12	Approve Remuneration Policy of CEO	Mgmt	For	For	For
<p><i>Voting Policy Rationale: Votes FOR these remuneration policies are warranted, although the following concerns are raised: * The company proposes a significant increase in the executives' base salary following a benchmark survey and given the renewal of their mandate. However, the company does not provide their relative level of remuneration compared to the benchmark peer group following the increases. * The structure of the severance agreements allocated to the executives contravenes the "no pay for failure" principle since the criterion based on the absolute EPRA NAV would start vesting even though it would have decreased up to 50 percent over the last three years of office; * The severance payments could be allocated in the event of the non-renewals of the executives' mandates. The main reasons for support are: * The LTI structure would not allow the compensation effects between performance criteria anymore. * The company also provides some improvements regarding the LTI's relative TSR-based criterion: it would still allow vesting below performance but at a much lower volume and a higher level of underperformance vs index. The vesting at index level would also slightly decrease. The vesting scale above index would be more granulated without exceeding 100% of achievement. * The other performance criteria under the LTI plan do not appear * The absence of any other significant concern.</i></p>

29	Approve Waiver of Rule 9 of the Takeover Code	Mgmt	For	For	For
Voting Policy Rationale: A vote FOR this resolution is warranted, but is not without concern for shareholders: * Approval of such waivers can result in a major shareholder gaining creeping control of a company. Such waivers are needed when a company seeks the routine share buyback authority, when it has a shareholder owning over 30% of share capital. * Pfizer has publicly announced its plans to exit its ownership interests in the Company

Voting Policy Rationale: Item 2: A vote FOR the nominee is warranted given the absence of any known issues concerning the nominee and the company's board and committee dynamics. Item 3: A vote FOR this resolution is warranted although it is not without any concerns: * There is no disclosure provided by the company on the value of LTIP/SARs to be granted to the executive and the price at which such instruments would be granted. * The company is seeking a blanket approval to set his minimum remuneration terms for a period of three years, which is not aligned with best practices. Main reasons for support are: * There is an overall cap of INR 100 million on his total remuneration (including LTIP/SARs). * No concerns have been identified with the overall quantum of estimated remuneration, which is deemed reasonable and commensurate with market peers of similar scale and operations.

	<i>Voting Policy Rationale: A qualified vote FOR is warranted. Although concerns are raised regarding the settlement of the former CEO's termination, it is acknowledged that his severance does not appear excessive and aligned with recommendations from the Dutch corporate governance code. However, some questions are raised whether severance is adequate given the circumstances of termination in light of planned succession of the CEO and Vanlancker staying on as advisor until his contractual end date. We furthermore note that the company has made efforts in improving disclosure standards on non-financial performance assessment under the STI and explicitly abstained from making discretionary adjustments to pay outcomes. These improvements are in response to last year's dissent and demonstrate the board's responsiveness.</i>

<i>Voting Policy Rationale: A vote AGAINST incumbent nomination committee members Alexander von Witzleben, Peter Barandun and Heinz Haller is warranted for lack of diversity on the board. Additional votes AGAINST Alexander von Witzleben are warranted because: * He currently serves as board chair in addition to executive chair, which entails leadership of group management (for all intents and purposes: a combined chair/CEO), which is a breach of market best practice. * He is an executive chair and serves on the audit and nomination/compensation committees, which represents a conflict of interest and is a breach of market best practice. * He holds an excessive number of chairmanships at listed companies. 5.5	Approve Virtual-Only Shareholder Meetings	Mgmt	For	For	For
<i>Voting Policy Rationale: A vote FOR this resolution is warranted, although it is not without concerns: * It would allow for virtual-only shareholder meetings on a permanent basis and the company does not elaborate on the circumstances under which virtual-only meetings would be held. The main reasons for support are: * The company is holding an in-person AGM this year and states that the board will be very cautious in its use of virtual-only meetings. * If virtual-only meetings would be held, shareholders' participation rights would be protected (in line with Swiss law).</i>

<i>Voting Policy Rationale: A vote FOR this remuneration policy is warranted, although the following concerns are raised: * The company does not disclose any threshold/target/maximum metrics concerning its annual variable remuneration; * In case of an executive departure, unvested long-term instrument might not be pro-rated for time; * The cap on exceptional LTIPs awards is deemed very high; * The termination package benefiting Nicolas Hieronimus as set by his (suspended) employment contract is not without any concerns regarding its cap and absence of performance conditions; The main reason for support are: * The information on the level of achievement of bonus' criteria has been closely monitored in the remuneration report submitted to vote in 2023, and the improvement of the information concerning the level of achievements warrants a CONTENTIOUS FOR. * A nearly identical policy has already been approved at the 2022 general assembly, which therefore limits any impact on a vote against this resolution.</i>

Voting Policy Rationale: A vote FOR the proposed article amendment is warranted because: * The company is holding an in-person AGM this year, alternative meeting formats are not precluded, the company explicitly states under which circumstances a virtual-only meeting would be held, and shareholders' participation rights would be protected (in line with Swiss law).					
9.4	Amend Articles Re: Compensation of Board and Senior Management	Mgmt	For	For	For
Voting Policy Rationale: Items 9.1 and 9.4 Votes FOR the proposed article amendments are warranted because they are overall non-contentious in nature and largely reflect amendments in line with new Swiss statutory requirements. Item 9.2 A vote AGAINST the proposed article amendments is warranted because: * The ownership threshold for shareholders to submit agenda items would be increased from currently 0.3 percent of the share capital to 0.5 percent of the share capital. * The company has bundled a set of amendments that could have been submitted for shareholder approval under separate resolutions, presenting shareholders with an all-or-nothing choice.					
10	Transact Other Business (Voting)	Mgmt	For	Against	Against
Voting Policy Rationale: A vote AGAINST is warranted because: * This item concerns additional instructions from the shareholder to the proxy in case new voting items or counterproposals are introduced at the meeting by shareholders or the board of directors; and * The content of these new items or counterproposals is not known at this time. Therefore, it is in shareholders' best interest to vote against this item on a precautionary basis.

5	Elect Directors	Mgmt	For	Against	Against
<p><i>Voting Policy Rationale: The company proposes a slate including incumbent director Jose Batista Sobrinho, a member of the company's controlling shareholder, the Batista family, and the father of former administrators, Wesley and Joesley Batista. Furthermore, significant risks to shareholders stemming from severe ESG controversies have been identified at the company, which reflects a failure by the board to proficiently guard against and manage material environmental, social and governance risks. * Votes AGAINST this bundled resolution are warranted given that the board chair Jeremiah Alphonsus O'Callaghan ultimately shoulders the most responsibility amongst all board members for failing to effectively supervise the management of risks to the company and its shareholders, and should therefore be held the most accountable for poor board oversight of ESG risk exposures at the firm.</i></p>

	Voting Policy Rationale: A vote FOR this item is considered warranted, although it is not without concern: * The CEO is to receive a c.19 salary increase at a time when companies are urged to exercise restraint due to the current inflationary and cost of living crisis environment in the UK, acknowledging the broader stakeholder experience. The main reasons for support are: * We note the Company's explanation that it has grown over the past several years. Since 2017, market capitalisation has grown more than 300%. Gross written premiums have more than doubled from USD 2.1bn to USD 5.3bn and the number of Company employees has increased two-fold to c.1,900. * The previous salary was in the lower range both when considering FTSE250 and FTSE100 peers and the increased salary remains at lower quartile against most comparators. * The reweighing of incentives from the shorter term to the longer term is viewed as a positive change. The perceived value of LTIP is lower for participants, considering the more certain nature of annual bonus.				
3	Approve Remuneration Policy	Mgmt	For	For	For
	Voting Policy Rationale: A vote FOR the proposed remuneration policy is considered warranted as no significant concerns have been identified. It is noted that the Company is proposing a reweighing between the bonus and LTIP opportunities towards the longer term.				
4	Approve Interim Dividends	Mgmt	For	For	For
	Voting Policy Rationale: A vote FOR this resolution is warranted because this is a routine item and no significant concerns have been identified.

7.1	Approve Remuneration Report (Non-Binding)	Mgmt	For	For	For
	<i>Voting Policy Rationale: A vote FOR the remuneration report is warranted, though it is not without concerns: * There is limited ex-post disclosure to explain the evolution of variable payouts versus company performance. * LTI awards for executives other than the CEO were subject to a minimum, guaranteed vesting level. However, this feature did not apply due to above-target performance achievement. The main reasons for support are: * The company has announced a new LTI plan for 2023, which will utilize a three-year performance period and the minimum, guaranteed vesting feature will be removed. * Pay and performance appear reasonably aligned at this time.</i>

9	Amend Remuneration Policy	Mgmt	For	Against	Against
	<i>Voting Policy Rationale: A vote AGAINST this item is warranted, as: * The company has failed to disclose information regarding the supplementary pension that can be provided to the directors. At the same time, no information regarding the exit payments has been provided by the company; * There is a lack of disclosure on the performance metrics, their weights, targets and the existence of both STI and LTI plans; * The remuneration policy includes a derogation clause which is of rather general nature. While the derogation clause stipulates that the board of directors is entitled to depart from any and all elements of the remuneration policy, there is no further disclosure on how this may be applied.</i>				
10	Approve Remuneration Report	Mgmt	For	Against	Against
	<i>Voting Policy Rationale: A vote AGAINST this item is warranted, because: * The company has failed to provide a disclosure regarding the concrete performance conditions and their individual level of achievement and retrospective disclosure of targets of the STI. The company does not disclose the achievement level of each metric in terms of compared to the maximum achievable level. Such information is valuable for shareholders for getting an indication of the stringency of the bonus; * The company has failed to disclose the target and maximum limits for the LTIP (EPP). The provided performance conditions are very general and lack details, their achievement levels are not disclosed either. At the same time, the company has failed to disclose the ESOP policies and the assessment of the remuneration of the board members based on them * According to the remuneration report, Dr Gabor Gulacsi was eligible for employee share bonus, however the provided disclosure makes it impossible to determine the amount of this remuneration and other details regarding its provision. This share award is not subject to pre-determined performance conditions. This adds discretion not being subject to predetermined performance metrics. Therefore, shareholders are not able to assess the stringency of the pay for performance alignment.</i>

3	Approve Remuneration Policy	Mgmt	For	For	For
Voting Policy Rationale: A vote FOR this item is warranted, although it is not without concern: * The Company is proposing significant increases to the maximum LTIP opportunities available to the Executive Directors, which will be utilised immediately. An additional 150% of salary opportunity is being made available. This raises several concerns: * The increase in quantum is very significant. * The timing is questionable, given the current economic climate, and the settlement figure paid by the Company in respect of alleged licensing breaches. The main reasons for support are: * The Company's rationale, based on the need to recruit and retain talent outside of the UK is noted. It has a heavy presence outside the UK, with most of its online revenue and employee bases not being UK-based. it is acknowledged that this carries implications for recruitment and retention. * A number of positive revisions will accompany the increase, including reduced threshold vesting levels, increased stretch in the performance target range and expansion to the shareholding requirements.

<i>Voting Policy Rationale: A vote FOR this resolution is warranted, although it is not without concerns: * It would allow for virtual-only shareholder meetings on a permanent basis and the company does not elaborate on the circumstances under which virtual-only meetings would be held. The main reasons for support are: * The company is holding an in-person AGM this year and states that it does not intend to hold virtual-only meetings, but is rather seeking the necessary legal basis in its articles. * If virtual-only meetings would be held, shareholders' participation rights would be protected (in line with Swiss law).</i>

	<i>Voting Policy Rationale: A vote FOR the remuneration policy is warranted although it is not without concern because: * The CEO's LTIP opportunity is being increased from 3x to 3.5x salary. However, this is offset by the following considerations: * The CEO's fixed pay, and total package, is lower than his predecessor's. The Company presents the increased LTIP as a re-weighting of the package. * The amplified long-term opportunity is not out of line with peers. * This is the first increase to variable pay since 2014. Changes to provisions for mitigating against windfall gains, and to the policy on salary changes, are also highlighted. While the modifications represent a less stringent approach, the Company remains ahead of peers in these areas.</i>

However, STI awards were primarily based on objective financial metrics and, in a supplemental filing, the company discloses clearly the target goals and quantified performance results, both before and after certain adjustments made by the committee, as well as the corresponding impact on individual awards. Moreover, the committee capped the STI payouts (post-adjustments) to target level in recognition of negative stock price performance during the year.

6.3	Approve Remuneration Report (Non-Binding)	Mgmt	For	For	For
	<i>Voting Policy Rationale: A vote FOR the remuneration report is warranted, though it is not without concerns: * The level of potential dilution of issued and outstanding equity awards remains high. * The report does not detail shareholders' specific concerns on last year's vote and how it has addressed them. The main reasons for support are: * The company's ex-post disclosure of STI outcomes has improved, while full ex-ante target disclosure is provided for the LTI plan. * The company's remuneration practices are broadly in line with market practice and there are no significant concerns regarding outcomes for the past year. * The company has implemented actions to limit the potential dilution resulting from its incentive plans.</i>				
7.1	Amend Articles Re: Shares and Share Register	Mgmt	For	For	For
	<i>Voting Policy Rationale: Votes FOR the proposed article amendments are warranted because they are overall non-contentious in nature and largely reflect amendments in line with new Swiss statutory requirements.</i>				
7.2	Amend Articles Re: General Meetings (Incl. Approval of Virtual-Only or Hybrid Shareholder Meetings)	Mgmt	For	For	For
	<i>Voting Policy Rationale: A vote FOR this resolution is warranted, though it is not without concerns: * The amendments would allow for virtual-only shareholder meetings on a permanent basis and the company does not elaborate on the circumstances under which virtual-only meetings would be held. The main reasons for support are: * The company is holding an in-person AGM this year and states that it does not intend to hold virtual-only meetings, but is rather seeking the necessary legal basis in its articles. * If virtual-only meetings would be held, shareholders' participation rights would be protected (in line with Swiss law). * The additional amendments are considered non-contentious.</i>

Voting Policy Rationale: A vote FOR the Company's routine submission of the directors' report and financial statements is warranted as no significant concerns have been identified.					
2	Approve Remuneration Policy	Mgmt	For	For	For
Voting Policy Rationale: A vote FOR this resolution is considered warranted although it is not without concerns because: * The Company is proposing an increase of 25% to each of the maximum annual bonus and LTIP award opportunities. * Annual bonus awards may be made up to 200% of salary in exceptional circumstances. * The NEDs may receive additional remuneration for other additional responsibilities. The proposed policy also provides for flexibility to make notice payments to NEDs. The Company has not provided further details on the parameters of these additional payments. The main reasons for support are: * The Company's rationale, noting the increase in its size and complexity, is acknowledged. The resulting incentive opportunities are not considered excessive for a company of this size in the FTSE 100 index at this time. * The general framework of the annual bonus and the PSP awards appear to be in line with recommended market practice. * The Company states that the additional annual bonus headroom will only be used in exceptional recruitment circumstances. * The proposed policy confirms that the NEDs are not eligible to participate in any incentive arrangements and that they have no entitlement to contractual termination payments. The Company also states that the notice payments are not anticipated.

<p><i>Voting Policy Rationale: A vote FOR the proposed independent directors under ISS Policy, key committee members, and secretaries, presented under Items 3b.9-3d.3 is warranted because: * The company has provided timely disclosure of the proposed nominees and presented the election under unbundled items, allowing shareholders to vote individually on the proposed nominees; * It would be counterproductive to vote against directors classified as independent under ISS voting guidelines; and * There are no known concerns regarding the committee members, or secretaries. A vote AGAINST Guillermo Ortiz Martinez (Item 3b.8) is warranted because the director serves on more than five (5) public company boards and is therefore considered overboarded under ISS policy. A vote AGAINST the remaining non-independent nominees presented under Items 3b.1-3b.7 is warranted because although the company has disclosed the names of its director nominees, the proposed board's overall level of independence fails to meet the growing expectations of institutional shareholders.</i></p>

Voting Policy Rationale: A vote FOR this proposal is warranted. 3	Approve Remuneration Policy	Mgmt	For	For	For
	<i>Voting Policy Rationale: A vote FOR this item is warranted, although not without concern: * The bonus opportunity for Executive Directors other than the CEO has been increased from 150% to 175% of salary. The main reason for support: * The proposed increase in the bonus opportunity is not expected to materially impact the aggregate remuneration of the EDs. * Certain minor changes to provide further alignment with best practice have been included, like strengthening the shareholding requirement.</i>				
4	Approve Remuneration Report	Mgmt	For	For	For
	<i>Voting Policy Rationale: A vote FOR this item is warranted, although not without concerns: * There may be questions regarding the stretch of the pre-land cash generation metric under the financial element of the bonus framework, which paid out in full. In addition, the pre-land cash generation metric, which has 30% weighting in the bonus framework and also accounts for 40% of the LTIP framework. * Reporting under the environmental measure under the bonus framework was mostly qualitative, rather than as a clear demonstration of performance against a set of pre-defined criteria. * Bonus opportunity of the CFO will be maintained at 175% of salary going ahead, subject to shareholders approving the proposed Remuneration Policy. * The increases in the base salaries of the EDs and the NED fees for FY2023 have not been disclosed. The main reasons for support: * The resulting bonus payouts do not raise material concerns and appear to be broadly aligned to the Company's performance. * The Company has stated that any salary increases/ increases to fees will be in line with or below the wider workforce.</i>

2.4	Approve Remuneration Report (Non-Binding)	Mgmt	For	Against	Against
	<i>Voting Policy Rationale: A vote AGAINST the remuneration report is warranted because: * There is insufficient ex-post disclosure to explain the evolution of variable payouts versus company performance. * The long-term incentive is defined in vague terms, and it is not clear that the plan provides sufficient alignment with long-term shareholder interests. * Both the short- and long-term incentive plans are subject to a degree of discretion.</i>

	<i>Voting Policy Rationale: A vote FOR this resolution is warrant, though it is not without concern: * It would allow for virtual-only shareholder meetings on a permanent basis and the company does not elaborate on the circumstances under which virtual-only meetings would be held. The main reasons for support are: * The company is holding an in-person AGM this year and states that it does not intend to hold virtual-only meetings going forward, but is rather seeking the necessary legal basis in its articles. * If virtual-only meetings would be held, shareholders' participation rights would be protected (in line with Swiss law).</i>

1	Accept Financial Statements and Statutory Reports	Mgmt	For	For	For
	<i>Voting Policy Rationale: A vote FOR the Company's routine submission of the directors' report and financial statements is warranted as no significant concerns have been identified.</i>				
2	Approve Remuneration Report	Mgmt	For	For	For
	<i>Voting Policy Rationale: A vote FOR the remuneration report is warranted although it is not without concern because: * The 2020 award was made when the share price was low, therefore creating the conditions for a potential "windfall gain." Some windfall gain has materialised. However, supported is warranted because: * The Company reduced the level of vesting in mitigation; and * The Company's points out that the share price at which the 2020 grant was awarded was not a short-term, "unnatural" trough, but a longer-term trend, persisting until September 2021.</i>				
3	Approve Remuneration Policy	Mgmt	For	For	For
	<i>Voting Policy Rationale: A vote FOR the remuneration policy is warranted although it is not without concern because: * The Company is proposing an increase of EDs' pension entitlements from 15% to 20% of salary in order to align with the UK workforce (62% benefit from the level of 20%). This is a concern because Increases to pension run contrary to trends across several years, and because current pension arrangements (i.e. 15% of salary) do not lag the market. In addition, any increase to fixed pay in the current climate, given cost-of-living pressures, is questionable. However, qualified support is warranted because: * The increased entitlement is in line with the wider UK workforce and therefore technically does not deviate from the UK Code.</i>

3	Approve Remuneration Policy	Mgmt	For	For	For
Voting Policy Rationale: A vote FOR this item is warranted, although it is not without concern: * The Company is planning a new approach to LTIP grants, in the form of a one-off frontloaded award, encompassing four annual awards. The quantum, which is significantly larger than the current maximum opportunities is a cause for concern, as is the decision to roll four annual grants into a combined award. * 67% of maximum opportunity is paid to Executive Directors for achieving target performance under the annual bonus. The main reasons for support are: * The rationale provided by the Company is duly noted, where there is clear evidence of continued international growth, particularly in the US. * The quantum can be considered in the context of the growth of the Company since 2017, which has brought about additional complexities to consider. * The performance conditions are objective, externally measured and aligned with shareholder experience. * The 6-year combined performance and holding period and the reduced level of vesting from 25% to 12.5% of maximum opportunity for achieving threshold performance are positive revisions to the LTIP.

4	Approve Remuneration Policy	Mgmt	For	For	For
<i>Voting Policy Rationale: A vote FOR this item is considered warranted, although it is not without concern for shareholders: * The total remuneration cap is pitched at a high level, allowing for a significant bonus award opportunity. * The target level payout is high and, based on the model bonus opportunity scenarios provided by the Company, total pay would be skewed towards short-term performance. The main reasons for support are: * The annual bonus scheme incorporates significant deferral requirements. * The Company's current practice further offers mitigation, with relatively modest base salaries, below policy limit LTIP grants and sufficient disclosure of the bonus scorecard.</i>

Voting Policy Rationale: A vote FOR the remuneration report is warranted, although it is not without concern because: * The Company used upward discretion in relation to an in-flight award. * The disclosure surrounding the differences between the initial and new targets is limited, with the Company only stating that the targets are as equally challenging as the original ones. The main reasons for support are: * The only metric that received any benefit from this change was cash conversion, as RONOA remained below threshold performance. * The Company clarified the quantitative difference between the initial and new remuneration outcomes, which was welcome. However, further disclosure as to the adjustments made to the targets would likely be appreciated by shareholders.

A.2	Approve Remuneration Report	Mgmt	For	For	For
Voting Policy Rationale: A qualified vote FOR is warranted as the proposed remuneration is roughly in line with market standards. We note that the company provided improved disclosure (threshold, targets, maximum and achievement) on the financial metrics of the STI plan and performance metrics of the LTI plan, while also providing forward looking disclosure with respect to 2023 performance metrics. However, we still raise concerns as there is no further disclosure regarding the individual performance STI metrics (50% weight, 100% achievement), which does not allow shareholders to assess the stringency of the pay for performance assessment. Finally, while the company improved disclosure levels, the company did not provide further responsiveness to the significant dissent on last year's vote on the remuneration report and remuneration policy.

Nevertheless, concerns are raised regarding the discharge of the supervisory board (Item 3) because: * While the supervisory board did respond to the historic levels of shareholder dissent on last year's remuneration report vote, litigation costs continue to be excluded from the bonus calculation of CEO Werner Baumann, who was directly in charge of the Monsanto acquisition. * Nevertheless, as last year, the most appropriate venue for addressing these concerns is considered to be the say-on-pay resolution (Item 5). * Further, we highlight that in light of the CEO change on June 1, 2023, many of these concerns will likely be mitigated moving forward.

5	Approve Remuneration Report	Mgmt	For	Against	Against
<p><i>Voting Policy Rationale: A vote AGAINST the remuneration report is warranted because: * Concerns remain in regard to the CEO's STI being insulated from cash outflow related to litigation in connection with Monsanto. * Legacy contribution-based pension entitlements for the CEO result in contributions that can be considered excessive and are not aligned with the wider workforce or market practice. However, we highlight that in light of the CEO change on June 1, 2023, many of these concerns will likely be mitigated moving forward.</i></p>					
6	Approve Virtual-Only Shareholder Meetings Until 2025	Mgmt	For	For	For
<p><i>Voting Policy Rationale: A vote FOR the proposed article amendment is warranted because: * The authorization is limited to a period of two years and alternative meeting formats are not precluded, while shareholders' participation rights would be protected (in line with German law). However, this proposal is not without concern: * The company does not elaborate on the circumstances under which virtual-only meetings would be held; rather, decisions will be made on a case-by-case basis.</i></p>

9	Voting Instructions for Motions or Nominations by Shareholders that are not Made Accessible Before the AGM and that are Made or Amended in the Course of the AGM	Mgmt	None	Against	Against
<p><i>Voting Policy Rationale: A vote AGAINST this item is warranted because: * This item concerns additional instructions from the shareholder to the proxy in case new or modified motions are introduced by shareholders at the AGM that have not been made accessible beforehand. * The content of any new items or counterproposals is not known at this time. Thus, shareholder proposals filed at the AGM cannot be properly evaluated and acted upon by shareholders voting via proxy, which effectively disenfranchises them.</i></p>

2.1	Approve Remuneration Policy	Mgmt	For	Against	Against
Voting Policy Rationale: This item warrants a vote AGAINST because: * Termination payments in favor of the CEO/GM can exceed 24 months of total remuneration. * The board maintains excessively broad derogation powers. 2.2	Approve Second Section of the Remuneration Report	Mgmt	For	For	For

17	Approve Remuneration Policy	Mgmt	For	For	For
	<i>Voting Policy Rationale: A vote FOR this resolution is warranted although it is not without concerns: * The overall potential variable pay for the executives has been increased from 400% of salary to 500% of salary. The main reasons for support are: * The new arrangements are a more standard approach and decrease the amount of opportunity dependent on annual performance from 400% to 200%, while introducing an LTIP with a 300% of salary potential. The larger overall opportunity is offset by the smaller proportion dependent on annual performance. The perceived value of an LTIP award is significantly less than that of annual bonus, because of greater certainty of outcome. The reduced cash component is also noted.</i>

5	Elect Directors	Mgmt	For	Against	Against

13	Advisory Vote on Remuneration Report	Mgmt	For	For	For
	<i>Voting Policy Rationale: A vote FOR this item is warranted, considering the board's responsiveness to some shareholder concerns following last year's dissent (c 24 percent of voting shares opposed the company's 2021 remuneration report), acceptable remuneration arrangements with the new CEO, and a lack of misalignment between executive pay and shareholder return. However, this is not without the following concerns: * Executive pay level remains a cause of concern: the executive chairman's 202 total remuneration of EUR 13.06 million is 5.2x times the median of a group of European companies and is therefore considered excessive. In this regard, despite the increase in share price, the board does not adjust the number of performance-based share awards, which mechanically increases LTI opportunity and has contributed to excessive pay level. * The board does not seem to have pro-rated the new CEO's 2022 salary (he started his CEO office in Oct. 25, 2022).</i>

12	Approve Remuneration Policy	Mgmt	For	Against	Against
	<i>Voting Policy Rationale: A vote AGAINST this item is warranted because: * The maximum bonus and LTIP opportunities are being increased, resulting in a material uplift of the Executive Directors' quantum that is not accompanied by sufficiently compelling rationale. The increases are expected to apply from FY2023 when the CEO's substantial, one-off Co-Investment Award is yet to complete its vesting schedule.</i>				
13	Approve Remuneration Report	Mgmt	For	For	For
	<i>Voting Policy Rationale: A vote FOR the remuneration report is warranted, although it is not without concerns on account of: * There are concerns with the subjective nature of the Co-Investment Award's performance underpins and their sufficiency and appropriateness to justify the substantial payout to the CEO. * The Executives' quantum for FY2023 could materially increase upon approval of the proposed remuneration policy. The main reasons for support are: * The Remuneration Committee has provided commentary in the annual report on its assessment of the performance underpins. This scheme was previously supported by majority of shareholders, albeit not without notable dissents. * Additional stretch was built into the FY2023 LTIP targets.</i>

9	Approve Remuneration of Company's Management	Mgmt	For	Against	Against
Voting Policy Rationale: The company has provided reasonable disclosure of its remuneration practices, in accordance with the requirements of the Brazilian Securities Regulator, including the total compensation of its highest-paid executive. However, this is the second consecutive year that the company has proposed material increases to its global remuneration cap. Although the proposed increase appears to be largely based on equity compensation, and the company's performance has been sound in the most recent fiscal years, the underlying equity plan allows for discounted exercise prices, in the absence of publicly-stated performance conditions, and vesting cycle can be set at board discretion, thus raising concerns regarding the long-term alignment between the beneficiaries and shareholders. As such, an AGAINST vote recommendation is warranted for this request at this time.
