The main reasons to support are: * The compensation effect between the two components of the bonus is a theoretical risk. It is brought by the complex composition of Menegaux's remuneration, due to the legal form of the company, between the statutory remuneration in profit shares and the allocation of a bonus with performance criteria attached. * The absence of any other significant concern.</i>

Voting Policy Rationale: A vote FOR this item is warranted, although it is not without concern: * The DSP award granted to the CEO is of significant size, and may not appear to be in lockstep with Company performance and shareholder experience for the year under review. The main reasons for support are: * The performance conditions are aligned to the Company's broader strategy and previous guidance, where clear progress has been made; * The level of disclosure provided under the DSP generally reflects best market practice and the basis of the outcomes are clear; and * No other overriding concerns have been identified.

Voting Policy Rationale: A vote AGAINST the proposed article amendments is warranted because: * The proposed amendments would allow for virtual-only shareholder meetings on a permanent basis and there is no explanation of the circumstances under which virtual-only meetings would be held. * The ownership threshold for shareholders to submit agenda items will increase from currently 0.29 percent of the share capital to 0.5 percent of the share capital. * Although the ownership threshold for requesting that an EGM be convened will remain unchanged, the board would now be required to comply with the request within 60 days instead of 30 days. * The company has bundled a set of amendments that could have been submitted for shareholder approval under separate resolutions, presenting shareholders with an all-or-nothing choice.

Voting Policy Rationale: A vote AGAINST all current members of the board is warranted as a signal to the board that stronger independent oversight and board management of climate risks at the company are necessary. Additionally, the company is not aligned with investor expectations on Net Zero by 2050 targets and commitments. A vote AGAINST nominating committee members Robert Niblock, Jody Freeman, Gay Huey Evans, Jeffrey Joerres and David Seaton is also warranted for lack of diversity on the board. Further concern regarding Robert Niblock is highlighted given that the board has not demonstrated full responsiveness to a majority supported shareholder proposal. 6	Approve Remuneration Report	Mgmt	For	Against	Against
Voting Policy Rationale: A vote AGAINST the remuneration report is warranted because: * Former CEO Carla Kriwet resigned after two months "at her own request" but was awarded EUR 3.2 million in total payments (including fixed, variable, and severance payments) in fiscal year 2022. Kriwet is also entitled to use her company car until Dec. 5, 2024. Further, another EUR 1.8 million in compensation for a two-year non-competition agreement was granted. * These payments are further concerning considering that the board failed to provide a compelling justification and background for the rapid CEO change. * Additional concerns are raised that Kriwet was awarded a sign-on bonus of EUR 100,000. Such discretionary payments are not aligned with market best practice.					
7	Approve Virtual-Only Shareholder Meetings Until 2025	Mgmt	For	For	For
Voting Policy Rationale: A vote FOR the proposed article amendment is warranted because: * The authorization is limited to a period of two years and alternative meeting formats are not precluded, while shareholders' participation rights would be protected (in line with German law). However, this proposal is not without concern as the company does not elaborate on the circumstances under which virtual-only meetings would be held; rather, decisions will be made on a case-by-case basis.

2	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	For	For
	<p><i>Voting Policy Rationale: Following last year's failed say-on-pay vote result, the committee demonstrated adequate responsiveness by disclosing engagement efforts, transparent shareholder feedback, and making positive pay program commitments and changes that addressed shareholders' primary concerns, most notably by committing to not grant any future special awards to the CEO or president. The process for determining cash bonuses remains heavily based on committee discretion and the proxy lacks certain key disclosures which inhibit a fully-informed assessment of pay and performance. While these issues warrant continued monitoring, there are mitigating factors identified. Most notably, the application of discretion has not contributed to a quantitative pay-for-performance misalignment. Additionally, most key financial metrics highlighted were consistent year-over-year (although continued monitoring of selective metric highlighting is warranted). Further, the large majority of CEO performance year pay, and the entirety of equity awards, consists of performance-conditioned equity that vests based on clearly disclosed multi-year goals and includes a relative metric which targets outperformance. Shareholders may additionally consider incremental improvements in disclosure and structure, including a new cap on the proportion of the CEO's total incentive that can be paid in cash form. On balance of these factors, a cautionary vote FOR this proposal is warranted.</i></p>				
3	Advisory Vote on Say on Pay Frequency	Mgmt	One Year	One Year	One Year
	<p><i>Voting Policy Rationale: A vote for the adoption of an ANNUAL say-on-pay frequency is warranted. Annual say-on-pay votes are considered a best practice as they give shareholders a regular opportunity to opine on executive pay.</i></p>

<p><i>Voting Policy Rationale: A vote AGAINST incumbent Nominating Committee member Robyn Denholm is warranted for lack of diversity on the board. A vote AGAINST new nominee and former executive JB Straubel given independence concerns as well as potential conflicts of interest and inadequate oversight. A vote AGAINST Audit Committee Chair Robyn Denholm is further warranted given concerns on the risk oversight function of the board, in light of the pledging of a significant amount of the company's stock by certain directors and executives. Significant risks to shareholders stemming from severe ESG controversies have been identified at the company, which reflects a failure by the board to proficiently guard against and manage material environmental, social and governance risks. * A vote AGAINST board chair Robyn Denholm is also warranted given that the chair of the board ultimately shoulders the most responsibility amongst all board members for failing to effectively supervise the management of risks to the company and its shareholders, and should therefore be held the most accountable for poor board oversight of ESG risk exposures at the firm. A vote FOR the remaining directors is warranted at this time.</i></p>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	For	For
	<i>Voting Policy Rationale: A vote FOR this proposal is warranted as CEO pay and company performance are reasonably aligned at this time. Following the prior year's relatively low say-on-pay support, the board addressed the chief concern – the largely discretionary annual incentive program – by returning to a formulaic STI plan in 2023 that is largely tied to full-year, pre-set objective measures. Moreover, the committee confirmed that it would not grant special awards in the future unless there are compelling circumstances to do so, and if so, that such awards would utilize a performance component (except new hire awards). Although concerns remain given that the relative TSR measures merely target median performance, and that disclosing the remaining target goals prospectively would enhance transparency under the LTI plan, the vast majority of the CEO's LTI awards are performance-conditioned tied to multi-year goals.</i>

	<i>Voting Policy Rationale: A vote AGAINST this proposal is warranted due to the following concerns: * High CEO pay relative to company performance compared to the company's peers; * High CEO pay in relation to company peer group CEO median pay levels; and * A majority of equity awards to the CEO are not tied to performance-contingent pay elements. Additionally, continued monitoring is warranted regarding some concern on the total incentive award determination process, as the scorecard contains certain features that add complexity for investors attempting to assess the pay-for-performance linkage. Additionally, the target goal for one metric is only described in vague terms and individual metrics appear to receive guaranteed minimum scores regardless of the level of performance achievement.</i>

6	Approve Remuneration Report	Mgmt	For	For	For
	<i>Voting Policy Rationale: A vote FOR this resolution is warranted because: * The remuneration report is broadly in line with market practice and no further problematic pay practices have been identified. Moreover, we note that the retrospective disclosure on the LTI scheme is comprehensive and contributes to an understanding of how payouts relate to performance, including the rigor of future target setting. However, this is not without some level of concern because: * The continued relatively high-level of pension contributions (particularly if compared against average contributions made for employees) is not in line with market best practice. * The multitude of KPIs used under the STI. Although we note the improvement in disclosure compared to last year, the assessment remains descriptive without full disclosure on target setting and according achievement. * We also note the short-term nature of the LTI plan as performance is measured based on three one-year periods with the most recent year outweighing other years.</i>

Voting Policy Rationale: A vote FOR this proposal is warranted. The compensation committee demonstrated sufficient responsiveness after last year's failed say-on-pay vote, making several positive changes to the incentive programs and improving certain disclosures in the proxy. Additionally, pay and performance are reasonably aligned for the year under review. Some concern exists that a portion of the PSUs continue to utilize a one-year performance period. However, the positive changes to the PSUs for FY23 strengthen the overall pay-for-performance alignment of the program.

11	Approve Remuneration Policy of Chairman and CEO	Mgmt	For	Against	Against
<i>Voting Policy Rationale: A vote AGAINST the remuneration policy applicable to the chairman/CEO (Item 11) is warranted because: * The significant increase of his remuneration is not justified by a convincing rationale; * The performance conditions attached to his termination payment could lead to a pay for failure situation; * His non-compete agreement is irreducible; * The post mandate LTIP is left to the Board's discretion; and * The presence condition attached to the LTIP is automatically fulfilled upon the executives' retirement. A vote FOR the remuneration policy applicable to the Vice-CEO is warranted (Item 12), although the following concerns are raised: * The Vice-CEO's employment contract has not been canceled (only suspended); * Part of his termination agreement is contractual and without performance conditions; * The performance conditions attached to the other part of his termination payment could lead to a pay for failure situation; * The post mandate LTIP is left to the Board's discretion; and * The presence condition attached to the LTIP is automatically fulfilled upon the executives' retirement. The main reason for support is: * If rejected, the company would revert to the previously voted policy that contains the same issues as above.</i>

Voting Policy Rationale: A vote FOR this item is warranted because only 1.41 percent of the fees paid to the auditor are for non-audit purposes.					
3	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	For	For
Voting Policy Rationale: A vote FOR this proposal is warranted. Following the prior year's relatively low say-on-pay vote and subsequent engagement with shareholders, the company entered into a new letter agreement with CEO Plant that will align his annual cash and equity awards to the schedule of other NEOs starting in FY23 and removes an entitlement to excessive change-in-control severance payments. Additionally, beginning in 2023 the company will revert performance-based equity grants to be measured over a three-year period rather than the average of three one-year periods. While these changes are reflective of shareholder feedback, Plant's letter agreement also continues to provide sizeable incentive award opportunities. Continued monitoring of pay outcomes is warranted.

Voting Policy Rationale: A vote for the adoption of an ANNUAL say-on-pay frequency is warranted. Annual say-on-pay votes are considered a best practice as they give shareholders a regular opportunity to opine on executive pay.

3	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	Against	Against
Voting Policy Rationale: A vote AGAINST this proposal is warranted. A pay-for-performance misalignment is driven by the value of the CEO's "outperformance" equity award, which the company grants periodically, and which is supplemental to his regular annual LTI awards. Although the award is based on multi-year TSR goals, a "lock-in" feature allows at least a portion of the award to be earned at two different measurement dates, reducing the rigor of the award. Moreover, the FY22 outperformance award was granted one day after the end of the measurement period for his FY19 outperformance award, raising concerns over the use of frequent non-annual equity awards to boost pay opportunities.

6	Submit Severance Agreement (Change-in-Control) to Shareholder Vote	SH	Against	Against	Against
Voting Policy Rationale: A vote AGAINST this proposal is warranted. The company recently adopted a policy which limits cash severance to a reasonable basis and requires shareholder approval for agreements that contain cash severance above that limit. That policy provides adequate protections for shareholders as it pertains to potentially excessive cash severance payments. Lastly, no significant concerns are identified with respect to the company's severance arrangements nor broad-based equity award treatment.

2	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	For	For
Voting Policy Rationale: A vote FOR this proposal is warranted, with caution. The committee was sufficiently responsive to last year's failed say-on-pay vote, incorporating shareholder feedback into redesigning both the annual and long-term incentive programs. Further, CEO pay for the year in review declined significantly and the new annual bonus program incorporated clearly disclosed financial metrics. However, given expected high pay opportunities for FY23 in the first year of the new equity program, investors are advised to closely monitor pay levels and performance going into next year.

	<i>Voting Policy Rationale: A vote FOR this proposal is warranted, with caution. There remains some concern regarding the incentive determination process which, although guided by performance assessments and target opportunities, is ultimately discretionarily determined. Further, the proxy lacks certain key disclosures, such as individual metric weightings and quantified, pre-set target goals. While this issue warrants continued close monitoring, there are mitigating factors. Most notably, pay and performance are reasonably aligned for the year in review. Additionally, key financial metrics considered were generally consistent with the prior year, and the majority of long-term incentives are based on clearly disclosed multi-year goals. Lastly, while certain goals underlying PRSUs granted in 2022 were adjusted after grant, the committee provides a reasonable rationale for this decision.</i>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	For	For
<p><i>Voting Policy Rationale: A vote FOR this proposal is warranted. The STI structure raises some concern, as the committee retains a significant degree of discretion to adjust payouts from the formulaic funding percentage. However, for the year in review, the committee discretionarily reduced the funding level from the formulaic determination, and the CEO's award was paid out at the funding level, consistent with long-standing practice. Additionally, the company targets half of LTIs as performance equity, with clearly disclosed forward-looking goals and a relative TSR metric that targets out performance. Continued monitoring of STI payout determinations is warranted, given the extent to which discretion has the potential to influence payouts.</i></p>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	For	For
	<i>Voting Policy Rationale: A vote FOR this proposal is warranted, with caution. There continue to be concerns over the degree to which subjective assessments factor into the annual incentive, which also lacks fulsome disclosure. In addition, only 25 percent of the CEO's total performance year equity awards utilize multi-year performance conditions and the goals are not disclosed. However, these issues have not resulted in a quantitative pay-for-performance misalignment for the year in review. Moreover, the above target annual incentive payout was aligned with improved financial performance and half of performance year equity is subject to performance conditions. Shareholders should continue to closely monitor these design and disclosure issues. Should a quantitative misalignment be identified moving forward, additional scrutiny may be warranted.</i>

<i>Voting Policy Rationale: A vote FOR this item is considered warranted, but is not without concern for shareholders: * Gains that materialised from the vesting of the EPSP awards granted in 2020 are not accompanied by share price outperformance of peer groups, raising concerns on alignment to shareholder experience and so-called 'windfall gains'. The main reasons for support are: * The Compensation Committee has addressed the matter in their report, highlighting the delay of award grant from March to November 2020; * The targets attached to the awards in question are considered more robust than the preceding year's targets; * The Directors' base salaries were partly reduced in 2020; and * There is no material disconnect between the awards vested and Company performance during the year under review.</i>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	For	For
Voting Policy Rationale: A vote FOR this proposal is warranted although some concerns are noted. The increase in the CEO's incentives were largely due to the transition from end-to-end to overlapping cycles which will end after the FY21-FY23 cycle. In addition, the company targets above median benchmarking for the CEO's total compensation; however, this does not appear to cause a pay-for-performance misalignment at this time. In addition, annual incentives are primarily based on pre-set financial goals, and a majority of the long-term incentives were performance-based and measured over a multi-year performance period.

Previously, the limit stood at 150% for the CEO and CFO, and at 175% for other EDs. The main reasons for support: * The new maximum opportunity may only be applied to new recruits. * The new level would not be the default for any new recruit but should ensure sufficient headroom to recruit the best candidate. * The overall resulting pay package does not stand out as excessive among peers. * A 200% of salary bonus opportunity is not out of line with the market.</i>

The main reasons for support are: * Such authorities are common proposals at UK banks and are intended to apply in extreme circumstances only; and * The conversion into ordinary shares would require the CET1 ratio to fall to a level which would denote significant capital weakness well beyond the Company's current position and minimum regulatory requirements.</i>

24	Authorise Issue of Equity without Pre-Emptive Rights in Relation to the Issue of Regulatory Capital Convertible Instruments	Mgmt	For	For	For
	<i>Voting Policy Rationale: A vote FOR these resolutions is warranted, although this is not without concern for shareholders: * If the Company were to issue Regulatory Capital Convertible Instruments and a trigger event were to occur, causing them to convert into ordinary shares, this would result in significant dilution to non-participating shareholders. The main reasons for support are: * Such authorities are common proposals at UK banks and are intended to apply in extreme circumstances only; and * The conversion into ordinary shares would require the CET1 ratio to fall to a level which would denote significant capital weakness well beyond the Company's current position and minimum regulatory requirements.</i>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	Against	Against
Voting Policy Rationale: A qualitative review of incentive pay programs reveals mostly positive features, though certain aspects of disclosure could be improved. However, there are significant concerns regarding the committee's decision to amend the CEO's outstanding PSU awards in connection with his announced retirement. This discretionary decision provides more favorable vesting treatment of his outstanding awards and resulted in an incremental value disclosure of more than \$7 million and total CEO pay that is outsized at more than \$32 million. Recent enhancements to retirement benefits are considered a problematic practice and the committee has not disclosed a compelling rationale. In light of this concern, a vote AGAINST this proposal is warranted.					
3	Advisory Vote on Say on Pay Frequency	Mgmt	One Year	One Year	One Year
Voting Policy Rationale: A vote for the adoption of an ANNUAL say-on-pay frequency is warranted. Annual say-on-pay votes are considered a best practice as they give shareholders a regular opportunity to opine on executive pay.

The main reasons for support are: * These are legacy issue, and new joiners will be appointed at a pension level aligned with the wider workforce; * Pension contributions have been reduced in the past and are partly a result of having a long-tenured executive team; and * Pay arrangements are generally transparent, simple and not excessive.

2	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	Against	Against
Voting Policy Rationale: The STI and LTI programs utilize nineteen metrics altogether, which raises concerns around pay program complexity and the ability to incentivize for specific performance. The proxy lacks disclosures on the assessments related to the new STI individual performance modifier. With respect to LTI awards, it is positive that the entirety of NEOs' LTI was performance-conditioned with multi-year goals. However, the targeting of median performance for the relative TSR metric is not considered rigorous and the proxy does not disclose a vesting cap in the event of negative absolute TSR. Moreover, the company made mid-cycle goal changes to 2021 LTI awards, the rationale for which is not considered compelling. In light of these concerns, a vote AGAINST this proposal is warranted.

<i>Voting Policy Rationale: A vote FOR this resolution is warranted, although it is not without concern because: * The maximum bonus opportunity will be increased from 150% of salary to 200% of salary. The main reasons for support are: * The new bonus maximum does not stand out relative to market peers. * Salary levels are not considered out of line with market peers. * The increase will be phased in over two years.</i>					
4	Approve Remuneration Report	Mgmt	For	Against	Against
<i>Voting Policy Rationale: A vote AGAINST this item is warranted: * Material concerns have been identified in respect of the vesting of the 2020 LTIP award, which is judged to have significantly benefitted from 'windfall gains'. The share price used to determine the grant value was briefly impacted by the material uncertainty brought about the COVID-19 pandemic, leading to an increased number of shares being granted to cover the award. However, no amendment to the award at grant or vesting has been made and the Company's explanation is not considered to be sufficiently compelling.</i>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	For	For
	<i>Voting Policy Rationale: A vote FOR the proposal is warranted, with caution. In response to a low say-on-pay vote result, the compensation committee engaged with shareholders and disclosed specific feedback received, then made certain commitments surrounding one-time awards to address these concerns. While pay and performance appear reasonably aligned for the year in review, there is some continuing concern regarding the STI structure and goal rigor, which warrants continued close monitoring. Although a portion of the STI utilizes certain objective financial metrics, payouts can be increased significantly based on an individual performance multiplier, and certain STI targets were set below the prior year's results, which resulted in above-target payouts. However, total CEO pay declined significantly for the year in review, and the company targets half of equity awards as multi-year performance shares, with clearly disclosed forward-looking goal disclosure. In addition, payouts for closing cycle PSUs appear to be in-line with company performance.</i>				
4	Advisory Vote on Say on Pay Frequency	Mgmt	One Year	One Year	One Year

3	Ratify KPMG LLP as Auditors	Mgmt	For	For	For
Voting Policy Rationale: A vote FOR this item is warranted because only 10.53 percent of the fees paid to the auditor are for non-audit purposes.					
4	Provide Right to Call Special Meeting	Mgmt	For	For	For
Voting Policy Rationale: A vote FOR this proposal is warranted as the ability to call special meetings would improve shareholder rights. Approval of this proposal would result in the immediate provision of the right to call special meetings with a 25 percent ownership threshold. The shareholder proposal in Item 5 requests a special meeting right with a more reasonable 10 percent ownership threshold, which shareholders should also support.					
5	Provide Right to Call a Special Meeting at a 10 Percent Ownership Threshold	SH	Against	For	For
Voting Policy Rationale: A vote FOR this proposal is warranted. This shareholder proposal includes a 10 percent ownership threshold which shareholders may view as a more reasonable threshold than the 25 percent threshold proposed by the board in Item 4. This proposal would also represent an improvement to shareholder rights, as shareholders do not currently have the right to call special meetings.

<i>Voting Policy Rationale: A vote FOR this proposal is warranted, with caution. There is some continuing concern regarding the impact of discretion in determining NEO incentive pay (which includes cash bonuses), and the lack of key disclosures, such as specific target and maximum award opportunities, pre-set target goals, and individual metric weightings. Additionally, the disclosed pay levels for the CEO's broad target total pay range increased significantly, which warrants continued monitoring. However, there are mitigating factors identified. In particular, CEO pay and company performance are reasonably aligned. Additionally, financial metrics considered under the performance assessment were generally consistent and the decrease in performance-year incentive pay is directionally aligned with somewhat weaker company performance year-over-year. Further, the large majority of equity awards are based on clearly-disclosed multi-year goals, and the relative metric now targets outperformance. Continued close monitoring of pay program structure and outcomes is warranted. A quantitative pay-for-performance misalignment going forward may be met with increased scrutiny of the incentive program structure in particular.</i>					
4	Advisory Vote on Say on Pay Frequency	Mgmt	One Year	One Year	One Year
<i>Voting Policy Rationale: A vote for the adoption of an ANNUAL say-on-pay frequency is warranted. Annual say-on-pay votes are considered a best practice as they give shareholders a regular opportunity to opine on executive pay.</i>					
5	Reduce Ownership Threshold for Shareholders to Call Special Meeting	SH	Against	For	For
<i>Voting Policy Rationale: A vote FOR this proposal is warranted as a lower ownership threshold would provide for a more useful special meeting right for shareholders.</i>					
6	Adopt Time-Bound Policy to Phase Out Underwriting and Lending for New Fossil Fuel Development	SH	Against	For	For
<i>Voting Policy Rationale: A vote FOR this proposal is warranted because it would help shareholders better evaluate the company's management of climate risks from its lending and underwriting activities. Additionally, shareholders would benefit from a stronger alignment between the company's stated goals, its fossil fuel policy, and its actions regarding corporate responsibility.</i>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	For	For
	<i>Voting Policy Rationale: A vote FOR this proposal is warranted, but with caution. Some concerns persist with the significant weight of non-formulaic goals under the annual incentive program and goal rigor concerns under the LTI program. However, total CEO pay was flat year-over-year, LTI awards are at least half performance-based for all NEOs with clearly disclosed multi-year goals, and the quantitative annual incentive goals are clearly disclosed and appear rigorous. Moreover, performance LTI units have vested below target for the past three performance cycles, in alignment with the company's lagging shareholder returns. On balance, a pay-for-performance misalignment is mitigated for the year under review. However, given the concerns noted, future close monitoring is warranted, particularly with respect to incentive pay outcomes.</i>

3.1	Approve Remuneration Report	Mgmt	For	For	For
	<i>Voting Policy Rationale: A vote FOR is warranted the remuneration report, although it is not without concern because: * The Company has made adjustments to the metrics of its in-flight 2020 LTIP. * Some shareholders may question why only 20% of the annual bonus is tied to traditional financial metrics. * Some of the financial and many of the non-financial bonus metrics are qualitative in nature, with little quantitative disclosure to justify the level of payout. * Concerns have been identified in respect of the robustness of personal/strategic metrics, some of which may reasonably be considered to fall with the EDs' day-to-day responsibilities. * Similar concerns apply to the new sustainability targets for the 2023 LTIP. The main reason for support is: * The Company has provided an extensive and persuasive rationale as to why the adjustments were made to the 2020 LTIP. Moreover, its frank engagement with both shareholders and Social Advisory Services regarding the changes to the metrics is viewed positively. * The Company's FY2022 saw progress against its KPIs, with increases to the Company's gold production, revenue and profit after tax, which provides assurance that the bonus payout of 75.4% of the maximum is congruent with the Company's financial performance. * The shareholder experience was generally a positive one. Although the full-year dividend was down 44% to 5 cents per share compared to FY2021, the financial year under review saw the Company's share price rise 29.5%. * The Company has linked 35% of its annual bonus to operational targets of a quantitative nature, which, given the Company's current position as a miner endeavouring to facilitate a significant turnaround, is in line with its current strategy. Moreover, many of these operational targets are clearly linked to the Company's financial performance.</i>

Furthermore, while shareholders would benefit from increased disclosure of the forward-looking performance targets underlying the PSU grants, performance targets are disclosed retroactively and annual incentive awards remain based primarily on an objective financial performance metric.</i>

Voting Policy Rationale: A vote FOR the annual accounts, annual report, and auditor's report for the fiscal year in review is warranted.					
2	Approve Remuneration Report	Mgmt	For	Against	Against
Voting Policy Rationale: A vote AGAINST the remuneration report is warranted because: * In-flight adjustments were made to outstanding stock options via a significant reduction in the exercise price. * Long-term equity awards partially vest in less than three years and do not require the achievement of any performance conditions. * There is insufficient ex-post disclosure to explain performance achievements underlying variable payouts for the year.

6.1.1	Reelect Michael Tojner as Director and Board Co-Chair	Mgmt	For	Against	Against
Voting Policy Rationale: Board elections (Items 6.1.1-6.1.6) Votes AGAINST incumbent nomination committee members Michael Tojner, Thomas Charles (Tom) Williams, and Christian Hosp is warranted for lack of diversity on the board. Votes AGAINST non-independent nominees Michael Tojner, Thomas Williams, Silvia Buchinger, Christian Hosp, Markus Vischer, and Helmut Wieser are warranted due to the failure to establish a sufficiently independent board. Votes AGAINST non-independent audit committee members Christian Hosp and Markus Vischer are further warranted due to the failure to establish a majority-independent committee and because Hosp serves as non-independent chair. Committee elections (Items 6.2.1-6.2.3) Votes AGAINST Michael Tojner, Thomas Williams, and Christian Hosp are further warranted because their elections to the board do not warrant support and due to the failure to establish a majority-independent committee and the lack of diversity on the board.

1	Management Proposals	Mgmt			
	Accept Financial Statements and Statutory Reports	Mgmt	For	For	For
Voting Policy Rationale: A vote FOR the Company's routine submission of the directors' report and financial statements is warranted as no significant concerns have been identified.					
2	Approve Remuneration Policy	Mgmt	For	For	For
	Voting Policy Rationale: A vote FOR the remuneration policy is warranted, as the new iteration reflects the old, in most key respects, and importantly, in quantum. However, the removal of the TSR underpin from the LTIP is highlighted as a potential concern. The removal of this underpin is not out of line with the market and it has never been invoked in practice. However, in application, it serves to guard against rewarding underperformance. This has counter-balanced, to an extent, the concern raised with the persistent practice of high vesting at threshold for peer-relative targets, as discussed under Item 3. With this safeguard removed, the criteria, and especially the threshold vesting level for future awards (i.e. from 2024 on) are likely to attract increased scrutiny.				
3	Approve Remuneration Report	Mgmt	For	For	For
	Voting Policy Rationale: A vote FOR the remuneration report is warranted although it is not without concern because: For the relative TSR element of the LTIP, 40% materialises on ranking third in a comparator group of five. * The proportion of the award paying out at this performance level is a function of the Company having a small comparator group, the relevance of which has been justified. In addition, should the Company rank fourth or fifth in the peer group, then only 50% may pay out under the other criteria of the LTIP. Moreover, there are several other metrics deployed in the plan, which holistically should provide a balanced gauge of performance. Finally, this approach has been adopted by the Company over the long-term and been consistently supported by shareholders.

Voting Policy Rationale: A vote AGAINST the transition progress report is warranted. The Company's Scope 3 targets relate to intensity reduction, rather than absolute emission reduction. Additionally, there is a lack of detail on the Company's Scope 3 emissions and on how it intends to meet its associated targets. More granular and explicit disclosure should be provided to enable stakeholders to make the connection between the Company's goals and the relevant IEA net zero pathways. Furthermore, CCS (Carbon Capture and Storage) and offsets form a sizable part of the plan.

3	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	Against	Against
	Voting Policy Rationale: A vote AGAINST the proposal is warranted. Though financial metrics in the annual bonus program appear rigorous and qualitative metric disclosure has improved, disclosure of each metric's payout percentage is lacking. Furthermore, though all financial metrics in the annual bonus performed below target, the final payout still exceeded target due to the performance of the qualitative portion of the award. Concerns are also noted in the annual LTI; though a significant portion of LTI is in performance-conditioned equity that utilizes a multi-year performance period, relative TSR goals merely target median and the maximum vesting opportunity is relatively high, no relative TSR vesting cap is disclosed if absolute TSR is negative, and forward-looking goals for one metric are not disclosed. More concerning, however, is with the existence of a special grant, which was granted one month after a special award granted in December 2022. Though the grant is entirely in multi-year performance equity with reasonably rigorous goals disclosed, the repeated use of special grants in close proximity is concerning, given the additive pay opportunities provided by off-cycle awards. Investors generally expect that special grants are infrequent.

1a	Elect Director Jeffrey P. Bezos	Mgmt	For	Against	Against
Voting Policy Rationale: A vote AGAINST incumbent nominating committee members Jonathan Rubinstein, Jamie Gorelick and Patricia Stonesifer is warranted for lack of diversity on the board. Votes AGAINST incumbent compensation committee members Edith Cooper, Daniel Huttenlocher, and Judith McGrath are warranted, in light of the committee's poor response to low vote support for last year's say-on-pay proposal. Significant risks to shareholders stemming from severe ESG controversies have been identified at the company, which reflects a failure by the board to proficiently guard against and manage material environmental, social and governance risks. * Votes AGAINST board chair Jeffrey Bezos are warranted given that the chair of the board ultimately shoulders the most responsibility amongst all board members for failing to effectively supervise the management of risks to the company and its shareholders, and should therefore be held the most accountable for poor board oversight of ESG risk exposures at the firm. A vote FOR the remaining director nominees is warranted at this time.

3	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	Against	Against
<p><i>Voting Policy Rationale: A vote AGAINST this proposal is warranted. Following last year's low say-on-pay vote, the compensation committee engaged with shareholders, disclosed specific feedback, and provided further details surrounding the company's compensation programs and long-term strategy. However, the company did not make material changes to the compensation program to address shareholder concerns. In addition, while CEO Jassy's pay declined following the prior year's mega promotion award, consisting only of base salary and certain perquisites, a review of the pay program reveals persistent concerning features. Specifically, compensation for other NEOs consisted primarily of time-vesting restricted shares, with incentive programs lacking objective performance metrics and quantified goals. In addition, the magnitude of an NEO's recent \$41 million grant is concerning, as it comes only one year after he received an \$81 million sign-on grant.</i></p>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	For	For
Voting Policy Rationale: There are ongoing concerns regarding the significant degree of committee discretion involved in total incentive pay determinations, which are based on the committee's assessment of numerous factors under three broad categories. The pay process lacks important disclosures, such as preset target goals, that are important for demonstrating a pay-for-performance linkage. However, there are mitigating factors identified. Importantly, the application of discretion has not resulted in a quantitative pay-for-performance misalignment for the year in review. In addition, the significant decrease in the CEO's performance year pay is directionally aligned with declined results in referenced financial metrics. Further, equity awards are predominantly performance-conditioned with disclosed multi-year goals. In balancing these factors, a cautionary vote FOR this proposal is warranted. Continued monitoring of incentive pay outcomes and related disclosures is warranted, and a quantitative pay-for-performance misalignment going forward may be met with increased scrutiny of noted concerns.					
3	Advisory Vote on Say on Pay Frequency	Mgmt	One Year	One Year	One Year
Voting Policy Rationale: A vote for the adoption of an ANNUAL say-on-pay frequency is warranted. Annual say-on-pay votes are considered a best practice as they give shareholders a regular opportunity to opine on executive pay.					
4	Ratify Deloitte & Touche LLP as Auditors	Mgmt	For	For	For

7	Report on Societal Impacts of Aerospace & Defense Industry ETF	SH	Against	For	For

5	Reelect Marie Bollore as Director	Mgmt	For	Against	Against
	<i>Voting Policy Rationale: Significant risks to shareholders stemming from severe ESG controversies have been identified at the company, which reflects a failure by the board to proficiently guard against and manage material environmental, social and governance risks. Votes AGAINST Marie Bollore are warranted for the following reasons: * Given that board chair, who shoulders the greatest responsibility amongst the board members for failing to effectively supervise the management of risks to the company and its shareholders is not up for election at this year's annual meeting, all board members should be held accountable for poor board and management oversight of ESG risk exposures at the firm. Additionally, the disclosure regarding the achievement levels of vested LTIPs is limited; * Similar to previous years, there is an overall lack of information regarding the tantiemes and exceptional remuneration received from subsidiaries, which represent a significant part of Cyrille Bollore's remuneration and were not included in the policy approved last year.</i>

Voting Policy Rationale: A vote FOR this proposal is warranted, with caution. The company granted several entirely time-based one-time equity awards during the year in review, including to the new CEO and it is not clear what percentage of the new CEO's FY23 equity award will be performance-conditioned. Furthermore, the compensation committee used its discretion to increase annual incentive payouts despite below threshold performance, although final payouts were still awarded well below target. Despite these concerns, previous PRSUs awards were not earned as performance was achieved below threshold and CEO pay and company performance are reasonably aligned during the year in review.

2	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	For	For
Voting Policy Rationale: A vote FOR this proposal is warranted. Following last year's low say-on-pay vote, the company contacted a substantial portion of its shareholders, disclosed specific details of engagement efforts, and made several meaningful changes to the compensation program to address concerns. In addition, annual incentives were entirely determined by pre-set financial metrics and long-term incentives were a majority performance conditioned. While some concern is raised by the FY22 PSUs' annual performance period, this concern is mitigated given the company's shift to a true multi-year performance period in FY23. Further, the newly appointed CEO's target compensation was set below her predecessor's, and below-target pay outcomes under both programs are generally aligned with company's financial and TSR performance. Given the recent CEO transition and significant pay program changes in FY23, continued close monitoring is warranted.

1	Accept Financial Statements and Statutory Reports	Mgmt	For	For	For
Voting Policy Rationale: A vote FOR the Company's routine submission of the directors' report and financial statements is warranted as no significant concerns have been identified.					
2	Approve Remuneration Report	Mgmt	For	For	For
Voting Policy Rationale: A vote FOR the remuneration report is warranted, although it is not without concerns: * The CEO's pension remains well above the workforce. In FY2022, his pension was valued at 20% of salary whilst the wider UK workforce receives a pension contribution of 5% of salary. The Company has disclosed an intention to align executive pension contributions to the wider workforce, but this will not occur until June 2025. The timeframe is market-lagging, and it is unclear why such a delay would be considered appropriate. The main reasons for support are: * It is recognised that an agreement was reached with the CEO to reduce his pension by increments over time, although the time frame is beyond 2022. * The pension contribution for all new executives appointed to the Board since 2018 have been aligned with that of the workforce. * No further material issues have been identified.

3	Approve Remuneration Report	Mgmt	For	For	For
Voting Policy Rationale: A vote FOR this resolution is warranted, although it is not without concerns: * The 2020 LTIP awards, which vested at c. 85.5% of maximum, appear to benefit from the share price low due to COVID-19. * The annual bonus paid out despite the decline in profit and assets under management. The main reasons for support are: * The downward discretion applied by the Remuneration Committee to the formulaic outcome of the 2020 LTIP awards is acknowledged. * Final results have beaten consensus and net inflows have been reported. On balance and given the bonus quantum at c. 51% of maximum, there is no marked divergence between pay and performance.

Voting Policy Rationale: A vote FOR this resolution is warranted, though it is not without concerns: * It would allow for virtual-only shareholder meetings on a permanent basis and the company does not elaborate on the circumstances under which virtual-only meetings would be held. The main reasons for support are: * The company is holding an in-person AGM this year and clarifies that it does not currently intend to hold virtual-only meetings, but is rather seeking the necessary legal basis in its articles. * If virtual-only meetings would be held, shareholders' participation rights would be protected (in line with Swiss law).

4	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	For	For
	<i>Voting Policy Rationale: A vote FOR this proposal is warranted, with caution. Concerns continue to be raised by the heavy reliance on compensation committee discretion in determining annual incentive payouts and the lack of certain shareholder-friendly disclosures such as per-metric weightings and target pay opportunities. Investors increasingly prefer a more formulaic STI design with key disclosures that provide more transparency into the pay-for-performance linkage. However, there are mitigating factors for the year under review. Specifically, the use of discretion has not resulted in a quantitative pay-for-performance misalignment. Further, key financial metrics considered were consistent and the committee introduced a cap on the CEO's maximum bonus opportunity, which is positive. Moreover, equity awards are majority based on clearly-disclosed multi-year goals, and closing-cycle PSU vesting outcomes are in line with longer term company performance. Continued close monitoring of the STI structure and payouts is warranted. A quantitative pay-for-performance misalignment going forward may be met with increased scrutiny of discretionary determinations and outcomes.</i>

	Voting Policy Rationale: A vote FOR this proposal as pay and performance are reasonably aligned for the year in review. Annual and long-term incentives are primarily tied to financial performance, with a portion of the performance shares tied to TSR measured over a multi-year performance period. Voting Policy Rationale: A vote FOR this resolution is warranted, though it is not without concerns: * The amendments would allow for virtual-only shareholder meetings on a permanent basis and the company does not elaborate on the circumstances under which virtual-only meetings would be held.
