An ABSTAIN vote recommendation is warranted for Item 4 in the absence of publicly-available information, disclosed in a timely manner, regarding a cumulative voting request presented by shareholders. In addition, as Vale is a dispersed-capital company, in the event cumulative voting is adopted, which can be requested by holders of 5 percent of the company's up to 48 hours prior to the meeting, vote recommendations are as follows: * Items 6, 7.2, 7.4, 7.7, 7.9, 7.10, 7.11, and 7.12: FOR the equal distribution of votes in the event of a cumulative election, indicating the intention to equal distribute the votes and support the same candidates supported under the individual elections (as further discussed under Items 5.2-5.12); * Item 7.5: AGAINST the board chair during the fiscal year under review, who is also nominated as an independent incumbent candidate, due to poor board oversight of ESG risk exposures at the firm (further discussed under 5.5); * Item 7.1: Cautionary support FOR the proposed incumbent non-independent nominee, who is also nominated as the new non-independent chair of the company (replacing the previous independent chair, as further discussed under Item 8); * Items 7.3 and 7.6: AGAINST nominees Fernando Jorge Buso Gomes and Luis Henrique Cals de Beauchair Guimaraes due to governance and overboarding concerns, respectively; and * Item 7.8: AGAINST proposed independent incumbent nominee, who is also nominated as board vice-chair of the company (further discussed under Item 9) because the company is not aligned with investor expectations on Net Zero by 2050 targets and commitments (further discussed under 5.8).</i></p>

Significant risks to shareholders stemming from severe ESG controversies have been identified at the company, which reflects a failure by the board to proficiently guard against and manage material environmental, social and governance risks. * Items 5.5: AGAINST Jose Luciano Duarte Penido who served as board chair for the fiscal year under review, given that the chair of the board ultimately shoulders the most responsibility amongst all board members for failing to effectively supervise the management of risks to the company and its shareholders, and should therefore be held the most accountable for poor board oversight of ESG risk exposures at the firm. 2	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	For	For
	Voting Policy Rationale: A vote FOR this proposal is warranted as pay and performance are reasonably aligned for the year under consideration. Annual incentives were largely based on pre-set financial metrics and equity awards were targeted to be half performance-conditioned with multi-year performance periods.				
3	Advisory Vote on Say on Pay Frequency	Mgmt	One Year	One Year	One Year
	Voting Policy Rationale: A vote for the adoption of an ANNUAL say-on-pay frequency is warranted. Annual say-on-pay votes are considered a best practice as they give shareholders a regular opportunity to opine on executive pay.

3	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	Against	Against
	<i>Voting Policy Rationale: The increase in CEO pay is primarily driven by a one-time equity award valued by the company at \$15 million. On the positive side, the award requires significant TSR appreciation to vest. However, the sustainment requirement period is relatively short and may reward short-term spikes in share price without long-term sustained share price appreciation. Additionally, although annual LTI awards are predominantly based on rigorous, clearly disclosed goals, there are significant concerns regarding STI program structure and disclosure. The majority of the corporate component is based on goals for which quantified targets are not disclosed. The proxy also does not disclose threshold or maximum goals for any metrics, individual metric weightings, nor sufficient details around the CEO's individual performance component (which was achieved at maximum). In light of the concerns noted above, the quantitative pay-for-performance misalignment is not mitigated and a vote AGAINST this proposal is warranted.</i>

5	Submit Severance Agreement (Change-in-Control) to Shareholder Vote	SH	Against	For	For
	<i>Voting Policy Rationale: A vote FOR this proposal is warranted. The board's severance plan document establishes a reasonable limit on cash severance. However, the proxy does not disclose a policy or requirement that payments in excess of amounts provided under the plan are subject to shareholder approval. Without such a requirement, shareholders do not have adequate assurances that the company's current practice safeguards against excessive severance payments.</i>

1	Accept Financial Statements and Statutory Reports	Mgmt	For	For	For
Voting Policy Rationale: A vote FOR the Company's routine submission of the directors' report and financial statements is warranted as no significant concerns have been identified.					
2	Approve Remuneration Report	Mgmt	For	Against	Against
Voting Policy Rationale: A vote AGAINST this item is warranted because: * A new Tranche of awards was granted under the Company's Value Creation Plan (VCP) with reduced performance targets than existing tranches. The awards are of particular note, as they took place following the Company's June 2022 capital raise. * The Executive Directors received bonuses of between c. 54-58% for FY2022, despite there being questions surrounding the financial nature of some of the Company's bonus metrics. This suggests that the non-financial metrics may not be congruent with financial performance. In addition, the payouts, which were close to maximum for some metrics, do not seem to acknowledge the Company's financial position. The Company recorded a GBP 500m pre-tax loss for the year under review, the share price has fallen c.81% since 2021 and was one of the most shorted stocks on the FTSE All-Share Index at the time of writing.

1m	Elect Director Robert O. Work	Mgmt	For	Against	Against
<i>Voting Policy Rationale: A vote AGAINST nominating committee members Dinesh Paliwal, Fredric Reynolds, James (Sandy) Winnefeld Jr. and Robert Work is warranted for lack of diversity on the board. A vote AGAINST the incumbent chair of the committee responsible for climate risk oversight, Robert Work, is warranted because the company is not aligned with investor expectations on Net Zero by 2050 targets and commitments. Significant risks to shareholders stemming from severe ESG controversies have been identified at the company, which reflects a failure by the board to proficiently guard against and manage material environmental, social and governance risks. * A vote AGAINST CEO/Chair Gregory (Greg) Hayes are warranted given that the CEO and chair of the board ultimately shoulders the most responsibility amongst all board members for failing to effectively supervise the management of risks to the company and its shareholders, and should therefore be held the most accountable for poor board oversight of ESG risk exposures at the firm. A vote FOR the remaining director nominees is warranted at this time.</i>					
2	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	Against	Against
<i>Voting Policy Rationale: A vote AGAINST this proposal is warranted due to the following concerns: * A majority of equity awards to the CEO are not tied to performance-contingent pay elements; and * High CEO pay relative to company performance compared to the company's peers.</i>

4	Approve Discharge of Directors	Mgmt	For	For	For
Voting Policy Rationale: A cautionary vote FOR this item is warranted given the lack of any specific concern with the board's actions over the past year. However, cautionary support is warranted as the company has failed to demonstrate good stewardship by failing to submit the remuneration to a shareholder vote. Despite not being formally required due to the company's cross market status, both in US and Luxembourg companies are required to offer shareholders a say-on-pay.					
5	Elect Directors (Bundled)	Mgmt	For	Against	Against

2	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	Against	Against
Voting Policy Rationale: A vote AGAINST this proposal is warranted due to an unmitigated pay-for-performance misalignment. Notwithstanding a decrease in performance year pay and an LTI program under which half of awards are based on clearly disclosed multi-year goals, there are significant concerns surrounding the incentive determination process. The company's framework for determining total incentive pay (including STI awards) incorporates a significant degree of committee discretion and lacks key disclosures, such as category or individual metric weightings, quantified, pre-set goals, and target and maximum STI opportunities. This structure and the lack of key disclosures preclude an assessment of the merit and boundaries of total pay.

2	Approve Remuneration Report	Mgmt	For	For	For
<p><i>Voting Policy Rationale: A vote FOR this item is considered warranted, but is not without concern for shareholders: * Given the internal control failing, losses attributed, and reputational damage in relation to the over-issuance of securities in the US, there may be scope for further reductions to pay. The main reasons for support are: * The reductions implemented are substantial; * Detailed rationale on the approach taken has been supplied; * The CEO and FD are new to their roles, having been appointed in November 2021 and April 2022, respectively. The over-issuance, which stems from 2017, came to light in March 2022; * Actions have been taken to reward those who identified and escalated the issue and worked toward its remediation. Conversely, negative adjustments will be contemplated for individuals considered responsible (once investigations are complete); and * Perhaps most importantly, the Committee exercised discretion in not removing the impact of the over-issuance and the penalties from remuneration outcomes. The financial measures for the LTIP and bonus are defined as being exclusive of material one-off items. Therefore, downward discretion was exercised to include them in outcome. Separately, attention is also drawn to the 2020 LTIP awards, which vested at 70% and appear to benefit from the timing of their grant. However, the Company has sufficiently disclosed its rationale in not considering the gain to be a 'windfall', by reference to the timing of grants and share price movements.</i></p>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	For	For
	<p><i>Voting Policy Rationale: A vote FOR the proposal is warranted. In response to a low say-on-pay vote result, the compensation committee engaged with shareholders and disclosed specific feedback received, then made positive changes to the pay program to address these concerns. In addition, a pay-for-performance misalignment is mitigated for in the year in review. The annual bonus paid out considerably below target, which was largely in line with company performance, and the payout is largely based on pre-set objective metrics. The concerns in the LTI program are also mitigated for the year in review, as key shareholder concerns surrounding the LTI performance period and metric overlap are expected to be addressed in future grants. In addition, the entirety of the CEO's equity grant was in performance-conditioned equity. The CEO's target grant value was also relatively low in FY22, and the award was forfeited when both LTI metrics did not perform at threshold. However, one NEO has received multi-year relocation and expatriate payments of a considerable value, which warrants continued monitoring.</i></p>

The last such instalment was granted in 2022 and was triggered by the prolongation of the current contract. * The company's remuneration practices are broadly in line with market practice and there are no significant concerns regarding outcomes for the past year, and pay and performance appear reasonably aligned at this time.					
7	Approve Virtual-Only Shareholder Meetings Until 2025	Mgmt	For	For	For
Voting Policy Rationale: A vote FOR the proposed article amendment is warranted because: * The authorization is limited to a period of two years and alternative meeting formats are not precluded, while shareholders' participation rights would be protected (in line with German law). However, this proposal is not without concern: * The company does not elaborate on the circumstances under which virtual-only meetings would be held; rather, decisions will be made on a case-by-case basis.

8	Approve Remuneration Policy	Mgmt	For	For	For
<i>Voting Policy Rationale: A vote FOR this resolution is warranted because the proposed remuneration policy is broadly in line with market practice and SRD II. However, it is not without concerns: * The combined +/-35 percent discretion via the two modifiers on the variable compensation can be considered high and not aligned with market best practice. * Below peer median vesting is possible, which may not be considered sufficiently challenging.</i>					
9	Approve Remuneration Report	Mgmt	For	For	For
<i>Voting Policy Rationale: A vote FOR this resolution is warranted because the company's remuneration report is broadly in line with best practice standards in Germany, and pay appears reasonably aligned with performance at this time. However, this is not without concerns: * The STI target achievement was subject to discretionary adjustments via transformation targets (+20 percent), for which ex-post disclosure is limited, thus blurring the link between performance and pay. We further note that this is the second year in a row in which such a high adjustment was made under the transformation targets. * Certain executives received fringe benefits that may be considered excessive, particularly in the absence of a clear and compelling rationale.</i>

<i>Voting Policy Rationale: A vote FOR the proposed article amendment is warranted because: * The authorization is limited to a period of two years and alternative meeting formats are not precluded, while shareholders' participation rights would be protected (in line with German law). However, this proposal is not without concern: * The company does not elaborate on the circumstances under which virtual-only meetings would be held; rather, decisions will be made on a case-by-case basis.</i>

3	Approve Remuneration Report	Mgmt	For	Against	Against
	<i>Voting Policy Rationale: A vote AGAINST is warranted because of particular concern regarding the extraordinary share award. The company awarded an extraordinary share award and is not subject to pre-determined performance conditions. Although we recognize that the AGM in 2022 approve the discretionary share grant, we continue to raise concern with this practice and also note that approximately 55 percent of the free float vote against (assuming the Sawiris family' voted all shares held and in favor of the proposal). Moreover, some level of concern is raised with the CEO receiving additional base pay from a role as CEO of company subsidiary (Fertiglobe), albeit separately listed. However, this is not without noting improvements on the level of disclosure in the remuneration report on the performance assessment and outcomes under both the LTI and STI.</i>

	<i>Voting Policy Rationale: A vote AGAINST is warranted because * Reduced transparency on the performance metrics and their relative weighting of specific KPIs under the STI; * Significant increases in the overall pay package (for CEO at-target +33%) without a compelling and supporting justification for the increases, while the pay package is already considered to be substantially above Social Advisory Services selected peers; and * Although the company covers it has engaged with shareholders, absence of clear and compelling responsiveness to last year's rejection of the proposed remuneration policy.</i>

Voting Policy Rationale: A vote FOR the Company's routine submission of the directors' report and financial statements is warranted as no significant concerns have been identified.					
2	Approve Remuneration Report	Mgmt	For	For	For
Voting Policy Rationale: A vote FOR this item is warranted, although it is not without concern: * Quantum of pay arrangements available to the Executive Directors remains high. Furthermore, the incoming CEO's salary has been positioned above that of his predecessor and he has received a significant bonus award for the year under review, despite only serving in the role for the last three months of the reporting period. The main reasons for support are: * The remuneration arrangements appear to acknowledge the sudden departure of the CEO. Whilst the permanency of the CEO's position is unclear at present, this arrangement will remain under review. * The implementation of the policy for the period under review does not raise any significant concerns.

<i>Voting Policy Rationale: A vote FOR the remuneration report is warranted, though it is not without concerns: * There is limited ex-post disclosure to explain the evolution of variable payouts versus company performance. * There is no standalone long-term incentive component that measures performance over a multi-year period. 11.1	Approve Virtual-Only or Hybrid Shareholder Meetings	Mgmt	For	For	For
Voting Policy Rationale: A vote FOR this resolution is warranted, although it is not without concerns: * It would allow for virtual-only shareholder meetings on a permanent basis and the company does not elaborate on the circumstances under which virtual-only meetings would be held. The main reasons for support are: * The company is holding an in-person AGM this year and states that it does not intend to hold virtual-only meetings, but is rather seeking the necessary legal basis in its articles. * If virtual-only meetings would be held, shareholders' participation rights would be protected (in line with Swiss law). * The additional amendments regarding virtual participation of shareholders and hybrid meetings would have a positive effect on shareholder rights.

	<i>Voting Policy Rationale: The formal discharge of three management board members is highlighted for shareholder attention due to the settlements with major investors and US authorities in the Structured Alpha Funds in 2022, and the fact that these three members served the management board during the time of the alleged fraud: Oliver Baete (Item 3.1), Giulio Terzariol (Item 3.7), and Guenther Thallinger (Item 3.8). Due to the high level of fines (nearing USD 1 billion), some shareholders may wish to use the discharge resolution to hold management accountable. Nevertheless, cautious support FOR the management and supervisory board members is considered warranted because of the swift response by the company in taking remedial measures and paying back investors nearly USD 5 billion, open and transparent communication throughout the matter, and the fact that the management and supervisory boards swiftly initiated internal reviews and commissioned external investigations from various independent consultants, and these reviews and investigations did not reveal any breaches of duty by current or former members of the management board. <p><i>Voting Policy Rationale: The formal discharge of three management board members is highlighted for shareholder attention due to the settlements with major investors and US authorities in the Structured Alpha Funds in 2022, and the fact that these three members served the management board during the time of the alleged fraud: Oliver Baete (Item 3.1), Giulio Terzariol (Item 3.7), and Guenther Thallinger (Item 3.8). Due to the high level of fines (nearing USD 1 billion), some shareholders may wish to use the discharge resolution to hold management accountable. Nevertheless, cautious support FOR the management and supervisory board members is considered warranted because of the swift response by the company in taking remedial measures and paying back investors nearly USD 5 billion, open and transparent communication throughout the matter, and the fact that the management and supervisory boards swiftly initiated internal reviews and commissioned external investigations from various independent consultants, and these reviews and investigations did not reveal any breaches of duty by current or former members of the management board. Votes FOR the remaining management board members and the supervisory board members are warranted due to a lack of further concerns.</i></p>

2	Approve Remuneration Report	Mgmt	For	For	For
Voting Policy Rationale: A vote FOR the remuneration policy is warranted but not without concerns: * The share price used to determine the 2020 LTIP was that at the onset of COVID-19, a time at which the Company's share price fell. The main reasons for support: * The Company acknowledged the potential for windfall gains and exercised discretion in reducing the CEO's award upon vesting by 10%. * In 2020, upon stepping into the role, the CEO's LTIP was granted at a level below that of the predecessor, i.e. at 147% of base salary vs. 300% of base salary for the predecessor, and the Company experienced generally positive financial performance since her appointment.					
3	Approve Climate-Related Financial Disclosure	Mgmt	For	For	For
Voting Policy Rationale: A vote FOR the remuneration report is warranted, although it is not without concerns: * Reporting of Scope 3 emissions relating to the Company's most relevant category (Scope 15: Investments) is underdeveloped. The main reasons for support are: * The Company has noted that a key area for development from 2023 is the inclusion of Scope 3 emissions of its investments (i.e. indirect Scope 3 emissions, in addition to Scope 1 and 2, of its Scope 3 category 15 investments). * In 2022, the Company has expanded the scope of metrics to include additional policyholder data. * The Company's continuation to put forward its climate-related disclosures for an advisory shareholder vote on an annual basis is in line with the Say on Climate campaign call for annual votes. This ensures that shareholders are provided a recurring say on what is a rapidly developing area. * The Company is committed to net zero by 2040, covering all aspects of their business. This means that Aviva's target exceeds its commitments under the UN Net Zero Asset Owner Alliance to transition investment portfolios to net zero by 2050. * The disclosures outlined by the Company include clear targets for various climate and environmental measures while the governance structure for addressing and dealing with the climate-related topics appears to be fairly transparent, and climate is considered across the Company's pay structure. * Aviva has joined several initiatives that are working toward transparent reporting standards and sets out its approach to climate engagement and its key requests.

Voting Policy Rationale: A vote FOR this item is warranted, although not without concerns: * The maximum LTIP opportunity of the US CEO is increased substantially in respect of the available performance shares component, while retaining the retention-based component; and * For US-based Executive Directors, the grant of restricted shares, which are only subject to continued employment, has been retained. The main reasons for support are: * The Company has clearly explained its rationale for the remuneration arrangements.					
3	Approve Remuneration Report	Mgmt	For	For	For
Voting Policy Rationale: A vote FOR this item is considered warranted, but is not without concerns: * The FD's total remuneration opportunity has been significantly increased due to salary adjustments and a concurrent increase in maximum bonus opportunity for FY2023. The main reasons for support are: * The Company's explanation is acknowledged, with the salary increase being implemented in phases and recognising the FD's additional scope of responsibilities, salary upon appointment and growth in the role. The Company's increased size in recent years is also recognised.

3	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	For	For
	<i>Voting Policy Rationale: A vote FOR the proposal is warranted, with caution. While pay and performance are reasonably aligned for the year in review, certain structural concerns in the pay program are noted, including the degree of discretion under the STI program and the significant upside potential on the CEO's triennial equity award. However, the FY22 grant target value is reasonable, forward-looking performance equity grant targets are clearly disclosed, and from this detailed disclosure it appears that each target requires significant outperformance in order to be achieved. There is a similar case in the annual bonus program, as performance targets were set above the prior year's actual performance, requiring year-over-year growth to achieve target payout. Though pay and performance were reasonably aligned, continued monitoring of these structural issues is warranted.</i>

4	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	For	For
	<i>Voting Policy Rationale: There are concerns raised by the lack of certain key features and disclosures with respect to the STI program, as well as by the degree of discretion involved in STI payout determinations. Some investors may prefer a more objective annual incentive structure, including reference to preset metric weightings and quantified target goals. While these issues warrant continued close monitoring, there are mitigating factors for the year in review. Specifically, the discretionary pay determinations have not resulted in a quantitative pay-for-performance misalignment. Further, the CEO's long-term equity incentives are predominantly performance-conditioned with clearly disclosed multi-year goals that target above-median performance. On balance of these factors, a cautionary vote FOR this proposal is warranted. A quantitative pay-for-performance misalignment going forward may be met with increased scrutiny of pay program structure.</i>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	Against	Against
Voting Policy Rationale: A vote AGAINST this proposal is warranted. Following a failed say-on-pay vote last year, the compensation committee demonstrated only a limited degree of responsiveness to shareholder concerns. In addition, an unmitigated pay-for-performance misalignment persisted in FY22. The CEO's total pay remained elevated largely due to a significant base salary increase, which is significantly higher than the median salary of peer CEOs. This base salary had the effect of also increasing his annual and long-term incentives that are targeted to a percentage of base salary. Further, although annual and long-term incentives are significantly performance-based, concern remains that the relative TSR metric under the long-term incentive program targets merely median performance and the proxy does not disclose a vesting cap if absolute TSR is negative. A vote AGAINST this proposal is also warranted as the company has not disclosed any short- and long-term E&S performance incentives, and the company maintains an auto-accelerated equity vesting change-in-control provision.					
4	Advisory Vote on Say on Pay Frequency	Mgmt	One Year	One Year	One Year
Voting Policy Rationale: A vote for the adoption of an ANNUAL say-on-pay frequency is warranted. Annual say-on-pay votes are considered a best practice as they give shareholders a regular opportunity to opine on executive pay.

	<i>Voting Policy Rationale: A vote FOR this resolution is warranted, though it is not without concerns: * It would allow for virtual-only shareholder meetings on a permanent basis and the company does not elaborate on the circumstances under which virtual-only meetings would be held. The main reasons for support are: * The company is holding an in-person AGM this year and states that it does not intend to hold virtual-only meetings, but is rather seeking the necessary legal basis in its articles. * If virtual-only meetings would be held, shareholders' participation rights would be protected (in line with Swiss law). * The additional amendments are non-contentious.</i>

8	Approve Climate Report	Mgmt	For	For	For
<i>Voting Policy Rationale: A vote FOR the company's climate transition plan is warranted although it raises some concerns: * The company does not provide any specific reduction target in absolute terms for its scope 1 and 2. * There are no particular targets for scope 3 category 15 accounting for 17% of the total GHG emissions and 47% of scope 3. The long-term absolute target for scope 3 (90% reduction against a 2020 baseline) covers categories 1, 3, 4, 6, 7, and 9 of Holcim's Scope 3 emissions and excludes the investments category. The main reasons for support are: * The company's upgraded carbon trajectory, including its 2030 targets, was validated by the SBTi as aligned with a 1.5°C scenario (Scopes 1, 2 and partially 3 since some categories are in alignment with a "well-below 2°C).</i>

1	Accept Financial Statements and Statutory Reports	Mgmt	For	For	For
Voting Policy Rationale: A vote FOR the Company's routine submission of the directors' report and financial statements is warranted as no significant concerns have been identified.					
2	Approve Remuneration Report	Mgmt	For	For	For
Voting Policy Rationale: A vote FOR this item is considered warranted, but is not without concern for shareholders: * A benchmark-led salary increase and a concurrent increase in maximum bonus opportunity in FY2023, following an increase in maximum LTI opportunity in FY2022, significantly increases total pay package. * Bonuses paid out at maximum during the year under review. As the second consecutive year of maximum bonus outcomes, questions may be raised as to whether the targets remain sufficiently stretching. The main reasons for support are: * Increases in variable pay opportunity remain in line with the remuneration policy; and * Pay is overall considered aligned with Company performance and the shareholder experience for the year under review.

Voting Policy Rationale: Votes FOR the proposed article amendments are warranted because they are overall non-contentious in nature and largely reflect amendments in line with new Swiss statutory requirements. However, the amendments proposed under Item 8.5 are not without concerns: * They would allow for virtual-only shareholder meetings on a permanent basis and the company does not elaborate on the circumstances under which virtual-only meetings would be held. * The company has bundled a set of amendments that could have been submitted for shareholder approval under separate resolutions, presenting shareholders with an all-or-nothing choice. The main reasons for support are: * The company is holding an in-person AGM this year, and clarifies that it does not intend to hold virtual-only meetings going forward. * If virtual-only meetings would be held, shareholders' participation rights would be protected (in line with Swiss law). * The additional amendments would have a positive impact on shareholder rights.

2	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	Against	Against
	Voting Policy Rationale: A vote AGAINST this proposal is warranted. Although annual and long-term incentives are substantially performance-based, significant concerns remain with the overall complexity of the long-term incentive programs, the skyrocketing value of outperformance awards for the CEO and other NEOs, and the rigor of LTI and POP goals. In addition to resulting in a large jump in total performance year pay in FY22, the multiple long-term incentive vehicles and issues surrounding grant timing make it difficult for investors to determine and accurately compare pay year-over-year. Further, investors may not consider relative LTI and POP goals set at one percentage point above the index to be particularly rigorous. Given these concerns, the quantitative pay-for-performance misalignment for the year under review is not mitigated.				
3	Advisory Vote on Say on Pay Frequency	Mgmt	One Year	One Year	One Year
	Voting Policy Rationale: A vote for the adoption of an ANNUAL say-on-pay frequency is warranted. Annual say-on-pay votes are considered a best practice as they give shareholders a regular opportunity to opine on executive pay.

2	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	Against	Against
<i>Voting Policy Rationale: A vote AGAINST this proposal is warranted. A pay-for-performance misalignment exists for the year under review and mitigating factors could not be identified. The sharp increase in CEO pay was driven by a sizable, off-cycle discretionary cash bonus that lacks any performance- or time-vesting criteria. The structure of this sizable cash award is contrary to a pay-for-performance philosophy and the proxy lacks clear disclosure of the committee's rationale for the structure and magnitude of the award. Additionally, although the STI pool funding is tied to pre-set targets and a majority of LTIs are tied to performance goals, the proxy lacks disclosure of how performance translates into bonus pool funding levels, actual STI payouts are ultimately discretionary, and the proxy does not disclose forward-looking LTI goals. Furthermore, the company has not disclosed any short-term and long-term E&S performance incentives.</i>

3	Authorize Share Repurchase Program and Reissuance of Repurchased Shares	Mgmt	For	For	For
Voting Policy Rationale: This item warrants a vote FOR because: * The repurchase limit of up to 10 percent of issued share capital is respected. * The holding limit of up to 10 percent of share capital in treasury is respected. This is not without highlighting that the company does not mention the maximum amount of shares that can be repurchased under this authorization. Rather, the company discloses a holding limit (4.5 percent of the current share capital) and a maximum expenditure limit (EUR 500 million). It would be preferable for the company to accompany the maximum expenditure limit with a limit expressed in number of shares subject to repurchase.

3	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	For	For
Voting Policy Rationale: A vote FOR the proposal is warranted. In response to last year's low say-on-pay vote, the committee engaged with shareholders and disclosed the feedback received. In response, the company made positive changes to the FY23 pay program by increasing the proportion of FY23 PSUs in the LTI to 55 percent and providing additional disclosures in both the STI and LTI. In addition, the committee made certain assurances in a supplemental filing surrounding one-time awards and the structure of its incentive programs going forward. Accordingly, the compensation committee has demonstrated adequate responsiveness to last year's low say-on-pay vote result. While the committee did elect to reduce the proportion of annual equity awards that were performance-conditioned in FY22, the company provides a clear rationale for removing certain performance metrics, and as mentioned above, FY23 grants will be majority performance conditioned. In addition, while some concerns are raised surrounding forward-looking goals not being disclosed, the company improved its disclosure by providing closing cycle goals and actual performance, which is considered an improvement in the company's disclosure. Finally, the company provides additional details surrounding strategic goals in the annual incentive, and the majority of the program is based on clearly disclosed objective measures.

The main reasons for support are: * Such authorities are common proposals at UK banks and are intended to apply in extreme circumstances only; and * The conversion into ordinary shares would require the CET1 ratio to fall to a level which would denote significant capital weakness well beyond the Company's current position and minimum regulatory requirements.

<p><i>Voting Policy Rationale: WITHHOLD votes are warranted for incumbent nominating committee members Stephen (Steve) Burke, Kenneth (Ken) Chenault and Charlotte Guyman for lack of diversity on the board. WITHHOLD votes are warranted for all nominees given the concerns raised regarding the company's management and oversight of climate-related risks. Furthermore, the company is not aligned with investor expectations on Net Zero by 2050 targets and commitments. WITHHOLD votes are further warranted for Governance Committee members Stephen (Steve) Burke, Kenneth (Ken) Chenault, and Charlotte Guyman due to the company maintaining a multi-class share structure with disparate voting rights, which is not subject to reasonable time-based sunset. WITHHOLD votes are additionally warranted for Compensation Committee members Stephen (Steve) Burke, Kenneth (Ken) Chenault, and Charlotte Guyman, due to persistent concerns regarding executive pay practices and disclosures. Significant risks to shareholders stemming from moderate to severe ESG controversies have been identified at the company, which reflects a failure by the board to proficiently guard against, manage and mitigate material environmental, social and governance risks. In addition, the company does not have any public reports or information on its website about its sustainability strategy or communications regarding its environmental and social performance. * WITHHOLD votes are warranted for CEO and Chairman Warren Buffett, given that the CEO and chair of the board ultimately shoulders the most responsibility amongst all board members for failing to effectively supervise the management of risks to the company and its shareholders, and should therefore be held the most accountable for poor board oversight of ESG risk exposures at the firm.</i></p>

4	Voting Policy Rationale: A vote AGAINST this proposal is warranted given that the company recently modified the CEO's employment agreement without removing the entitlement to a problematic modified single-trigger cash severance. The company also has not disclosed any short- and long-term E&S performance incentives. In addition, an unmitigated pay-for-performance misalignment exists for the year in review. The CEO continues to receive a large base salary as well as annual bonus opportunity. The strategic goal portion of the annual bonus is poorly disclosed, along with actual performance. This is compounded in the LTI program, as certain overlapping metrics are used in both programs, including a relatively short performance period. Disclosure of strategic metrics remains relatively poor in the LTI program, which makes up the majority of the program. Though some positive changes were made in response to shareholder feedback, some changes appear to be merely incremental improvements, which will be further analyzed in next year's report.

2	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	For	For
	Voting Policy Rationale: There are some concerns with the LTI program. Operational PSUs under the core plan utilize annual measurement periods and there is a second vesting route which provides for exceedingly high vesting opportunities. Additionally, the relative TSR metric targets median and forward-looking operational PSU goals are not disclosed. However, pay and performance are reasonably aligned for the year in review. Additionally, STI awards are predominantly based on pre-set goals, and the large majority of LTI awards are performance-conditioned. Further PSUs include a vesting cap if absolute TSR is negative. On balance, a vote FOR this proposal is warranted, with caution. Continued close monitoring of the LTI program structure, disclosure, and payouts is warranted.				
3	Advisory Vote on Say on Pay Frequency	Mgmt	One Year	One Year	One Year
	Voting Policy Rationale: A vote for the adoption of an ANNUAL say-on-pay frequency is warranted. Annual say-on-pay votes are considered a best practice as they give shareholders a regular opportunity to opine on executive pay.

<i>Voting Policy Rationale: A vote FOR is warranted in the absence of particular concerns regarding the dividend proposal.</i>					
2.	Approve Remuneration Report	Mgmt	For	For	For
<i>Voting Policy Rationale: A vote FOR is warranted because * The remuneration report is in line with market practice, regarding actual content and disclosure; * The board has demonstrated responsiveness to last year's 80 percent dissent on the remuneration report vote by no longer adjusting variable pay outcomes and increasing transparency on individual performance metrics; * Although concerns are raised with the termination agreement and payments to former CEO Frans van Houten, this appears the execution of the 2019 services agreement. Although this is leading to payout of incentives at-target and may be considered inappropriate given the company's performance and situation, this appears mainly due to unwillingness on the side of the former CEO (and is further addressed under Item 3a, discharge of the management board).</i>					
2.e	Approve Discharge of Management Board	Mgmt	For	Against	Against
<i>Voting Policy Rationale: A qualified vote AGAINST the discharge of Frans van Houten, and as a consequence the entire management board as the vote is not unbundled, because: * Former CEO Frans van Houten was dismissed during 2022 and this being the last possible and most adequate venue for holding Van Houten accountable for his 'performance' leading to Philips' current situation; * In 2022, Van Houten was dismissed by the supervisory board in the context of the company being in need of an accelerated CEO change, confirming the view Van Houten did not perform according to expectations; * The former CEO has not been responsive to shareholder sentiment around variable incentives in light of the company's performance and electing not to forego his variable annual incentive, in deviation of the rest of the management board. Moreover, this decision might even be considered not in the best interest of the company and not to fulfill his fiduciary duty as director (or in his current capacity as 'advisor'); * The substantial reputational and financial damage to the company and its shareholders (since announcement the company lost EUR 26 billion in market capitalization (-67%) largely attributed to the recall) as a result of the announced product recall and the FDA has raised concerns with Philips communication to end users of the devices about the recall, and Philips, and Van Houten specifically, being a defendant in his capacity as former CEO in a class action suit by shareholders relating to alleged inadequate disclosures by the company. * However, this is not without qualifying and noting that this recommendation is specifically directed to former CEO Van Houten, and not necessarily the other members of the management board. It is also recognized that no specific member of the company's management board thus far has been found guilty of misconduct or negligence nor are the FDA observations a final determination. Lastly, Philips has undertaken remedial actions and is performing further investigations into its products. A vote FOR the discharge of the supervisory board is warranted because of the absence of any information about significant and compelling controversies that the supervisory board is not fulfilling their fiduciary duties. Moreover, we note that the supervisory board has been responsive to shareholder feedback regarding remuneration and has proven to be sensitive regarding sentiment on variable incentives in light of the company's performance and related uncertainties. Moreover, it appears the supervisory board has undertaken adequate action by pushing for an accelerated CEO change and reset strategic priorities.</i>

5	Approve Virtual-Only or Hybrid Shareholder Meetings	Mgmt	For	For	For
Voting Policy Rationale: A vote FOR this resolution is warranted, though it is not without concern: * It would allow for virtual-only shareholder meetings on a permanent basis and the company does not elaborate on the circumstances under which virtual-only meetings would be held. The main reasons for support are: * The company is holding an in-person AGM this year, flexibility is sought for changed circumstances such as a pandemic, and shareholders' participation rights would be protected (in line with Swiss law).					
6	Approve Remuneration Report	Mgmt	For	Against	Against
Voting Policy Rationale: A vote AGAINST the remuneration report is warranted because: * Short-term incentive awards are not subject to a maximum cap. * There are insufficient ex-post disclosures to explain the evolution of variable payouts versus company performance. * Under the long-term incentive, executives are granted matching share awards that are not subject to any performance conditions.

7.2	Approve Remuneration of Executive Committee in the Amount of CHF 30 Million	Mgmt	For	Against	Against
Voting Policy Rationale: Item 7.2 A vote AGAINST this proposal is warranted because: * The proposal represents a further potential increase in remuneration, and the company has not provided an explanation for the proposed increase. * The company does not provide sufficient transparency regarding the parameters of its variable compensation, meaning that it is not possible to gauge the appropriateness of the amount. Item 7.3 A vote AGAINST this proposal is warranted because: * The board has not provided a compelling justification for this additional compensation for executives.

8	Transact Other Business (Voting)	Mgmt	For	Against	Against

Therefore, it is in shareholders' best interest to vote against this item on a precautionary basis.

3	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	For	For
Voting Policy Rationale: A vote FOR the proposal is warranted as pay and performance are reasonably aligned. The company's STI and LTI programs are both entirely based on preset objective metrics although a concern is noted about the rigor of the metric used for a portion of the long-term incentives.

2	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	Against	Against
Voting Policy Rationale: A vote AGAINST this proposal is warranted. There are significant concerns surrounding the magnitude and structure of a large off-cycle award granted to the CEO in connection with entering into a five-year employment agreement. On the positive side, the award has a relatively long five-year cliff vesting period. However, the award, which was granted amid back-to-back increases in target LTI opportunities, lacks performance-vesting criteria. With respect to regular incentive awards, some concern is raised by the STI program structure, as awards may be substantially increased by discretionary assessments of individual performance and have been for the CEO's awards for consecutive years. Lastly, the relative TSR metric in the LTI program, although not heavily weighted, provides for target vesting for below median performance against a relatively small peer group.

2	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	For	For
Voting Policy Rationale: Pay and performance are reasonably aligned and no significant concerns were identified for the year in review. Incentive pay programs are largely performance-based and changes for next year will improve the programs. Further, following last year's failed say-on-pay vote, the board conducted significant shareholder outreach and discloses shareholders' specific concerns. Moreover, the board has made numerous positive changes to pay programs and disclosures to address those concerns. As such, the committee has demonstrated sufficient responsiveness. Accordingly, a vote FOR this proposal is warranted.					
3	Advisory Vote on Say on Pay Frequency	Mgmt	One Year	One Year	One Year
Voting Policy Rationale: A vote for the adoption of an ANNUAL say-on-pay frequency is warranted. Annual say-on-pay votes are considered a best practice as they give shareholders a regular opportunity to opine on executive pay.

5	Submit Severance Agreement (Change-in-Control) to Shareholder Vote	SH	Against	Against	Against
Voting Policy Rationale: A vote AGAINST this proposal is warranted. The company maintains a policy which limits cash severance to a reasonable basis absent shareholder approval, and no significant concerns are identified with respect to the company's broad-based equity award treatment.					
6	Report on Maternal Morbidity Reduction Metrics in Executive Compensation	SH	Against	For	For
Voting Policy Rationale: A vote FOR this proposal is warranted because this request is not considered burdensome and incorporating maternal morbidity metrics as a broader component of senior executive pay setting decision-making would serve to incentivize executives to ensure company performance.

Voting Policy Rationale: A vote FOR this proposal is warranted. Following last year's low say-on-pay vote, the company contacted a substantial portion of its shareholders, disclosed details of those engagement efforts, and made several meaningful changes to the compensation program to address concerns. In addition, annual incentives were primarily determined by pre-set objective metrics, with clear disclosure of targets, per-metric weights, and actual results. Further, the committee did not apply discretionary adjustments, which was a noted shareholder concern, aligning payouts with quantifiable metrics. Moreover, half of long-term incentives were performance conditioned and measured over a multi-year period, and the percentage of PSUs will be increased in FY23.

	Accept Financial Statements and Statutory Reports	Mgmt	For	For	For
	Voting Policy Rationale: These items warrant a vote FOR because the company's financial statements and the proposed income allocation do not raise major concerns. This is not without highlighting that the proposed dividend payout ratio exceeds 100 percent for the fourth year in a row.				
2	Approve Allocation of Income	Mgmt	For	For	For
	Voting Policy Rationale: These items warrant a vote FOR because the company's financial statements and the proposed income allocation do not raise major concerns. This is not without highlighting that the proposed dividend payout ratio exceeds 100 percent for the fourth year in a row.				
3	Authorize Share Repurchase Program and Reissuance of Repurchased Shares	Mgmt	For	For	For
	Voting Policy Rationale: This item warrants a vote FOR because: * The repurchase limit of up to 10 percent of issued share capital is respected. * The holding limit of up to 10 percent of share capital in treasury is respected. This is not without highlighting that the company does not mention the maximum amount of shares that can be repurchased under this authorization. Rather, the company discloses a holding limit (500 million shares) and a maximum expenditure limit (EUR 2 billion). It would be preferable for the company to accompany the maximum expenditure limit with a limit expressed in number of shares subject to repurchase.

6.1	Appoint Directors (Slate Election) - Choose One of the Following Slates	Mgmt			
	Slate 1 Submitted by Ministry of Economy and Finance	SH	None	Against	Against
	Voting Policy Rationale: Vote AGAINST this slate because: * Shareholders can support only one slate. * The Ministry of Economy slate has notable candidates for the chairman and CEO positions, and the Ministry of Economy itself would have enough votes to support their election unless Covalis slate is the most voted one and the vote for the second list is very disputed. It is notable, however, the lack of relevant skills and experience of the other four candidates considering Enel is a EUR 60 billion market cap company; these candidates mostly lack public board, c-suite, or industry experience. * Slate 2 is well rounded with individuals that can ensure proper oversight and have been selected following strict procedures. In addition, candidates on Slate 2 have agreed to adhere to the chart of corporate governance principles adopted by Assogestioni.

6.3	Slate 3 Submitted by Covalis Capital LLP and Covalis (Gibraltar) Ltd.	SH	None	Against	Against
<p><i>Voting Policy Rationale: Vote AGAINST this slate because: * Shareholders can support only one slate. * Covalis' majority slate is mostly missing relevant public board experience for a company the size of Enel (only one candidate with relevant experience though from a decade or two ago, and another with experience at small cap/microcap companies). The most notable candidate in the list would be Marco Mazzucchelli, former senior corporate and investment banker whose skills in deals and capital markets would address some of the company's key issues like debt and divestments. While nominating a majority slate, the shareholder is not proposing a CEO candidate. We note this slate is the only one with international candidates, a factor to consider given the company's international operations. * Slate 2 is well rounded with individuals that can ensure proper oversight and have been selected following strict procedures. In addition, candidates on Slate 2 have agreed to adhere to the chart of corporate governance principles adopted by Assogestioni.</i></p>

10.1	Approve Remuneration Policy	Mgmt	For	For	For
<p><i>Voting Policy Rationale: A vote FOR this item is warranted because the proposed remuneration policy is well described and does not contravene acceptable executive remuneration practice. This is not without highlighting that the changes to the non-compete clauses for the CEO raise some concerns as the resulting termination payments would be fully uncorrelated with performance, with higher risk of paying indemnities exceeding 24 months of actual short-term pay.</i></p>					
10.2	Approve Second Section of the Remuneration Report	Mgmt	For	For	For

	Slate Submitted by Ministry of Economy and Finance	SH	None	Against	Against
	Voting Policy Rationale: Significant risks to shareholders stemming from severe ESG controversies have been identified at the company, which reflects a failure by the board to proficiently guard against and manage material environmental, social and governance risks. Votes AGAINST this item are warranted for the following reasons: * Support for the election of CEO Claudio Descalzi is not warranted. Given that board chair, Emma Marcegaglia, who shoulders the greatest responsibility amongst the board members for failing to effectively supervise the management of risks to the company and its shareholders is not up for election at this year's annual meeting, CEO Claudio Descalzi should be held accountable for poor board and management oversight of ESG risk exposures at the firm; and * The election of directors is bundled in a single item.				
5.2	Slate Submitted by Institutional Investors (Assogestioni)	SH	None	For	For

1a	Elect Director Gregory J. Hayes	Mgmt	For	For	For
Voting Policy Rationale: A vote AGAINST incumbent nominating committee members Glenn Tilton and Marna Whittington is warranted for lack of diversity on the board. Votes AGAINST all incumbent nominees are warranted given the concerns raised regarding the company's management and oversight of climate related risks. Additionally, the company is not aligned with investor expectations on Net Zero by 2050 targets and commitments. Significant risks to shareholders stemming from severe ESG controversies have been identified at the company, which reflects a failure by the board to proficiently guard against and manage material environmental, social and governance risks. Votes AGAINST Glenn Tilton, Charles Holley Jr., Denise Singleton and Marna Whittington are warranted for the following reasons: * Given that board chair, Greg Garland, who shoulders the greatest responsibility amongst the board members for failing to effectively supervise the management of risks to the company and its shareholders is not up for election at this year's annual meeting, all board members, with the exception of new nominees Gregory (Greg) Hayes, should be held accountable for poor board and management oversight of ESG risk exposures at the firm. A vote FOR new nominee Gregory (Greg) Hayes is warranted at this time.

3	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	For	For
Voting Policy Rationale: A vote FOR this proposal is warranted, with caution. The newly promoted CEO's base salary and target bonus opportunity were set lower than those elements for the former CEO, and his total target LTI awards (including a supplemental promotional award) were slightly lower than the former CEO's FY22 LTI awards that were granted prior to the transition. Further, concerns regarding having two highly paid executives are somewhat mitigated by the retirement date that was communicated for the executive chairman. In addition, though certain goal target disclosure concerns exist, annual and long-term incentives are sufficiently tied to performance. Continued monitoring of the pay program is warranted to ensure that the new CEO's compensation remains at a reasonable level and strongly tied to performance.

<i>Voting Policy Rationale: A vote FOR this item is warranted, although not without concern: * The Company is proposing to increase the maximum bonus opportunity from 150% to 200% of base salary. Potential concerns have also been noted under the level of payout for the achievement of target performance, which continues to be set at a premium to best UK market practice. The main reasons for support are: * The Company has confirmed the increase pertains to an increase in 'headroom' only at this time. Any use of the revised maximum opportunities will be put to shareholder consultation in advance. * No other overriding concerns have been identified.</i>

<i>Voting Policy Rationale: A vote FOR this item is warranted, although it is not without concern: * The CEO has received a significant base salary increase of 19% of base salary. Further, the resulting salary level does not raise any significant concerns, as it remains below the median for FTSE 31-100 engineering group, which is reflective of the Company's policy on salaries which "envisages maintaining [salary] at least a lower quartile level". Overall, the Company have presented a clear and compelling case for this salary increase.</i>

4.3	Approve Variable Remuneration of Executive Directors in the Amount of CHF 7 Million	Mgmt	For	Against	Do Not Vote
	Voting Policy Rationale: Fixed compensation (Items 4.1.2 and 4.2) Votes FOR these items are warranted because the proposals appear to be broadly in line with market practice and do not raise significant concerns. Variable compensation (Items 4.3 and 4.4) Votes AGAINST these items are warranted because: * There are a range of concerns regarding the company's variable remuneration practices. * The compensation report provides insufficient ex-post transparency to explain variable outcomes. * Because the company has not provided shareholders with a separate vote on the remuneration report, these are the most appropriate items for expressing a view on the company's variable remuneration practices.

Votes AGAINST the non-independent audit committee members: Ernst Tanner, Daniela Aeschlimann, Claude Nicollier, and Jean-Pierre Roth are further warranted due to the failure to establish a majority-independent committee. Votes AGAINST the executive audit committee members Nayla Hayek (committee chair) and Nick Hayek are warranted because their membership is a breach of market best practice. A vote AGAINST Nayla Hayek as board chair (Item 5.7) is warranted because her election to the board does not warrant support. 8	Approve Virtual-Only Shareholder Meetings Until 2028	Mgmt	For	For	For
Voting Policy Rationale: A vote FOR the proposed article amendment is warranted because: * The company is holding an in-person AGM this year, alternative meeting formats are not precluded, and shareholders' participation rights would be protected (in line with German law). However, this proposal is not without concern: * The company does not elaborate on the circumstances under which virtual-only meetings would be held; rather, decisions will be made on a case-by-case basis. * Some shareholders may be concerned regarding the length of the authorization.

11	Approve Remuneration Report	Mgmt	For	Against	Against
Voting Policy Rationale: A vote AGAINST the remuneration report is warranted because: * There are concerns related to termination-related payments promised to former CEO Herbert Diess. * Pension contributions for executives remain high compared to market practice. * Targets set under granted as well as vested LTI awards may not appear sufficiently challenging to some shareholders.					
12	Approve Remuneration Policy for the Management Board	Mgmt	For	For	For

However, it is not without concern: * Target achievement levels under the STI may be adjusted by up to +43 percent, which is considered excessive compared to market practice. Nevertheless, concerns are somewhat mitigated due to the company's transparent disclosure on the factors for which the adjustments can be made (see ESG Factor).

4	Approve Remuneration Policy of Chairman and CEO	Mgmt	For	For	For
	<i>Voting Policy Rationale: A vote FOR this remuneration policy is warranted, although the following concerns are raised: * The board proposes a 5-percent increase in the chair/CEO's salary due to a significant inflation, following the 18.8-percent increase approved by the 2022 AGM. * As last year, the relative TSR- and the EBITDA-related criteria under the 2023 LTI plan could allow vesting below guidance/median. As for the CSR condition, it could still allow 100% payout if two out of the three underlying criteria are met. * The LTI structure would still allow the compensation between the three performance criteria. The main reasons for support are: * The group decided and implemented salary increases for all its employees in line with the inflation levels in the regions where it operates. * The proposed increase in the base salary remains below the levels of inflation noticed. * The company decided to toughen the underlying target of the EBITDA-related criterion of the LTI plan, in accordance with its Beyond strategic plan. * Under the relative TSR based condition, the company decided to reduce the potential vesting below median from 50% to 25% of underlying payout. This can be considered as an improvement.</i>

	<i>Voting Policy Rationale: A vote FOR this remuneration report is warranted, although the following concerns are raised: * As last year, under the 2022 LTI grant, both the EBITDA and the relative TSR-related criteria would allow vesting for performances below guidance/median. The underlying payout could amount 50% of the total LTI grant, without achieving the targets set. The vesting of the 2020 LTIP materializes a substantial payout for a TSR below median peers. The main reason for support is: * The absence of any other significant concern.</i>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	For	For
	<i>Voting Policy Rationale: A vote FOR the proposal is warranted. Following last year's failed say-on-pay vote result, the compensation committee demonstrated adequate responsiveness to shareholders' concerns, by disclosing engagement efforts, transparent shareholder concerns, and making positive pay program changes in response to these concerns. Additionally, the annual bonus was largely based on pre-set and clearly disclosed performance criteria, with a below-target payout which largely aligns with recent company performance. In addition, the CEO's annual LTI grant is predominately performance-conditioned, and a prior LTI award did not vest when goals were unmet. While a concern is noted regarding the short performance period of weighted metrics in the LTI program, the grant utilizes two multi-year performance modifiers, and the company is committed to using multi-year performance periods in a future grant. The positive pay program changes in response to shareholder concerns mitigate pay-for-performance concerns for the year in review.</i>

30	Approve Company's Climate Transition Plan (Advisory)	Mgmt	For	For	For
Voting Policy Rationale: A vote FOR the company's climate transition plan is warranted although it raises some concerns: * The company does not provide reduction emission targets in absolute terms but only in carbon intensity. * The trajectory of Scope 3 emissions is understandable only after reviewing the company's disclosure related to scope 3 emissions presented in the previous URDs and non-financial data reports. * The company provides limited disclosure on CapEx relative to the climate risk management. The main reasons for support are: * The company has committed to a neutral carbon portfolio by 2030. * The carbon trajectory to reduce Scopes 1 and 2 emissions, and Scope 3 for downstream leased assets was validated by the SBTi as aligned with a 1.5°C scenario. * The management board intends to bring this consultation back to shareholders at mid-term in its plan, i.e., at the 2027 plan.

3	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	Against	Against
<i>Voting Policy Rationale: Following low say-on-pay support last year, the board did not make any meaningful changes to address shareholders' expressed concerns. Moreover, there are persistent pay structure concerns that underscore a pay-for-performance misalignment. The CEO's base salary and target STI opportunity are outsized, and recent changes to the STI program reduce the importance of objective financial metrics. The regular LTI awards are based on the same short-term goals as the STI program, and the CEO's equity grant value was relatively large. There are also ongoing concerns regarding pay benchmarking practices, perquisites, and gross-ups. Several of the above concerns persist despite recent negative shareholder feedback on those issues. In light of these issues, a vote AGAINST this proposal is warranted. Shareholders are further advised to "withhold" votes from incumbent board members (see Item 1).</i>

Annual incentives appear to incorporate significant committee discretion, with no disclosure of the specific performance targets, weights, nor actual performance used to determine bonus payouts. The long-term incentive program has similar disclosure issues, with no disclosure of forward-looking performance targets for either financial metric. Further, closing cycle awards only provide the performance target and actual performance, but not threshold and maximum. These disclosure issues are particularly concerning for the year in review given above-target earnouts, the identified pay-for-performance misalignment, high CEO pay relative to company performance compared to the company's peers, and high CEO pay in relation to company peer group CEO median pay levels.</i>

<i>Voting Policy Rationale: A vote FOR the proposed article amendment is warranted because: * The authorization is limited to a period of two years and alternative meeting formats are not precluded, while shareholders' participation rights would be protected (in line with German law). However, this proposal is not without concern: * The company does not elaborate on the circumstances under which virtual-only meetings would be held; rather, decisions will be made on a case-by-case basis.</i>

<i>Voting Policy Rationale: A vote FOR this resolution is warranted because the company's remuneration practices are broadly in line with best practice standards in Germany, and pay and performance appear reasonably aligned at this time. However, it is not without concerns: * Recognized pension contributions to the COO remain high compared to his base salary and market practice. However, support is considered warranted overall because his total pay package is not considered excessive. * During the year under review, executives received significant increases in base salaries without explanation.</i>

9	Approve Compensation Report of Corporate Officers	Mgmt	For	For	For
	<i>Voting Policy Rationale: A vote FOR this compensation report is warranted, although the following concern is raised: * The 2022 remuneration policy received a significant dissent at the 2022 AGM. The company mentioned that they had engaged a dialogue with its shareholders. They did not provide any positive change to the remuneration policy, though, considering the CEO's eligibility to the co-investment plan was essential to the group and a positive signal sent to employees and shareholders. It remains then unclear to ensure that the board's answer would meet shareholders' expectations. The main reason for support is the absence of any other significant concern.</i>

2	Approve Remuneration Report	Mgmt	For	For	For
	<i>Voting Policy Rationale: A vote FOR this resolution is considered warranted but not without concerns because: * CEO Tufan Erginbilgic's base salary is set at GBP 1,250,000, which represents a 29% premium over his predecessor's and is competitively positioned relative to peers in the FTSE 100 index. In addition, he was granted an LTIP award for remuneration forfeited from previous employment to the value of GBP 7.5 million, representing c. 600% of his base salary. The main reasons for support are: * The Company's rationale is acknowledged. CEO Tufan Erginbilgic's remuneration package can be considered reflective of the especially challenging nature of his role. This is considered one of the most demanding CEO jobs, in light of Rolls-Royce's deep-seated issues. * When considering the pitching of the salary against the previous CEO, it is noted that former CEO Warren East received only one salary increase in the last five years of his tenure. * 30% of the new CEO's base salary will be paid in shares and will be deferred for two years. His recruitment award is also granted in the form of shares which will vest after four and five years. These provide for greater alignment with shareholder interests. * The long-term award to replace awards sacrificed, while large, is in substitution for those foregone. The CEO's previous position was at a private equity firm, where remuneration models are entirely different, but typically, much higher.</i>

	<i>Voting Policy Rationale: A vote FOR the remuneration report is warranted because the company's remuneration practices and disclosures are in line with, and exceed in many respects, market practice and appear to provide a good pay-for-performance alignment. 	<i>Voting Policy Rationale: A vote FOR this resolution is warranted because the proposed remuneration policy is broadly in line with market practice and brings the policy more in line with SRD II. However, it is not without some concerns because: * The supervisory board may apply discretionary modifiers of +/- 20 percent to the STI and +/- 10 percent to the LTI. While such a performance modifier under the STI is common market practice in Germany, the inclusion of a modifier under both variable components is not. * Under the relative TSR metric in the LTI, partial vesting would be possible for below peer median performance levels.</i>

<i>Voting Policy Rationale: A vote FOR this income allocation proposal is warranted, despite the absence of a dividend, because of the impact of the Covid-19 pandemic on the group's 2020 and 2021 results as well as the group's commitment to deleverage. In addition, the tax regime it benefits from enables the group to delay the distribution obligation until it has sufficient statutory results to meet this obligation.</i>

<i>Voting Policy Rationale: A vote FOR this item is warranted although it raises some concerns as the 2020 remuneration policy did not provide the allowance of such a termination package for the executive. 5	Approve Compensation of Jean-Marie Tritant, Chairman of the Management Board	Mgmt	For	For	For
<i>Voting Policy Rationale: Votes FOR these remuneration reports are warranted, although the following concerns are raised: * Under the 2022 LTI grant, the GHG emission reduction criterion cannot be considered as challenging enough as the 2022 emissions level already exceeds the stretch target for end of FY2024. * The stringency of the target relative to the gender parity-based condition under the 2022 LTI grant remains unclear as the scope of employees considered is different in 2022 compared to the 2021 URD's definition. * The vesting of the 2018 stock option plan is not determined as it allows for the retesting of one performance condition. This practice (ended for new plans since 2020) falls short market standards as it contravenes with the pay-for-performance principle. The main reasons for support are: * Under the 2022 LTI grant, both the CSR criteria weigh 20 percent of the total payout each, which limits the risk to reward failure. * The 2018 stock option plan did not allow vesting this year. * The absence of any other significant concern.</i>

6	Approve Compensation of Olivier Bossard, Management Board Member	Mgmt	For	For	For
<p><i>Voting Policy Rationale: Votes FOR these remuneration reports are warranted, although the following concerns are raised: * Under the 2022 LTI grant, the GHG emission reduction criterion cannot be considered as challenging enough as the 2022 emissions level already exceeds the stretch target for end of FY2024. * The stringency of the target relative to the gender parity-based condition under the 2022 LTI grant remains unclear as the scope of employees considered is different in 2022 compared to the 2021 URD's definition. * The vesting of the 2018 stock option plan is not determined as it allows for the retesting of one performance condition. This practice (ended for new plans since 2020) falls short market standards as it contravenes with the pay-for-performance principle. The main reasons for support are: * Under the 2022 LTI grant, both the CSR criteria weigh 20 percent of the total payout each, which limits the risk to reward failure. * The 2018 stock option plan did not allow vesting this year. * The absence of any other significant concern.</i></p>

3	Approve Remuneration Report	Mgmt	For	Against	Against
Voting Policy Rationale: A vote AGAINST is warranted because the proposed remuneration is below par in relation to market standards, particularly with regard to CEO STI award that, due to pre-IPO legacy arrangements, is purely based on the level of EBITA (1 percent pay out). Furthermore, the CEO receives an additional one-off contingent bonus for which it is unclear how the performance assessment was implemented. In addition, the CEO and deputy CEO are granted a significant increased base salary without the company providing any compelling rationale. Overall, the total quantum of CEO pay for 2022 reaches EUR 47.3 million, which is considered to be excessive as it is 12.4x higher than the median of Social Advisory Services selected peers. Finally, a concern is raised because the company provided limited response to last year significant dissent on the remuneration report.

	<i>Voting Policy Rationale: A vote AGAINST incumbent nomination committee member Sherry Lansing is warranted for lack of diversity on the board. A vote AGAINST the election of non-independent nominee and chair of the audit committee Luc Van Os is warranted as the future board composition lacks sufficient independent among its members. Qualified support is warranted for the reappointment of Anna Jones because she is the chair of the remuneration committee and significant concerns are raised with respect to the decision to award USD 100 million one-off awards to the CEO, whereas the award is not accompanied by a compelling rationale and considered to be excessive. However, the agenda enables shareholders to specifically address concerns under Item 7b to approve the 2023 supplement to the remuneration policy. 7.b	Approve Supplement to the Company's Remuneration Policy in Respect of Lucian Grainge	Mgmt	For	Against	Against
	<i>Voting Policy Rationale: A vote AGAINST is warranted because: * The proposed total pay package opportunity at target of USD 35 million and severance pay higher than 2 year base salary is considered to be excessive * The company did not provide any compelling rationale regarding the grant of a one-time transition award of USD 100 million, further increasing the total quantum of pay, which is already considered to be excessive.</i>

<i>Voting Policy Rationale: The strategic rationale appears reasonable, as the combined company will have increased scale and the opportunity to leverage AQUA's water treatment solutions across XYL's platform to help accelerate top-line growth and international expansion. Further, the merger is expected to generate meaningful cost synergies. That being said, the valuation of the deal and the fairness opinion both suggest that the company is paying full price for the target – which would appear consistent with the company's multi-year pursuit of AQUA. 6	Approve Remuneration Report	Mgmt	For	Against	Against
	Voting Policy Rationale: A vote AGAINST is warranted, because: * The LTIP has problematic features: (i) vesting allowed before third anniversary of date of grant for half of the awards, (ii) possibility for the grant of awards without performance conditions, (iii) overlap of the performance metrics with the STIP, (iv) lack of disclosure of the achievement of the performance metrics; * Lack of clarity of the STIP as to the calculation and final determination of the award and as to which director falls under which bonus pool, as well as lack of disclosure under the individual performance metric, which may act as a booster or reducer on the STIP payout; * Special RSUs sign-on bonuses lacking disclosure on the rationale of the quantum of the bonuses, as well as an additional cash bonus granted to the CEO with no further rationale; * Lack of disclosure on the termination agreement and the non-compete agreement with the former CEO; * The AIP-PSU Special Awards plan, as transaction bonuses are not considered good practice and the plan lacks any cap in the payout opportunity; * Overall excessive level of pay.
