4	Approve Remuneration Policy	Mgmt	For	For	For
	<i>Voting Policy Rationale: A vote FOR this item is warranted, as the proposed director remuneration policy, that notably conditions the vesting of deferred variable remuneration on performance conditions instead of adjusting them to risk factors and relative TSR only, addresses some shareholder concerns. The LTI portion only accounts for 36 percent of target variable pay opportunity, however.</i>				
5	Fix Maximum Variable Compensation Ratio	Mgmt	For	For	For
	<i>Voting Policy Rationale: A FOR this item is warranted because the 200 percent cap enables the company to compete on equal footing with regard to attracting, rewarding, and retaining professional talents. 7	Advisory Vote on Remuneration Report	Mgmt	For	For	For
	<i>Voting Policy Rationale: A vote FOR this item is warranted in view of the company's disclosure and overall pay practices. However, similar to prior years, the company's executive compensation did not include any long-term, performance-based variable pay plan, as the board only applies risk and TSR adjustments to deferred variable remuneration. This shortcoming is addressed in the company's new director remuneration policy (Item 4).</i>

Proposal Number	Proposal Text	Proponent	Mgmt Rec	Voting Policy Rec	Vote Instruction
3	Approve Discharge of Board and Senior Management	Mgmt	For	Against	Against
<i>Voting Policy Rationale: A vote AGAINST the formal discharge of the board of directors and senior management is warranted because: * On Dec. 2, 2022, ABB was charged for an unprecedented third time for violations of the Foreign Corrupt Practices Act (FCPA), and ordered to pay \$460 million total to US authorities to settle criminal and civil charges. The SEC found that, from 2015 through 2017, ABB executives in Switzerland and South Africa colluded with a high-ranking South African government official to funnel bribes in return for a \$160 million contract to provide cabling and installation work in South Africa. * While ABB may be applauded for self-reporting and bringing the bribery and corruption to light, concerns are raised with respect to the fact that a culture existed within this company which led to not just the most recent bribery case, but represents the third such case in the last 20 years – making ABB the first company worldwide to be charged under the FCPA for a third time – to the detriment of the company and its shareholders. While no specific member of the company's board or senior management has thus far been found guilty of misconduct or negligence, the fact remains that for many years, there existed a corporate culture that allowed for the described facts to happen, leading to significant reputational and financial damage. * Due to the symbolic nature of the discharge vote in Switzerland and the historical nature of the bribery case, and because the discharge resolution is currently bundled, which does not allow shareholders to target individuals of both bodies who may have been accountable for failures of due diligence from 2015 until 2017, a vote AGAINST is warranted.</i>

5.4	Approve Virtual-Only Shareholder Meetings	Mgmt	For	For	For
<i>Voting Policy Rationale: A vote FOR this resolution is warranted, although it is not without concerns: * It would allow for virtual-only shareholder meetings on a permanent basis and the company does not elaborate on the circumstances under which virtual-only meetings would be held. The main reasons for support are: * The company is holding an in-person AGM this year and states that it does not intend to hold virtual-only meetings, but is rather seeking the necessary legal basis in its articles. * If virtual-only meetings would be held, shareholders' participation rights would be protected (in line with Swiss law).</i>

<p><i>Voting Policy Rationale: A vote AGAINST the ratification of KPMG as the company's audit firm is warranted given that the non-audit fees are 52.2 percent of the total fees received by the audit firm during the fiscal year, raising substantial doubts over the independence of the auditor.</i></p>

<p><i>Voting Policy Rationale: A vote FOR this resolution is warranted, though it is not without concerns: * The proposed amendment would allow for virtual-only shareholder meetings on a permanent basis and there is no explanation of the circumstances under which virtual-only meetings would be held. The main reasons for support are: * The company is holding an in-person AGM this year and states that general meetings will take place at the company's registered office as a general rule. * If virtual-only meetings would be held, shareholders' participation rights would be protected (in line with Swiss law).</i></p>

6	Approve Remuneration of Directors of SAR 1,600,000 for FY 2022	Mgmt	For	For	For
Voting Policy Rationale: A vote FOR the remuneration at SABIC Agri-Nutrients Co. is warranted, although it is not without concern for shareholders: * The company significantly increased board fixed remuneration and attendance fees compared to previous fiscal year; and * The inconsistency of information provided by the company concerning the proposed remuneration fees and the fees actually paid. The main reason for support is: * These amounts are in line with what other companies are offering in order to attract and retain qualified directors.

<p><i>Voting Policy Rationale: Board elections (Items 5.1, 5.2a-5.2j) A vote AGAINST incumbent nomination committee members Silvio Napoli, Erich Ammann, Luc Bonnard, and Alfred Schindler is warranted for lack of diversity on the board. Votes AGAINST the non-independent nominees: Silvio Napoli, Erich Ammann, Luc Bonnard, Guenter Schaeuble, Alfred Schindler, Tobias Staehelin, Carole Vischer, and Petra Winkler are warranted due to the failure to establish a sufficiently independent board. A vote AGAINST Adam Keswick is warranted because he holds an excessive number of mandates at listed companies. A vote AGAINST Silvio Napoli is also warranted because he serves as combined CEO and board chair, which is a breach of market best practice. A vote AGAINST Silvio Napoli is further warranted because he is the current chair of the nomination committee and the board is insufficiently gender diverse. Votes AGAINST the non-independent audit committee members: Erich Ammann (chair), Guenter Schaeuble, and Carole Vischer are further warranted due to the failure to establish a majority-independent committee and because Ammann and Schaeuble serve as executive chair and member, respectively. Votes FOR the independent nominees, Monika Buetler and Patrice Bula, are warranted due to a lack of concerns. Item 9.3 A vote FOR this item is warranted, although it is not without concern: * The article amendments would allow for virtual-only shareholder meetings on a permanent basis and the company does not explain the circumstances under which virtual-only meetings would be held. Voting Policy Rationale: Qualified support FOR the remuneration report is warranted because the report is well described and does not contravene good European executive remuneration practice. However, this is not without noting that the company took a USD 220 million provision in Q4 2022 in connection with breaches of a deferred prosecution agreement with the DOJ, which includes facts from 2022, but without the board addressing in the remuneration report how compliance related breaches with significant costs to shareholders have been addressed in the performance assessment. In addition, concerns remain with the lack of ex post disclosure of bonus targets and part of the LTIP having a performance period of one year.

The breaches were found by the DOJ to be repeated and have led to an additional fine of USD 206 million, on top of the 2019 fines. The company also pled to the original charges under the DPA concerning violations of the FCPA, including: paying bribes, falsifying books and records, and failing to implement reasonable internal accounting controls in multiple countries around the world. In June 2022, Ericsson announced that the SEC initiated an investigation into the company's 2019 Iraq investigation report. * While no specific member of the company's board of directors or management has thus far been found guilty of misconduct or negligence, the fact remains that for many years, there existed a corporate culture that allowed for the described facts and crimes to happen, leading to significant reputational and financial damage worldwide. * All above mentioned board members and deputy members were on the board at the time the 2019 DPA was entered into and therefore all bear some level of responsibility for the DPA breaches that have since been identified. They were also all already on the board when the SEC investigation was initiated. Votes FOR Carolina Dybeck Happe and Annika Salomonsson are warranted due to them having been elected at the 2022 AGM and as such, they have not been involved in the breaches of the DPA. However, some concerns are still raised regarding the lack of oversight in holding the current management and especially the president and CEO accountable.</i></p>

6.A	Approve Remuneration Policy	Mgmt	For	For	For
Voting Policy Rationale: A vote FOR these items is warranted because: * The use of stock options under variable remuneration schemes may mitigate some pay for performance concerns, as any capital gains from the exercise of options should result in a lower value than the vesting of share awards. * Variable pay structure is simplified and disclosure is above par. * The board has introduced two ESG-related metrics under the long-term incentive scheme, focusing on shifting investments away for thermal coal and towards social responsibility. However, a qualified vote is warranted because the proposed policy, which maintains the same structure and quantum overall, may not fully address recurrent pay-for-performance concerns.

6.E	Approve Buy-out Policy	Mgmt	For	For	For
Voting Policy Rationale: A vote FOR this resolution is warranted because the features of the buy-out awards are acceptable and give the company a useful instrument to attract talent.					
6.F	Advisory Vote on Remuneration Report	Mgmt	For	For	For
Voting Policy Rationale: VOTE RECOMMENDATION A vote FOR this item is warranted because: * Disclosure is above par, and ESG-related metrics are clearly defined and quantified. * 2022 variable remuneration targets were aligned with company guidance. * Changes introduced to the relative TSR component for the long-term vesting schedule reduce the award vesting in case of underperformance. However, this is not without the following concerns: * Pay for performance concerns persist and have been a recurring issue in Banco Santander. These concerns are likely based on salary levels standing well above peer median on which the entire pay package is built. * Long-term incentives account for 36 percent to total variable remuneration, which makes performance-based pay insufficiently long-term oriented.

Voting Policy Rationale: A vote FOR this resolution is warranted.					
1.4	Approve Remuneration Report	Mgmt	For	Against	Against
Voting Policy Rationale: A vote AGAINST the remuneration report is warranted because: * The individual performance-based variable remuneration component is entirely discretionary, and no ex-post performance assessment is provided to explain outcomes. * The company performance-based variable remuneration component is based upon the return on equity result, which does not appear to be challenging in light of the company's past performance. * There is no standalone long-term incentive component that measures performance over a multi-year period. * The remuneration report does not disclose any response to shareholder dissent on prior votes.					
2	Approve Discharge of Board and Senior Management	Mgmt	For	For	For
Voting Policy Rationale: A vote FOR the formal discharge of the board of directors and senior management is warranted, as there is no evidence that the board and senior management have not fulfilled their fiduciary duties.

2	Approve Discharge of Board and Senior Management	Mgmt	For	For	For
Voting Policy Rationale: A cautious vote FOR the formal discharge of the board of directors and senior management is warranted, though it is not without concern: * According to a media report, whistleblowers allege that an investigation has whitewashed suspicions of money laundering and tax evasion. * The board of directors commissioned the company's internal auditor (EY) to conduct the special investigation, raising concerns over its independence. The main reasons for support are: * The company's external auditor, Deloitte, has provided an unqualified opinion on the financial statements and has confirmed that an internal control system exists in accordance with Swiss law. * No authorities have yet announced any formal actions beyond making inquiries.

<i>Voting Policy Rationale: A vote AGAINST this item is warranted because: * The short-term incentives plan and granted awards lacks disclosure on performance indicators, threshold, target and maximum award limits, as well as level of achievement of targets applicable to the STI grants. The concern is aggravated by the potential supervisory board's discretionary power in specifying the level of fixed remuneration and in awarding the bonus to the company's executives; * The exercise price of the warrants, vested in 2022 is set at a significant discount to the market price at the time of granting the warrants, which potentially leads to payment for failure; * The supervisory board may exercise significant discretionary power in awarding bonuses to the company's executives; * The remuneration report does not sufficiently cover the topic of CHF/PLN mortgage provisions that is increasingly presenting a cost to the company and shareholders.</i>

Voting Policy Rationale: A vote FOR this resolution is warranted, although it is not without concern for shareholders because: * Concerns have been identified with the proposed adjustments to the remuneration arrangements, such as the provision for a potential full and accelerated vesting of share awards in certain circumstances and the lack of a post-vesting holding period. The awards also allow for the rolling retesting of the market capitalisation target. * The performance period of the existing LTIP is being extended by one-year. The main reasons for support are: * The Company has provided a compelling strategic rationale, noting the different focus of Dowlais. The independent businesses will benefit from tailored strategies. * Existing shareholders can still participate in the potential upside of the demerged business.

Voting Policy Rationale: A cautionary vote FOR this transaction is warranted because: * The rationale behind the merger appears to align with market trends and would leave the company with a stronger competitive position. * While execution risk is heightened by lack of prior experience in merger integration, the nature of the companies involved should partially lessen the concern. However, synergy targets appear overly ambitious vs. similar transactions. * The deal appears to be economically neutral to potentially accretive in four years for NZYM shareholders even if not reaching the level of planned synergies.

	Accept Financial Statements and Statutory Reports	Mgmt	For	For	For
Voting Policy Rationale: Vote FOR Item 1 given the lack of concern regarding the accounts presented or audit procedures used. Nevertheless, investors should consider whether an abstention is warranted to register discontent with the company as shareholders will only be entitled to participate and vote via the company-designated proxyholder. However, fiduciary voting obligations that apply for some institutional investors may preclude abstentions and require either a vote in support or against a voting resolution. Item 2 merits a vote FOR because the proposed dividend distribution and the underlying shareholder remuneration policy are supported by UniCredit's positive results and robust capital structure at the moment.

5	Approve Remuneration Policy	Mgmt	For	Against	Against
	<i>Voting Policy Rationale: This item warrants a vote AGAINST because the 30-percent fixed pay raise in favor of the CEO and the newly introduced discount on the conversion price of equity awards could lead to an excessive increase in the CEO total pay.</i>				
6	Approve Second Section of the Remuneration Report	Mgmt	For	For	For
	<i>Voting Policy Rationale: A vote FOR is warranted considering the lack of major concerns over the company's pay practices in 2022. This is not without highlighting that: * The company has not addressed the risk of windfall gains deriving from the 2022 grant under the 2022 Group Incentive System. * The remuneration report provides limited disclosure on extraordinary payments to key managers (other than the CEO).</i>				
7	Approve 2023 Group Incentive System	Mgmt	For	Against	Against
	<i>Voting Policy Rationale: A vote AGAINST is warranted because: * The company is introducing a discount adjustment mechanism on the share conversion price to account for dividends to be paid until instruments delivery. This mechanism could significantly increase the number of shares granted to the CEO and the final award. * The plan includes a compensatory mechanism according to which the over-achievement of one or more goals can offset the potential underperformance of other objectives. * The long-term objectives attached to the plan may prove undemanding with a significant qualitative component left to board discretion.</i>				
8	Approve Fixed-Variable Compensation Ratio	Mgmt	For	For	For

1.1	Accept Financial Statements and Statutory Reports	Mgmt	For	For	For
<p><i>Voting Policy Rationale: A vote FOR the annual accounts, annual report, and auditor's report for the fiscal year in review is warranted. Nevertheless, some shareholders may be concerned that the auditor has expressed an adverse opinion on the effectiveness of the group's internal controls over financial reporting as, due to these material weaknesses, the consolidated financial statements for fiscal years 2019, 2020, and 2021 were revised, and these weaknesses could further result in material misstatements in the group's consolidated annual financial statements in the future. Notwithstanding the aforementioned concerns, qualified support is considered warranted as the auditor has provided an unqualified opinion on the 2022 financial statements and recommends that they be approved.</i></p>					
1.2	Approve Remuneration Report	Mgmt	For	For	For
<p><i>Voting Policy Rationale: Ongoing challenges faced by the company continue to have a substantial impact on compensation program structure and outcomes. For 2023, the company has proposed further changes to its compensation framework and proposed sizable one-time performance-based retention share grants to executive board members. As such, it remains to be seen if and how these changes will be managed during 2023 given the context of the rescue takeover by UBS announced on March 19, 2023. Nevertheless, no significant remuneration concerns are noted for the year under review, and a cautionary vote FOR this item is warranted.</i></p>					
2	Approve Discharge of Board and Senior Management, excluding the Supply Chain Finance Matter	Mgmt	For	Against	Against
<p><i>Voting Policy Rationale: A vote AGAINST the formal discharge of the board of directors and senior management is warranted because: * A lack of oversight and poor stewardship has contributed to a situation where Credit Suisse needed Swiss government loans and a takeover by UBS (brokered by the Swiss authorities) to avoid a full collapse. * The board's failure to react to last year's significant shareholder dissent fell short of established good governance practices at the board level. * Material weaknesses were identified within the company's internal controls over financial reporting for fiscal year 2022, causing a delay in publication of the company's annual report. We note that these concerns continued to exist in the year under review, despite the auditor already raising similar concerns in fiscal years 2019, 2020, and 2021. * Shareholders are bringing legal action against the company as well as the board chair and CEO (amongst others) regarding the identified material weaknesses, and may also do so in the future in connection with the announced takeover of the company by UBS brokered by the Swiss authorities.</i></p>					
3	Approve Allocation of Income and Dividends of CHF 0.05 per Share from Capital Contribution Reserves	Mgmt	For	For	For
<p><i>Voting Policy Rationale: Qualified support FOR this dividend proposal is warranted. While this proposal was made under different circumstances, we also consider the quickly evolving situation of the company and announced takeover of the company, and according coordination of terms between Credit Suisse, UBS, and Swiss authorities. We consider that the board is in the best position to determine if distributions will be appropriate and are permitted under the changed circumstances.</i></p>

Voting Policy Rationale: A vote FOR this resolution is warranted, though it is not without concerns: * It would allow for virtual-only shareholder meetings on a permanent basis and the company does not elaborate on the circumstances under which virtual-only meetings would be held. * The company has bundled a set of amendments that could have been submitted for shareholder approval under separate resolutions, presenting shareholders with an all-or-nothing choice. The main reasons for support are: * The company is holding an in-person AGM this year, and clarifies that it does not intend to hold hybrid or virtual-only meetings going forward. * If virtual-only meetings would be held, shareholders' participation rights would be protected (in line with Swiss law). * The other amendments are considered non-contentious.

9.2	Amend Articles of Association (Incl. Approval of Virtual-Only Shareholder Meetings)	Mgmt	For	For	Do Not Vote
Voting Policy Rationale: A vote FOR this resolution is warranted, though it is not without concerns: * It would allow for virtual-only shareholder meetings on a permanent basis and the company does not elaborate on the circumstances under which virtual-only meetings would be held. * The company has bundled a set of amendments that could have been submitted for shareholder approval under separate resolutions, presenting shareholders with an all-or-nothing choice. The main reasons for support are: * The company already returned to in-person AGM's last year, and states that it plans to continue holding in-person meetings in the future. * If virtual-only meetings would be held, shareholders' participation rights would be protected (in line with Swiss law). * The other amendments are considered non-contentious.					
10	Transact Other Business (Voting)	Mgmt	For	Against	Do Not Vote
Voting Policy Rationale: A vote AGAINST is warranted because: * This item concerns additional instructions from the shareholder to the proxy in case new voting items or counterproposals are introduced at the meeting by shareholders or the board of directors; and * The content of these new items or counterproposals is not known at this time. Therefore, it is in shareholders' best interest to vote against this item on a precautionary basis.

Voting Policy Rationale: A vote FOR this item is warranted, as the proposed resolution would enhance the bank's fossil fuel policy, its current commitments to net zero activities, and help ensure stronger alignment between the bank's net zero goals and its policies and actions. In particular, the following shortcomings have been identified: * While the bank's fossil fuel policy does provide specific timelines for reducing business relationships with companies in a few fossil fuel sectors, it does not provide any phase out deadlines for oil & gas E&P and refining sector (that accounted for 90 per cent of the scope 3 related financed emissions in 2020) excepted with regards to companies where more than 5% of revenues are derived from operations relating to unconventional oil and gas. * The 2030 Net Zero aligned sector targets are set up towards 2020 baseline as being the last most updated data. * The bank has not committed to receive validation of its GHG emission reduction targets by an independent third party such as SBTi.

The main reasons for support are: * The company's compensation practices are broadly in line with market practice and equity granted under the annual incentive is subject to a three-year blocking period. * Pay and performance appear reasonably aligned at this time. 	Approve Maximum Price for Share Repurchase Program	Mgmt	For	For	For

2	Approve Remuneration Policy	Mgmt	For	For	For
	Voting Policy Rationale: A vote FOR this item is warranted because the proposed policy is well described and even though it increases the STI maximum opportunity for executives other than the CEO, and the LTI maximum opportunity for all the executives without a compelling rationale, the total variable award will be capped at 350 percent of the fix remuneration (500 percent previously), decreasing this way the company flexibility to increase the variable payment awards at its discretion. This is not without concerns because: * The proposed derogation policy does not limit anymore its elements, and the board retains discretion to set higher annual incentive maximum opportunity or long-term incentive plan award (actually applicable to executives other than the CEO). * Half of the peer group sample for the setting of the executive remuneration does not appear to be immediately comparable.

10.1	Approve Cross-Border Merger between Ferrovial SA and Ferrovial International SE	Mgmt	For	For	For
Voting Policy Rationale: A vote FOR this item is warranted because the proposed transfer of the registered headquarters from Spain to the Netherlands is accompanied by a compelling rationale, namely a US listing with expected increase in liquidity and exposure to US capital markets. However, the relocation to the Netherlands is not without consequences for minority shareholders, as their rights will be negatively affected on several aspects.					
10.2	Approve Remuneration Policy Applicable to Ferrovial International SE	Mgmt	For	For	For
Voting Policy Rationale: A vote FOR this item is warranted because the changes to and resulting terms of the company's remuneration policy are broadly line with Dutch market standards, save for the CEO's savings scheme and termination payments.					
11	Advisory Vote on Remuneration Report	Mgmt	For	For	For
Voting Policy Rationale: A vote FOR this item is warranted, considering the company's disclosure quality and lack of material concerns about practices in FY2022.					
12	Reporting on Climate Transition Plan	Mgmt	For	For	For
Voting Policy Rationale: A vote FOR this item is warranted, as the company is ahead of its emissions reduction targets for 2030. However, this is not without the following concerns: * Currently, the company excludes from its scope 3 reduction targets, category 1 (purchased goods and services) and category 2 (capital goods), which accounted for 40.7 percent of its scope 3 emissions in 2022. * While the SBTi has approved the company's 2030 emissions reduction targets and the company is aligned with a 2°C scenario, it has so far only committed to 'climate neutrality' by 2050, not SBTi-sponsored 'net zero'.					
13	Authorize Board to Ratify and Execute Approved Resolutions	Mgmt	For	For	For
Voting Policy Rationale: A vote FOR this standard resolution is warranted as it provides the board with the means to carry out the agreements validly adopted by the general meeting.

2.c	Approve Remuneration Report Excluding Pre-Merger Legacy Matters	Mgmt	For	For	For
<i>Voting Policy Rationale: A qualified vote FOR is warranted as the proposed remuneration report is in in line with market practice, regarding actual content and disclosure. However, a concern is raised on (i) lack of clarity regarding the key perquisites allocated to both the CEO and chairman, (ii) a portion of 25 percent of the LTI plan not being subject to performance and there is an annual grant equal to 150 percent of base salary, and (iii) a lack of disclosure of non-financial STI performance metrics (weight 20%) regarding actual achievement and payout. Also, continued concerns remain regarding the existence of the transformation incentive and shareholder return incentive as introduced in 2021. Whereas no payout occurred in the past fiscal year, if performance targets are achieved per Dec. 31, 2025, this could lead to a EUR 40 million payout (market value at the time of writing this report) on top of the CEO's existing pay package and may be considered excessive once vested.</i>

<i>Voting Policy Rationale: A vote AGAINST this item is warranted. 5	Amend Remuneration Policy	Mgmt	For	For	For
<i>Voting Policy Rationale: A vote FOR is warranted as the proposed amendment(s) as well as the overall structure of the remuneration policy are considered to be in line with market practice. However, a concern is raised as the company failed in disclosing performance metrics assessment including weights and targets under the STIP. Furthermore, the company did not disclose the limits applied to the derogation clause and details on how the company can temporarily derogate. These concerns are mitigated as the of the remuneration policy proposes to the shareholders to amend paragraph 6 of the remuneration policy to provide for equity awards under the company's LTIP to consist only of PSUs for the executive directors beginning with the 2023 grant and to no longer allow below median TSR vesting, which is in line with best governance practices.</i>

The payout granted by the company did not reflect the company's recent turmoil. * A significant part of the vice-CEO's cash remuneration, due under his employment contract, is not subject to shareholders' approval (Item 7). The main reasons for support are: * The overperformance of bonus' financial criteria mitigated the concerns raised from their vesting scale. * The continued high level of disclosure on the bonus performance conditions either in respect of the chair/CEO and vice-CEO's mandate than under the vice-CEO's employment contract (Item 7).</i>

The company showed responsiveness on last year's shareholders' dissent by improving its disclosure on LTI plans, both backward looking and forward looking and the STI performance assessment and payout, in retrospect to the FY2022 outlook, is not considered controversial. As such, performance achievements underlying the requested amount are unclear. * Assessment of the strategic targets under the STI is discretionary. * Variable payouts are not subject to explicit caps. * Because the company has not provided shareholders with a non-binding resolution on the remuneration report, this is the most appropriate item for expressing a view on the company's variable remuneration practices.

Voting Policy Rationale: Votes FOR the proposed article amendments are warranted because: * The company is seeking the necessary flexibility for hybrid and virtual-only meetings if required in special circumstances. However, it confirms that it plans to continue to hold in-person meetings going forward and is returning to an in-person format this year. If virtual-only meetings were to be held, shareholders' participation rights would be protected (in line with Swiss law). * The additional amendments are overall non-contentious in nature and largely reflect amendments in line with new Swiss statutory requirements.

1	Accept Financial Statements and Statutory Reports for Fiscal Year Ended Dec. 31, 2022	Mgmt	For	For	For
<i>Voting Policy Rationale: Since February 2018, CCR SA (CCR) has been the target of investigations under Operation Car Wash, due to allegations of money laundering and illegal political donations in the state of Sao Paulo, as well as of embezzlement and participation in a corrupt scheme around highway tolls concessions in the state of Parana. In November 2018, CCR signed leniency agreements with Brazilian authorities in the states of Sao Paulo and Parana. CCR's external independent auditor has issued an unqualified opinion for fiscal year 2022. However, considering that the full extent of the impact of such practices may not be known until the conclusion of the ongoing investigations, cautionary support FOR the company's financial statements and statutory reports is recommended at this time.</i>

The main reasons for support are: * The company's remuneration practices are broadly in line with market practice and there are no significant concerns regarding outcomes for the past year. * The vesting scale for target achievement under the LTI has been made more rigorous compared with the prior year. * The company references the targets communicated under its mid-term guidance in order to gauge the rigor of plans.</i>

10	Elect Rubens Ometto Silveira Mello as Board Chairman and Marcelo Eduardo Martins as Vice-Chairman	Mgmt	For	Against	Against
<i>Voting Policy Rationale: The company has proposed an unbundled board election, allowing shareholders to vote separately on each nominee. The board overall independence level of 30 percent fails to meet institutional investors' expectations. As such, a vote AGAINST non-independent director nominees Rubens Ometto Silveira Mello (chairman), Riccardo Arduini, Burkhard Otto Cordes, Jose Leonardo Martin de Pontes, Maria Rita de Carvalho Drummond, Julio Fontana Neto and Marcelo Eduardo Martins is warranted given the proposed board's overall lack of independence. In addition, a vote AGAINST the bundled resolution to elect Rubens Ometto Silveira Mello as the board chair and Marcelo Eduardo Martins as the vice-chair is warranted due the lack of board independence. A vote FOR independent director nominees Janet Drysdale, Marcos Sawaya Jank, and Maria Carolina Ferreira Lacerda is warranted given that it would be counter-productive to oppose independent director nominees.</i>
