban Jr. (Item 2.2), and Bernadine T. Siy (Item 2.3) is warranted because they serve on the audit committee and the company does not put an auditor resolution for shareholders' approval at the AGM. The absence of an auditor resolution at the AGM significantly reduces the accountability of auditors to shareholders and their say on audit issues. A WITHHOLD vote on the election of the following nominees is warranted as they are non-independent directors on a board whose composition is not compliant with the requirement of the Securities and Exchange Commission's Code of Corporate Governance regarding independent representation: * Manuel L. Argel, Jr. (Item 2.4); * Marilyn A. Victorio-Aquino (Item 2.5); * Helen Y. Dee (Item 2.6); * Ray C. Espinosa (Item 2.7); * James L. Go (Item 2.8); * Kazuyuki Kozu (Item 2.9); * Manuel V. Pangilinan (Item 2.10) is warranted due to overboarding concerns. Moreover, due to the company's non-disclosure of the director' attendance for the board and committee meetings held during the year, a WITHHOLD vote on the election of all directors (other than CEO Alfredo S. Panlilio) is warranted. Given that CEO Alfredo Panlilio (Item 2.11) is integral to the company, a vote FOR his reelection is warranted. Shareholders should note of the issues and concerns relating to the company's Capex Investments and the class action lawsuits filed against the company in the United States. Shareholders may seek to engage with the company in relation to this concern.

2.12	Elect Naoki Wakai as Director	Mgmt	For	Withhold	Withhold
<i>Voting Policy Rationale: A WITHHOLD vote on the election of Bernido H. Liu (Item 2.1), Artemio V. Panganiban Jr. (Item 2.2), and Bernadine T. Siy (Item 2.3) is warranted because they serve on the audit committee and the company does not put an auditor resolution for shareholders' approval at the AGM. The absence of an auditor resolution at the AGM significantly reduces the accountability of auditors to shareholders and their say on audit issues. A WITHHOLD vote on the election of the following nominees is warranted as they are non-independent directors on a board whose composition is not compliant with the requirement of the Securities and Exchange Commission's Code of Corporate Governance regarding independent representation: * Manuel L. Argel, Jr. (Item 2.4); * Marilyn A. Victorio-Aquino (Item 2.5); * Helen Y. Dee (Item 2.6); * Ray C. Espinosa (Item 2.7); * James L. Go (Item 2.8); * Kazuyuki Kozu (Item 2.9); * Manuel V. Pangilinan (Item 2.10); * Naoki Wakai (Item 2.12); and * Marife B. Zamora (Item 2.13). A WITHHOLD vote on the election of Artemio Panganiban, Jr. (Item 2.2), James L. Go (Item 2.8), and Manuel V. Pangilinan (Item 2.10) is warranted due to overboarding concerns. Moreover, due to the company's non-disclosure of the director' attendance for the board and committee meetings held during the year, a WITHHOLD vote on the election of all directors (other than CEO Alfredo S. Panlilio) is warranted. Given that CEO Alfredo Panlilio (Item 2.11) is integral to the company, a vote FOR his reelection is warranted. Shareholders should note of the issues and concerns relating to the company's Capex Investments and the class action lawsuits filed against the company in the United States. Shareholders may seek to engage with the company in relation to this concern.</i>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	Against	Against
Voting Policy Rationale: A vote AGAINST the proposal is warranted. Although the company implemented a performance equity program that utilizes rigorous goals, a significantly positive development, other concerns remain. The new triennial grant structure locks certain concerning features into the pay program until the next grant, which include a relatively low percentage of the grant that was in performance equity (for a front-loaded grant) and the award only utilizing annualized performance periods. In addition, the grant value, even when annualized, is relatively large. NEO base salaries were also relatively high, and one NEO received a large sign-on award that lacked performance-conditioned equity. In addition, concerns are raised with respect to high CEO pay relative to company performance compared to the company's peers and high CEO pay in relation to company peer group CEO median pay levels.

A vote AGAINST the incumbent chair of the committee responsible for climate risk oversight, Kelly Ayotte, is warranted because the company is not aligned with investor expectations on Net Zero by 2050 targets and commitments. A vote FOR the remaining director nominees is warranted at this time.</i>

	<i>Voting Policy Rationale: A vote FOR this proposal is warranted. While the company has improved its disclosure on its political activities, gaps remain regarding how the company assesses its trade association partners' lobbying activities vis-à-vis Paris Agreement goals and steps it would take when significant misalignment is found. This information could help reduce the risk of the company supporting organizations at cross purposes to its goals and values.</i>

<i>Voting Policy Rationale: A vote FOR the remuneration report is warranted because the company's remuneration practices and disclosures are in line with, and exceed in many respects, market practice and pay and performance appear reasonably aligned at this time. However, it is not without concern: * One former executive received premature LTI payments (per applicable policy), whereby shortened performance periods were applied.</i>					
9.1	Elect Richard Ridinger to the Supervisory Board	Mgmt	For	Against	Against
<i>Voting Policy Rationale: Because shareholder counterproposals are filed against a management proposal, they are not separate voting items, and do not typically appear on the ballot. At the meeting, shareholders first vote on the management proposal. The meeting then proceeds to a vote on the counterproposal(s) only if the management proposal has been rejected. Since a shareholder vote on the counterproposals to Items 9.1 and 9.2 is contingent on the outcome of the vote on the management proposal, we recommend that shareholders vote AGAINST Items 9.1 and 9.2, and FOR the countermotions (if they choose to attend or send a representative to the meeting) to these items. Specifically: Votes AGAINST the management nominees, Richard Ridinger and Sujatha Chandrasekaran, and FOR the counterproposals to nominate dissidents Geoff Wild and Joanna Dziubak, are warranted because: * There seems to be no evidence that the company's dual-business strategy is conferring any advantage, as the company has underperformed most relevant peers. * The company's key announcements this year, terminating the Univar discussions and implementing a share buyback, seem reactive to shareholder pressure. * Though shareholders do not need to decide which strategic path is better at this point, there are sufficient concerns regarding strategic direction and execution to warrant reinforcing the board with directors with capital allocation and executive experience. * Wild, with an academic background in chemistry, CEO level experience, and industry knowledge, would be a qualified replacement for Ridinger, while Dziubak's financial expertise would seem more critical to the board's present needs than Chandrasekaran's technology skillset.</i>

10.1	Approve Virtual-Only Shareholder Meetings Until 2025	Mgmt	For	For	For
<i>Voting Policy Rationale: A vote FOR the proposed article amendment is warranted because: * The authorization is limited to a period of two years and alternative meeting formats are not precluded, while shareholders' participation rights would be protected (in line with German law). However, this proposal is not without concern: * The company does not elaborate on the circumstances under which virtual-only meetings would be held; rather, decisions will be made on a case-by-case basis.</i>

11	Voting Instructions for Motions or Nominations by Shareholders that are not Made Accessible Before the AGM and that are Made or Amended in the Course of the AGM	Mgmt	None	Against	Against

Thus, shareholder proposals filed at the AGM cannot be properly evaluated and acted upon by shareholders voting via proxy, which effectively disenfranchises them.
