3	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	Against	Against
	<i>Voting Policy Rationale: A vote AGAINST this proposal is warranted. While annual incentives were based on financial performance, specific targets and actual quantified results were not disclosed, hindering investors' ability to analyze goal rigor. Further, for FY22, the committee used discretion to increase payouts, including to the CEO. More concerning however, is a special grant made to CEO Reynal, with limited rationale. While the award is contingent upon rigorous performance goals, the magnitude is outsized and grant values disclosed in proxy pay tables do not yet include additional stock options that were granted in early 2023. The award also appears to be made in addition to regular annual grants, as the CEO also received an annual equity award in FY22.</i>

Voting Policy Rationale: A vote AGAINST the proposal is warranted. CEO pay as valued by Social Advisory Services increased by more than 33 percent year-over-year, and was nearly three times the median CEO pay in the company-selected peer group. The company also utilizes a high maximum opportunity in the short- and long-term programs. With the annual bonus earned at maximum in FY22, the CEO received a payout at four times his target bonus opportunity. In addition, the company amended FY22 equity awards, switching to stock price goals with only limited rationale explaining why the original goals were no longer appropriate. While the new goals require an increase in stock price, they were awarded after a rather steep decline in price. Lastly, other NEO pay is also relatively high, as compared to the median peer CEO.

2	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	For	For
Voting Policy Rationale: A vote FOR this proposal is warranted. The annual bonus was based on pre-set objective metrics. Although the long-term incentive program was entirely based in time-vested equity, the company agreed to not grant performance equity in connection with the impending merger, while the values granted were relatively reasonable. Though certain NEOs received accelerated severance-related benefits during the year, these do not appear to result in any additional value for the executive that would not otherwise be payable.					
3	Advisory Vote on Say on Pay Frequency	Mgmt	One Year	One Year	One Year
Voting Policy Rationale: A vote for the adoption of an ANNUAL say-on-pay frequency is warranted. Annual say-on-pay votes are considered a best practice as they give shareholders a regular opportunity to opine on executive pay.					
4	Ratify PricewaterhouseCoopers LLP as Auditors	Mgmt	For	For	For
Voting Policy Rationale: A vote FOR this item is warranted because only 20.57 percent of the fees paid to the auditor are for non-audit purposes.					
5	Submit Severance Agreement (Change-in-Control) to Shareholder Vote	SH	Against	For	For
Voting Policy Rationale: A vote FOR this proposal is warranted. The proposal is not an outright ban on the acceleration of awards or other severance arrangements; rather, future agreements that exceed the severance basis would likely require shareholder ratification. Furthermore, the proposal only applies to future severance arrangements and therefore would not impact all severance programs that are currently in place.					
6	Adopt Policy on Freedom of Association and Collective Bargaining	SH	Against	For	For

5	Amend Omnibus Stock Plan	Mgmt	For	Against	Against
	<i>Voting Policy Rationale: Based on an evaluation of the estimated cost, plan features, and grant practices using the Equity Plan Scorecard (EPSC), a vote AGAINST this proposal is warranted due to the following key factors: * The plan cost is excessive; * The three-year average burn rate is excessive; * The disclosure of change-in-control ("CIC") vesting treatment is incomplete (or is otherwise considered discretionary); and * The plan allows broad discretion to accelerate vesting.</i>				
6	Amend Certificate of Incorporation to Limit the Liability of Certain Officers	Mgmt	For	For	For

As such, shareholders are in no position to assess the pay for performance alignment. * There is limited disclosure in relation to STI. The retrospective disclosure targets for each KPI and the levels of their achievements were not disclosed. * The company does not disclose some details of the termination conditions and not-compete arrangements for the former CEO and other executives. While the remuneration policy provides the sufficient disclosure on these contractual terms, more detailed disclosure in actual implementation of the established principles would be beneficial. * The company does not maintain any long-term variable remuneration, while establishing variable remuneration with the performance criteria assessed through few years would benefit the company by creating the long-term incentives for executives.</i>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	Against	Against
Voting Policy Rationale: A vote AGAINST the proposal is warranted. The compensation committee was adequately responsive to last year's low say-on-pay vote result. Furthermore, the STI program was based on pre-set objective measures and paid out below target, which was in line with recent company performance. The LTI program was majority based on performance equity with multi-year performance periods with rigorous forward-looking goals disclosed. However, the company allowed a former NEO to retain a sizeable cash bonus they would have been contractually obligated to pay back upon a voluntary resignation. Such an enhancement is considered a problematic pay practice.					
4	Amend Omnibus Stock Plan	Mgmt	For	Against	Against
Voting Policy Rationale: Based on an evaluation of the estimated cost, plan features, and grant practices using the Equity Plan Scorecard (EPSC), a vote AGAINST this proposal is warranted due to the following key factors: * The plan cost is excessive; * The disclosure of change-in-control ("CIC") vesting treatment is incomplete (or is otherwise considered discretionary); and * The plan allows broad discretion to accelerate vesting.

1.1	Elect Director Shellye Archambeau	Mgmt	For	Withhold	Withhold
Voting Policy Rationale: WITHHOLD votes are warranted for incumbent nominees Benjamin (Ben) Horowitz, Shellye Archambeau and Robert Dixon Jr. for lack of diversity on the board. In the absence of governance committee members on ballot, WITHHOLD votes are warranted for incumbent director nominees Benjamin (Ben) Horowitz, Shellye Archambeau, and Robert Dixon Jr. given the board's failure to remove, or subject to a reasonable sunset requirement, the classified board structure, the supermajority vote requirement to enact certain changes to the governing documents, and the multi-class capital structure with disparate voting rights, each of which adversely impacts shareholder rights.					
1.2	Elect Director Robert L. Dixon, Jr.	Mgmt	For	Withhold	Withhold
Voting Policy Rationale: WITHHOLD votes are warranted for incumbent nominees Benjamin (Ben) Horowitz, Shellye Archambeau and Robert Dixon Jr. for lack of diversity on the board. 2	Ratify Ernst & Young LLP as Auditors	Mgmt	For	For	For
Voting Policy Rationale: A vote FOR this item is warranted because only 1.69 percent of the fees paid to the auditor are for non-audit purposes.					
3	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	For	For
Voting Policy Rationale: Following low say-on-pay support last year, the company engaged with shareholders, disclosed the feedback response, and took responsive actions. The introduction of performance equity meaningfully improves the incentive pay structure. It is also positive that the STIP was based entirely on financial metrics, and negative discretion was applied to payouts. In light of these factors, a vote FOR this proposal is warranted. The unusual design of the new PSU program warrants continued monitoring, and some shareholders may prefer to see a program that is completely based on a multi-year measurement period.

3	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	Against	Against
Voting Policy Rationale: A vote AGAINST this proposal is warranted. The new co-CEO received relatively outsized new-hire awards, the majority of which were completely time-based. Furthermore, there is no disclosure of the specific performance targets underlying the annual incentive plan, and the company's regular equity awards remain entirely time-based.					
4	Amend Bylaws to Require Shareholder Approval of Certain Provisions Related to Director Nominations by Shareholders	SH	Against	Against	Against
Voting Policy Rationale: A vote AGAINST this proposal is warranted. The proposal language may result in a bylaw amendment that is both overly restrictive of the board's ability to amend the bylaws, and not necessarily in the interest of shareholders. Further, there do not appear to have been any problematic bylaw amendments unilaterally adopted by the board that would suggest that support for this proposal is warranted.

5	Amend Articles to Disclose Greenhouse Gas Emission Reduction Targets Aligned with Goals of Paris Agreement	SH	Against	For	For
	<i>Voting Policy Rationale: A vote FOR this shareholder proposal is recommended because: * The company's net zero 2050 commitment covers its scope 1, 2, and 3 category 15 emission that account for up to 6 percent of its total emissions. The request under Item 5 is to set and disclose a business plan with short term and mid-term greenhouse gas emission targets aligned with the goals of the Paris agreement. While the newly disclosure of the scope 3 (cat 11) GHG emissions is positively noted, the absence of any detailed information about the plan with regards to the strategy addressing the company's scope 3 category 11 (use of sold products) that represent approx. 94 percent of the company's total emissions raises concerns about the credibility of the company's net zero commitment.</i>				
6	Amend Articles to Disclose Evaluation concerning Consistency between Capital Expenditures and Net Zero Greenhouse Gas Emissions by 2050 Commitment	SH	Against	For	For
	<i>Voting Policy Rationale: A vote FOR this shareholder proposal is recommended because: * The capital expenditure disclosure requested under Item 6 would help investors understand the financial risks the company is facing in a decarbonized economy where demand in oil & gas will progressively decrease. In addition, the proposal wording is deemed sufficiently accurate without being too prescriptive and should therefore not lead the company to breach any trade secrets while the requested annual reporting effort does not appear overly burdensome.</i>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	Against	Against
Voting Policy Rationale: A vote AGAINST this proposal is warranted. A pay-for-performance misalignment for the year under review is mitigated given that annual and long-term incentives are sufficiently tied to objective performance measures, although continued monitoring is warranted given goal rigor and disclosure concerns under the annual incentive program. However, the compensation committee did not demonstrate sufficient responsiveness to last year's say-on-pay vote result. Specifically, the company does not disclose any shareholder concerns or specific feedback and the committee did not take any specific actions in response to the nearly half its shareholders opposing last year's say-on-pay.					
4	Advisory Vote on Say on Pay Frequency	Mgmt	One Year	One Year	One Year
Voting Policy Rationale: A vote for the adoption of an ANNUAL say-on-pay frequency is warranted. Annual say-on-pay votes are considered a best practice as they give shareholders a regular opportunity to opine on executive pay.

<p><i>Voting Policy Rationale: A vote AGAINST this resolution is warranted in view of the following concerns: * We believe that the current payment structure, sufficiently covers the overall overheads cost and any incremental expenses incurred by the parent entity and there is no strong justification for the increase in royalty/central services fee, from the current arrangement. * The company is only seeking shareholders' approval for the central services fee arrangement, while royalty and brand usage payout have been kept out of the shareholders' review as it does not exceed the RPT threshold for seeking shareholders' approval. While not mandated by regulations, given the overlapping and complementary nature of the services provided by the parent company, we raise concerns on the company not presenting the overall royalty/fee structure with Unilever Plc for shareholder approval.</i></p>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	Against	Against	Against
	Voting Policy Rationale: The compensation committee was sufficiently responsive after receiving significant opposition to the 2022 say-on-pay proposal. The committee made positive changes to the LTI program and committed to include only double-trigger change-in-control provisions in any new employment agreements, addressing key shareholder concerns. While annual incentives were entirely tied to objective financial metrics with rigorous targets and a substantial portion of the NEOs' LTI awards were tied to performance conditions, concerns are noted surrounding the lack of forward-looking goals in the LTI. Moreover, CEO pay is high relative to company performance compared to the company's peers and in relation to company peer group CEO median pay levels. As such, a vote AGAINST this proposal is warranted.				
	Advisory Vote on Say on Pay Frequency	Mgmt	One Year	One Year	One Year
Voting Policy Rationale: A vote for the adoption of an ANNUAL say-on-pay frequency is warranted. Annual say-on-pay votes are considered a best practice as they give shareholders a regular opportunity to opine on executive pay.

3	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	Against	Against
Voting Policy Rationale: A vote AGAINST this proposal is warranted. While the annual incentive program is predominantly based on objective financial criteria and payouts were below target, significant structural concerns were identified regarding the equity incentive program. Specifically, the large majority of equity incentives lack performance conditions. This concern is magnified as the LTIP utilizes annual measurement period for PSUs, rather than requiring sustained performance over a multi-year period. This concern is further heightened as the company uses an overlapping metric and target goal between the short- and long-term programs.					
4	Advisory Vote on Say on Pay Frequency	Mgmt	One Year	One Year	One Year
Voting Policy Rationale: A vote for the adoption of an ANNUAL say-on-pay frequency is warranted. Annual say-on-pay votes are considered a best practice as they give shareholders a regular opportunity to opine on executive pay.

2	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	For	For
Voting Policy Rationale: A vote FOR this proposal is warranted. Some concerns exist regarding the high degree of discretion used in the STI program, as well as the rigor of performance awards. However, targets for the pre-set financial metrics for the STI were set above prior year achievement, equity awards remain majority performance-conditioned, and pay and performance were reasonably aligned for the year under consideration.					
3	Advisory Vote on Say on Pay Frequency	Mgmt	One Year	One Year	One Year
Voting Policy Rationale: A vote for the adoption of an ANNUAL say-on-pay frequency is warranted. Annual say-on-pay votes are considered a best practice as they give shareholders a regular opportunity to opine on executive pay.					
4	Approve Qualified Employee Stock Purchase Plan	Mgmt	For	For	For
Voting Policy Rationale: A vote FOR this proposal is warranted given that the purchase price is reasonable, the number of shares reserved is relatively conservative, and the offer period is within the prescribed limits under Section 423 of the Internal Revenue Code.					
5	Ratify PricewaterhouseCoopers LLP as Auditors	Mgmt	For	For	For
Voting Policy Rationale: A vote FOR this item is warranted because only 2.80 percent of the fees paid to the auditor are for non-audit purposes.					
6	Report on Overseeing Risks Related to Discrimination	SH	Against	Against	Against
Voting Policy Rationale: A vote AGAINST this resolution is warranted as the company provides adequate disclosures related to its anti-discrimination policies.					
7	Report on Establishing Merchant Category Code for Gun and Ammunition Stores	SH	Against	For	For
Voting Policy Rationale: A vote FOR this proposal is warranted. Considering the stunted adoption of the merchant category code (MCC) for gun and ammunition stores, despite numerous public commitments from the company, shareholders would benefit from further information regarding clarified goals and progress towards implementing changes.

8	Report on Lobbying Payments and Policy	SH	Against	For	For
Voting Policy Rationale: A vote FOR this proposal is warranted, as additional disclosure of the company's direct and indirect lobbying-related expenditures would help shareholders better assess the risks and benefits associated with the company's participation in the public policy process.					
9	Amend Bylaws to Require Shareholder Approval of Certain Provisions Related to Director Nominations by Shareholders	SH	Against	Against	Against
Voting Policy Rationale: A vote AGAINST this proposal is warranted. The proposal language may result in a bylaw amendment that is both overly restrictive of the board's ability to amend the bylaws, and not necessarily in the interest of shareholders. Further, there does not appear to have been any problematic bylaw amendment unilaterally adopted by the board that would suggest a need to impose the restrictions sought by this proposal.					
10	Report on Cost-Benefit Analysis of Diversity and Inclusion Efforts	SH	Against	Against	Against
Voting Policy Rationale: A vote AGAINST this proposal is warranted, as the company provides sufficient disclosure on the benefits of its diversity, equity, and inclusion efforts, and it is not standard industry practice for a company to disclose a detailed cost-benefit analysis of its diversity and inclusion efforts.

2	Approve Remuneration Report	Mgmt	For	For	For
	<i>Voting Policy Rationale: A vote FOR the remuneration report is warranted although it is not without concern because: * The 2020 LTIP grant was made when the share price was at a Covid-related low point, creating the potential for windfall gains. The main reasons for support are: * Over the past three years, TSR has outperformed peers, mitigating against a voting sanction based on windfall gains; * Pay and performance appear to be broadly aligned; and * No other significant concerns have been identified. Similar to previous years, it is noted that quantum of the remuneration package is high. However, private equity is an exceptionally high-paying sector; and, as mentioned for the year under review, there has been no misalignment between pay and performance.</i>

	<i>Voting Policy Rationale: A vote FOR this resolution is considered warranted although it is not without concern for shareholders: * The Remuneration Committee has discretion to allow LTIP awards to vest in "bad leaver" circumstances. 	<i>Voting Policy Rationale: Although the company made a major improvement to not grant SARs award below the current market price, a vote AGAINST is warranted because the proposed benefits related to the SARs granted to the CEO and CECO as it appears that these awards may partially vest before the third anniversary from the date of grant.</i>
